INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wool turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens on arrival.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (If going to join relative).—Column 7 is subdivided and the entries therein should be either Yes or No. Yes—can read and write. Yes—No can neither read nor write, or Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and mistakes should be carefully looked by inspectors and registry clerks in this regard. For instance, France appearing on a manifest does not necessarily mean "French" by race or people and similarly, French appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German or Hebrew by race might be partly [illegible] under the heading of United Kingdom or any other country by nationality. In these connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN

Spanish American refers to the people of Central and South America of Spanish descent.

(BLACK)

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, Northern America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

(NORTH).

The people who are native to the valley of the River Po in northern Italy (i. e., comprising the departments of Piedmont, Lombardy, Venetia and Emilia and their descendants, whether residing in Italy, Switzerland, America or elsewhere, or any other country should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

(SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, comprising the departments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia, and their descendants, whether residing in Italy, Switzerland, America or elsewhere, or any other country should be classed as "Italian (south)." Most of these speak a Latin dialect of the Italian language.

Column 10 (Last or previous residence).—The entries in column 10 should show the country, state or province in which the alien had his last permanent residence. It is important for statistical purposes that steamship companies should correctly show country of last permanent residence independent of country of temporary sojourn, nationality or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place city or town of final destination.

Column 12 (Whether having friends and destinations).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show distinctly by whom passage was paid, whether by himself, father, [illegible] or other relative, friends, steamship company, etc.

Column 14 (Whether in possession of $50 and if less, how much).—The entry in column 14 should give in each case the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever in the United States and if so, when and where).—The entries in column 15 should show whether or not Yes or No in the United States before, and if so, the year or period, the city and place, as 1894 at Philadelphia.

Column 16 (Coming to join relative, and if so, what relative or friend and if not, where going).—The entry in column 16 should show whether the alien is going to join either a relative or friend, and if so, what relative or friend, with the complete address.

Column 17 (Ever in prison, etc.).—The answers to the questions in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column — Age. — The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column — Sex. — The entry in column 5 should be either M (male) or F (female).

Column — Married or single. — The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column — Calling or occupation. — The entry in column 7 should describe as narrowly as possible the occupation, trade, or profession of each alien arriving, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel-pen-tip maker, moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of exemptions as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "nonimmigrant" under head of exemptions.

Columns — Can read and write. — Column 8 is subdivided into the entries therein, should be either Yes or No. Yes can read and write, No—No can neither read nor write, or Yes, No—can read but not write.

Column — Nationality. — Column 9 should be construed to mean the country of which [illegible] was a citizen or subject.

Column — Race or people. — The entry in column 10 should show the race or people as [illegible] subject on every side of [illegible] manifest.

Special attention is called to the distinction between race and nationality, the manifest should be carefully revised by inspectors and registry clerks in this regard. For instance, France appears on a manifest does not necessarily mean [illegible] race or people, and similarly, French appearing on a manifest does not necessarily mean [illegible] nationality. An alien who is born, German, or European is [illegible] subject only under the meaning of United Kingdom or any other country [illegible] to-wit: In connection the following distinctions should be specially observed:

The term [illegible] includes [illegible] Negroes.

[illegible]

"West Indian" refers to the people of the West Indies other than [illegible] Negroes.

[illegible]

"South American" includes [illegible] Central and South America [illegible]

[illegible] (BLACK).

"African (black)" refers to the [illegible] Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

[illegible] (NORTH).

The people who are native to [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, [illegible] and Emelia) and their descendants, whether residing in Italy, Switzerland, America, [illegible] any other country, should be classed as Italian (north). Most of these [illegible] speak a Gallic dialect of the Italian language.

[illegible] (SOUTH).

The people who are native to [illegible] division of Italy south of the basin of the River Po [illegible] compartments of Liguria, [illegible] the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia, and their descendants should be classed as Italian (south).

Column — Last permanent residence. — The entries in column 11 should show the country, and city or town, of last permanent residence. It is important for statistical purposes that steamship companies [illegible] show country of last permanent residence, independent of country of temporary [illegible] sojourn, nationality or race.

Aliens who are permanent residents [illegible] the United States and are returning from a visit abroad should be recorded [illegible] the United States for a country of last permanent residence.

[illegible] *Final destination.* — The entry in column 12 should show definitely the place [illegible] town of final destination [illegible]

[illegible] *Whether having a ticket through and final destination.* — The entry in column 13 should be either Yes (ticket) or [illegible] ticket).

[illegible] — The entry in column 14 should show definitely [illegible] husband, father, brother, or other relative, [illegible] was paid [illegible]

[illegible] and if less, how much. — The entry in [illegible] or family the exact amount of money [illegible] should not be divided among the several [illegible]

[illegible] United States and, if so, where and [illegible] whether or not. Yes or No in the United States [illegible] and place of destination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Columns 1 and 2. Name.—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4. Sex.—The entry in column 4 should be either M (males) or F (females).

Column 5. Married or single.—The entry in column 5 should be either M (married), S (single), Wi (widowed), or D (divorced).

Column 6. Calling or occupation.—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 and 8. Height and build.—Column 7 is subdivided and the entries therein should be either Yes or No. Can read and write. Yes—No. Can neither read nor write. Yes—No. Can read but not write.

Column 9. Nationality.—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10. Race or people.—The entry in column 10 should show the race or people as given on the reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, Danes appearing on a manifest does not necessarily mean French by race or people, and similarly, French appearing on a manifest does not necessarily mean France by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In connection the following instructions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central America.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classed as "Italian (south)."

Columns 11 and 12. Last permanent residence (country, and city or town of last permanent residence).—The entries in column 10 should show the exact residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as returning to the United States for country of last permanent residence.

Column 13. Final destination.—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12. Whether having a ticket through to such final destination.—The entry in column 12 should be either Yes (tickets) or No (ticket).

INSTRUCTIONS FOR FILLING ALIEN MA...IFESTS.

Column ... (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column ... (Sex).—The entry in column 4 should be either M (male) or F (female).

Column ... (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widow(er)), or D (divorced).

Column ... (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Column ... (Able to read and write).—Column 7 is subdivided, and the entries therein should be either Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column ... (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column ... (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French," by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race ... naught to prevent ... come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widow(er)), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "In transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" applying on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew in race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed.

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America, not Spanish-American.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America, not Spanish.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that portion of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence as independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as to the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

Column 12 (Whether have ticket).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely whether by himself, husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50 and of less, how much).—The entry in column 14 should give in each case the individual or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not Yes or No in the United States before, and if so the year (or period) and place, as 1893 Philadelphia.

Column 16 (Ever in prison, etc., and if so, what cause or crime).—The entries in column 16 should show whether coming to join either a relative or friend and if so what relative or friend, with name and complete address.

Column 17 (Remarks).—The answers in these columns are subject to revision by any inspector in the examination.

11—116

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widow), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of such alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes (Yes can read and write), S (S can neither read nor write, or Yes (No can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list of races or peoples of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" as race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" as nationality. An alien who is a [illegible] might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people—not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies—both Cuban and Negro.

CENTRAL AMERICAN

"Central American" refers to the people of Central and South American of Spanish [illegible]

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North, or [illegible] America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the [illegible] of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, [illegible] and Emelia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia, and their descendants should be classed as "Italian south."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of [illegible] or United States and are returning from a visit abroad, should be recorded on [illegible] as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town, of final destination.

Column 12 (If other than, etc.).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (Whether going to join, etc.).—The entry in column 13 should show [illegible] whom passage was paid, as [illegible] friend, steamship company, etc.

Column 14 (Whether in possession, etc.).—The entry in column 14 should give in each case the amount shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in, etc.).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year or years and place, as [illegible] Philadelphia, 1902.

Column 16 (Ever in prison, etc.).—The entries in column 16 should show whether or not (Yes or No) in the United States, and if so, what institution or institutions, and if so, when and where.

Column 17 (Whether going to join, etc.).—The entries in column 17 should show whether or not (Yes or No) going to join either a relative or friend, and if so what relative or friend with complete address.

The answers to the questions in columns 15 to 17, inclusive, are subject to revision by any inspection officer in the examination of aliens.

1 Sheet

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wool turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "In transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes. Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 9 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race may properly come under the heading of United Kingdom or any other country by which he may be classified. In this connection the following distinctions should be carefully observed:

CUBAN.

"Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

The people of the West Indies other than Cuba (not Negroes).

CENTRAL AMERICAN.

The people of Central and South America of Spanish

B—113

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other Islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of African blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of them speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, allegiance, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded as such, as well as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket through to final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relative; friend; steamship company, etc.

Column 14 (Whether in possession of $50 and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period in years) and place, as, 1903-07, Philadelphia.

Column 16 (Going to join relative, friend, etc., and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 17 to 22.—The answers to these questions are subject to revision by any inspection officer in the examination of aliens.

In this connection the following distinctions should be specially observed:

I, H Tonemann, * of the S.S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3, Age.—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4, Sex.—The entry in column 4 should be either M (male) or F (female).

Column 5, Married or single.—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6, Calling or occupation.—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien, as per examples. Civil engineer, mechanical engineer, locomotive engineer, mining engineer, brass finisher, steel polisher, machinist, wood turner, etc., and not simply engineer, polisher, worker, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Immigrant inspectors should make this distinction on the manifests, and commissioners should be much assisted by these words and registry clerks during the personal examination of aliens, per se.

Aliens intending to pass through and out of the United States should be recorded under heading of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed under proper head of occupation.

Column 7, Can read and write.—Column 7 is subdivided and the entries therein should be either Yes. Yes. (can read and write), No. No. (can neither read nor write), or Yes. No. (can read but not write).

Column 8, Nationality.—Column 8 should be construed to mean the country of which person is a citizen or subject.

Column 9, Race or people.—The entry in column 9 should show the race or people as given in the ship's list of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" in nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country in nationality. In connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban and Negroes.

SOUTH AMERICAN.

"South American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the [illegible] Negro, whether coming from Cuba or other [illegible] America, Europe, or Africa. Any alien whose [illegible] indicates an admixture [illegible] ro blood should be classified under this [illegible].

[illegible] SOUTH.

The people who are native to [illegible] Italy (i. e., comprising Northern Piedmont, Lombardy [illegible] descendants, whether residing in Italy, Switzerland, Aus[illegible] should be classed as "Italian (North)." Most of the [illegible] Italian language.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 1 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien at arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other inadequate designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of aliens at ports.

Persons intending to pass through and out of the United States should be recorded under head of "In transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "non-immigrant" under head of occupation.

Columns 5 and 6 (Can read and write).—Column 5 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 7 (Nationality).—Column 7 should be construed to mean the country of which immigrant is a citizen or subject.

Column 8 (Race or people).—The entry in column 8 should show the race or people as given in last column reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1135

(AFRICAN (BLACK).

"African (black)" refers to [illegible] Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Liguria, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian, north." Most of the people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives to [illegible] portion of Italy south of the basin of the River Po (i. e., compartments of Leggarias, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classed as "Italian (south)."

Columns 9 and 10 (Last permanent residence).—The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that countries be separately shown, and the entry should clearly show country of last permanent residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as "United States" for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of [illegible] (such final destination).—The entry in column [illegible] should be either Yes (ticket) or [illegible] ticket).

Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever before in the United States, and if so, when and where).—The entries in column 13 should show whether or not Yes or No in the United States before, and if so, the year or period and place; as, 1894-97, Philadelphia.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widow), wid. (widower), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 6 should describe, as accurately as possible, the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money owned, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens in transit through and out of the United States should be recorded under "no occupation," in transit, those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as tourists, under head of occupation.

Column 5 (Can read and write).—Column 5 is subdivided and the entries therein should be either Yes or No. Yes can read and write. Yes, No can read but not write. No, No can neither read nor write.

Column 6 (Nationality).—Column 6 should be construed to mean the country of which immigrant is citizen or subject.

Column 7 (Race or people).—The entry in column 9 should show the race or people as given in last preceding column of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom, or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—115

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to the [illegible]ortion of Italy south of the basin of the River Po, [illegible] compartments of Liguria, Tuscany, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 8 (Last permanent residence).—The entries in column 10 should show the country, nationality, or race of last permanent residence. It is important for statistical purposes that steamship companies definitely show country of last permanent residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 9 (Final destination).—The entry in column 11 should show definitely the place, city, or town of final destination.

Column 10 (Whether having a ticket to final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 11 (By whom passage was paid).—The entry in column 13 should show definitely by whom passage was paid, whether self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 12 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case the individual or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 13 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place or places, as, 1894–97, Philadelphia.

Column 14 (Going to join relative or friend, and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with complete address.

Columns 15 to [illegible].—The answers in these columns are subject to revision by inspection officer in the examinatio[illegible] ions.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4: Age.—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5: Sex.—The entry in column 5 should be either M (male) or F (female).

Column 6: Married or single.—The entry in column 6 should be either M (married), S (single), W (widow), or D (divorced).

Column 7: Calling or occupation.—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown in column 8, as follows:

A farmer is one who owns or rents a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States but not intending to pass through in transit should be classed as "tourists" under head of occupation.

Columns 8 and 9: Able to read and write.—Column 8 is subdivided and the entries therein should be either Yes (Yes can read and write), No (No can neither read nor write), or Yes, No (can read but not write).

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance: France appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" in nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country in nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

[illegible]S (JEWISH).

The people, whether native to [illegible] of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, [illegible]ria, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, [illegible]ngary, or any other country, should be classed as "Italian north." Most of these [illegible] speak a Gallic dialect of the Italian language.

[illegible] (SOUTH).

The people who are native to the [illegible]ions of Italy south of the basin of the River Po compartments of Lagaria, Tyrrhenia, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classed as "Italian south."

Column 12: Last permanent residence, and city or town of last.—The entries in column 12 should show the country of last permanent residence. It is important for statistical purposes that steamship companies [illegible] entirely show country of last permanent residence, nationality, or race. Column 13: Final destination.—The entry in column 13 should show definitely the place, city or town, of final destination.

Column 14: Whether having a ticket through to such final destination.—The entry in column 14 should be either Yes (ticket) or No (no ticket).

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 4 should be either M (married), S (single), W (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and register clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States but not intending to pass through in transit should be classed as "tourists" under head of occupation.

Columns 6 and 7 (Can read and write).—Column 7 is subdivided and the entries therein should be either Yes, if person read and write. No, if person neither reads nor writes. Yes, No, can read but can not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which alien is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in last column but one of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance: "Polish" appearing on a manifest does not necessarily mean "Pole" as nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

11—1113

AFRICAN (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary sojourn, residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self; husband, father, brother, or other relatives; friend, steamship company, etc.

Column 14 (Whether in possession of $50 and if not, whether a ticket has been purchased, and if so, how much).—The entry in column 14 should give in each case the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before and if so, the year (or period of years) and place; as, 1904, 97, Philadelphia.

Column 16 (Going to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, and full and complete address.

Columns 17 to [illegible]. The answers to these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Ages.—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2. Sex.—The entry in column 4 should be either M (male) or F (female).

Column 3. Married or single.—The entry in column 5 should be either M (married, S (single), Wd (widowed), or D (divorced).

Column 4. Calling or occupation.—The entry in column 6 should describe, as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and correction should be made if necessary, by inspectors and registry clerks during the personal examination of aliens on arrival.

Aliens intending to pass through and out of the United States should be recorded under heads of occupations as "in transit," those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "laborers" under head of occupation.

Column 5. Able to read and write.—Column 5 is subdivided and the entries therein should be either Yes—Yes—can read and write; No—No—can neither read nor write—or Yes—No—can read but not write.

Column 6. Nationality.—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7. Race or people.—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean French by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the head of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

"African (black)" refers to the [illegible] Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien who [illegible] appearance indicates an admixture of Negro blood should be classified under this heading.

The people who are native to the basin of the River Po in northern Italy (i. e., comprising the provinces of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as Italians, north. Most of these people speak a Gallic dialect of the Italian language.

The people who are native to the provinces of Italy south of the basin of the River Po (i. e., comprising the provinces of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian, south."

Column 8. Last permanent residence and city or town of last permanent home of immigrant in country of former allegiance.—The entries in column 10 should show the last permanent residence. It is important for statistical purposes that the entries should invariably show country of last permanent residence, and not place of birth, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 9. Final destination.—The entry in column 11 should show definitely the place and country of final destination.

Column 10. Whether having a ticket through to such final destination.—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 11. Whether any person or company has paid passage or transportation.—The entry in column 13 should show definitely by whom passage was paid, whether by himself, husband, father, brother, or other relative, friend, steamship company, etc.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Columns [illegible] (age). The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column [illegible] Sex. The entry in column 4 should be either M (male) or F (female).

Column [illegible] (married or single). The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column [illegible] (occupation). The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each adult on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns [illegible] (can read and write). Column 7 is subdivided and the entries therein should be either Yes or No. Yes can read and write. Yes, No can neither read nor write. Yes, No can read but not write.

Column 8 (Nationality). Column 8 should be construed to mean the country in which immigrant is a citizen or subject.

Columns [illegible] (race or people). The entry in column 9 should show the race or people as given in the seventeen lines of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, Italian, although a heading for the Caucasian race, Finnish, Irish, Scotch, Welsh, and Scandinavian (Norwegians, Danes, and Swedes) are races or peoples and not nationalities. Hebrew, although appearing as a heading, does not necessarily indicate [illegible] one might properly come under the heading of United Kingdom, or Russia, or Germany, or Austria-Hungary, according to the country to which he belongs, and in connection with the following distinctions should be specially observed:

CUBAN.

The Cuban should be classified as the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies, neither Cuban nor Negro.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian north." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian south."

Column [illegible] (last permanent residence). The entries in column 10 should show the country, and only as town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the manifest as United States for country of last permanent residence.

Column [illegible] (final destination). The entry in column 11 should show definitely the place, town, or town of final destination.

Column [illegible] (whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address). The entry in column 12 should be either Yes (is to) or No (is not).

Column [illegible] (whether ever before in the United States, and if so, when and where). The entry in column 13 should show either Yes or No. If Yes, state when and where the last previous visit was made.

Column [illegible] (whether going to join a husband, father, etc., and if so, what husband, father, etc., and his name and complete address). The entry in column 14 should show Yes (is going to join) or No (is not going to join), and if Yes, the husband, father, etc., should be named, with complete address.

These questions are asked to prevent immigrants from falling into the hands of designing persons after landing.

Affidavit of the Master or Commanding Officer, or P

I, A Kenemans master, of the S.S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Columns 8 and 9, Able to read and write.—Column 8 is subdivided and the entries therein should be either Yes or No. Yes—can read and write. No—No—can neither read nor write. or Yes. No—can read but not write.

Column 9, Nationality.—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10, Race or people.—The entry in column 10 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this respect. For instance, "Italian" appearing on a manifest does not necessarily mean Italian by race or people, and similarly, "French" appearing on a manifest does not necessarily mean France, by nationality. An alien who is Irish, Germ[illegible] Hebrew or Negro might properly come under the heading of United Kingdom or [illegible] nationality. In this connection the following distinctions should be observed:

CUBAN.

The term "Cuban" refers to the citizen, white or Negro.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negro.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America, except

CUBAN (BLACK).

"African (black)" refers to the [illegible] Negro, whether coming from Cuba or other islands of the West Indies, North, Central or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., comprising Piedmont, Liguria, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Argentina, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to the [illegible] south of the basin of the River Po, comprising the departments of Liguria [illegible] the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 and 12, Last permanent residence.—The entries in columns 11 should show the country of last permanent residence. It is important for statistical purposes that steamship companies clearly show country of last permanent residence as distinguished from country of birth, race, nationality, or race.

Aliens having permanent residence in the United States and are returning from a visit abroad should be recorded as United States for country of last permanent residence.

Columns 13 and 14, Final destination.—The entry in column 13 should show definitely the place to which each alien is destined, as near as known.

Column 15 (Whether going to join a relative or friend, and if so, what relative or friend and its name and complete address).—The entry in column 15 should show whether the alien is going to join a relative or friend, and if so, what relative or friend (husband, father, brother, or other relative), and the name and complete address of such relative or friend.

Column 16, Whether having paid own passage or [illegible] and if less, how much.—The entry in column 16 should show whether the passage was paid by the alien himself or herself or by the head of the family or by some friend, and if by some friend or family the exact amount of money so paid should be stated. If the passage was paid by the head of the family it should not be divided among the several members of the family, but the amount paid for each should be stated.

Column 17, Whether in possession of $50 and if not, how much it has.—The entry in column 17 should show whether each alien has in his possession at the time of landing in the United States fifty dollars in money or not. Yes or No in the United States Immigration Law of February 20, 1907, 34 Stat. at L., 898-97, Philadelphia.

Column 18, Whether ever before in the United States and if so, when and where.—The entry in column 18 should show whether each alien has ever been in the United States before, and if so, when and where.

Column 19, Whether going to join a relative or friend and if so, what relative or friend and its name and complete address.—The entry in column 19 should show whether each alien is going to join a relative or friend, and if so, what relative or friend and its name and complete address.

The above instructions are subject to revision by any superior authority.

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of all aliens.

Aliens coming to pass through and out of the United States should be recorded under heads of "In transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as immigrants under proper description.

Column 5, Can read and write.—Column 5 is subdivided and the entries therein should be either Yes or No. Can read and write. No—Can neither read nor write. Yes—Can read but not write.

Column 6, Nationality.—Column 6 should be construed to mean the country of which a citizen or subject

Column 7, Race or people.—The entry in column 7 should show the race or people as given in the respective order of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" in nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country in nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 3 should be expressed in years or months, the latter appearing only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 3 should be either M (married or single), W (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, sheet polisher, iron moulder, wood turner etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money each owns, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be inspected under head of "in transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be passed as "tourists" under head of "in addition."

Column 5 (Nationality and race).—Column 5 is subdivided and the entries therein should be as follows: Yes or no (can read and write). No. No (can neither read nor write). Yes. No (can read but not write).

Column 6 (Nationality).—Column 6 should be construed to mean the country of which alien claims to be a citizen or subject.

Column 7 (Race).—The entry in column 7 should show the race or people to which each alien belongs, as directed in the table of races and peoples.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, Italian, Hebrew, Armenian, or Bohemian born persons are frequently reported on manifests as to race or people and similarly French appearing on a manifest does not necessarily mean a native of France, but nationality. An alien who is Irish, German, or Greek by race might be partly correct under the heading of United Kingdom or any other country by nationality. In these connections the following distinctions should be carefully observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to [illegible] Negro, whether coming from Cuba or other island of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the [illegible] basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian north." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po [illegible] compartments of Liguria, Tuscany, Umbria, Rome, the Marches, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian south."

Column 8 (Last permanent residence).—The entries in column 8 should show the country and city or town of last permanent residence. It is important for statistical purposes that every alien accompanying himself should correctly show country of last permanent residence, regardless of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as to last permanent residence in United States for country of last permanent residence.

Column 9 (Final destination).—The entry in column 11 should show definitely the place or state of final destination.

[redacted]

In such final destinations.—The entry in column 10 should be either Yes (ticket to) or No.

Column 11 (By whom was passage paid).—The entry in column 11 should show definitely by whom passage was paid, as self, husband, father, brother, or other relative (name), steamship company etc.

Column 12 (Whether in possession of $50, and if less, how much).—The entry in column 12 should give in each case the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 13 (Whether ever before in the United States, and if so, when and where).—The entries in column 13 should show whether or not (Yes or No) in the United States before, and if so, the year (or period) and place, as, 1894 97, Philadelphia.

Column 14 (Whether going to join relatives or friends, and if so, what relatives or friends, with their complete address).—The entry in column 14 should show whether going to join either a relative or friend, and if so, what relative or friend, with their complete address.

Columns 15 to 21.—The answers in these columns are subject to revision by any inspection officer in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2.—The entries in column 2 should be expressed in years or months, the latter if infants under 1 year of age.

Column 3.—The entry in column 3 should be either M. male, or F. female.

Column 4.—Married or single.—The entry in column 4 should be either M. married, S. single, W. widowed, or D. divorced.

Column 5.—Occupation.—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien, as actual occupation. Clerks, engineers, shoemakers, seamstresses, farmers, miners, mariners, laborers, compositors, printers, cabinet makers, carpenters, and tailors are simple and common terms. Avoid the terms "merchant," "manufacturer," or other equally indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of capital owned by the former.

Persons without occupation.—Every person, whether a child or adult, should be reported as having some occupation, even if it be only "housework" or "none."

Servants.—Persons coming to wait upon or work for the man who operates a steamship should make no declaration on the manifest, and enter upon the steamship only after examination by inspectors and secretary clerks during the process of examination of the vessel.

Aliens in transit.—Aliens passing through any of the United States should be recorded under head of occupation as "in transit." Those coming only to a temporary stay in the United States, but not intending to make it their permanent home, should be entered as "visitors" under the head of occupation.

Citizens.—The fact of citizenship should be recorded. Land in common phrase should be described as "U.S." or "American," and not as "New Yorker," "Bostonian," "Californian," or "Texan." Neither should the word "native" be used for "citizen."

Citizens of foreign countries.—Citizens should be construed to mean the country of which immigrant was citizen or subject.

Column 6. Race or people.—The entry in column 6 should show the race or people as generally described by the common appellation.

Special attention should be paid to the distinction between race and nationality or mixed peoples, as usually understood in the United States and England. Avoid the terms "Celtic," "Latin," "Teutonic," "Anglo-Saxon," "Slavonic," "Hebrew," "Mongolian," "Indo-European," "Scandinavian," "Finnic," "Iberian," "Basque," "Polynesian," "Malay," "Oriental," "Aryan," "Semitic," "Hamitic," "Mediterranean," "Alpine," "Ethiopian," "Negroid," "Amerind," "Australian," "Polynesian," "Mongolian," "Caucasian," "Turanian," "Ural-Altaic," "Uralian," "Tartar," "Slav," "Magyar," "Finn," "Lapp," "Basque," "Iberian," "Celt," "Gaul," "Teuton," "Anglo-Saxon," "Dane," "Norseman," "Norwegian," "Icelander," "Swede," "Gothic," "Lombard," "Hun," "Moor," "Arab," "Berber," "Kabyle," "Copt," "Nubian," "Abyssinian," "Zulu," "Kaffir," "Bantu," "Hottentot," "Bushman," "Papuan," "Melanesian," "Micronesian," "Polynesian," "Malay," "Filipino," "Japanese," "Chinese," "Corean," "Tibetan," "Burman," "Siamese," "Hindu," "Dravidian," "Kolar

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Column 8 (Can read and write).—Column 8 is subdivided and the entries therein should be either Yes—Yes—can read and write; No—No—can neither read nor write; or Yes—No—can read, but not write.

Column 9 (Nationality).—Column 9 should be construed to mean the country of which a immigrant is an citizen or subject.

Column 10 (Race or people).—The entry in column 10 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, Finns appearing on a manifest does not necessarily mean Finlanders in race or people and similarly, Finns appearing on a manifest does not necessarily mean Finns by nationality. An alien who is Irish, German, or Hebrew in race or people may come under the heading of United Kingdom or any other country, in nationality. Special attention in showing distinctions should be especially observed.

AFRICAN (BLACK).

The term "African (black)" refers to the native Negro people not Negroes.

WEST INDIAN.

"West Indian" refers to natives of the West Indies other than Cuba not Negroes.

SOUTH AMERICAN.

"South American" refers to the native people of Central and South America, if Spanish, Negro.

ITALIAN (BLACK).

"African (black)" refers to the native Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—The entries in column 11 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies correctly show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 12 (Final destination).—The entry in column 11 should show definitely the place within or town of final destination.

Column 13 (Are having already secured transportation).—The entry in column 13 should be either Yes (ticket) or No (ticket).

Column 14 (By whom was passage paid).—The entry in column 14 should show definitely by whom passage was paid—whether by himself, herself; husband, father, brother, or other relative, friend, steamship company, etc.

Column 15 (Whether in possession of $50 and if less, how much).—The entry in column 15 should give in each case the exact individual or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States, and if so, when and where).—The answer in column 16 should show whether or not Yes or No in the United States before, and if so, the year (or period) and place, as 1904 N. Philadelphia.

Column 17 (Going to join relative or friend, and if so, what relative or friend, and complete address).—The entry in column 17 should show whether going to join a relative or friend, and if so, what relative or friend, with name and complete address.

Column 18 (Ever in prison, etc.).—The answers in these columns are subject to revision to any questions asked in the examination of aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French," by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew or race might perhaps come under the heading of United Kingdom or any other country in Europe; in this connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

CENTRAL AMERICAN

"Central American" refers to the people of Central and South America, of Spanish [illegible]

AFRICAN (BLACK).

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widow or widower), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (can read) and 8 (can write).—Column 7 is subdivided and the entries therein should be either Yes, Yes can read and write, No—No can neither read nor write, or Yes—No can read but not write.

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 10 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France appearing on a manifest does not necessarily mean French by race or people and similarly, France appearing on a manifest does not necessarily mean France by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the A[frican] Negro, whether coming from Cuba or other islands of the West Indies, North or S[outh] America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the ... of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, ... ria, and Emelia) and their descendants, whether residing in Italy, Switzerland, Au[stria-Hungary], or any other country, should be classed as "Italian (north)." Most of these ... speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that ... portion of Italy south of the basin of the River Po (i. e., ... compartments of Liguria, Tu[scany], ... the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, ... Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 (Last permanent residence) and 12 (Final destination).—The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies ... properly show country of last permanent residence independent of country of temporary ... residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 12 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 13 (Whether having a ticket through and if not, how much he has paid).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (Whether any person or corporation has paid the passage or transportation of such alien, and if so, by whom).—The entry in column 14 should show definitely by whom passage was paid, ... father, husband, father, brother, or other relative; friend, steamship company, etc.

Column 15 (Whether in possession of $50 and if not, how much he has, and if less than $50 how much).—The entry in column 15 should give in each ... individual or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States, and if so, when and where).—The entries in column 16 should show ... either or not. Yes or No) in the United States ... and if so, the year or years ... and place ... as 1894 NY, Philadelphia ...

Column 17 (Whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address).—The entry in column 17 should show ... going to join either a relative or friend, and if ... complete address.

The entries in these columns are subject to revision by any inspection officer in the examination ... aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age). The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex). The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single). The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 7 (Calling or occupation). The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded, under head of occupation as "in transit," those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Columns 8 (able to read and write). Column 7 is subdivided and the entries thereon should be either Yes (Y) or No (N). Yes—No can neither read nor write. Or Yes—No can read but not write.

Column 9 (Nationality). Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people). The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, nor conversely "French" appearing on a manifest does not necessarily mean "France" by nationality. We often find Irish, German, or Hebrew in each of these columns, while the words "United Kingdom," "Austria," or "Russia" appear in column 9. In connection the following distinctions should be carefully observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

SOUTH AMERICAN.

Spanish-American refers to the people of Central and South America, of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the valley of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, America, or elsewhere, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 and 12 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Columns 13 and 14 (Final destination). The entry in column 13 should show definitely the place (city or town) of final destination.

[redacted]

Column 15 (Whether going to join relative or friend).—The entry in column 14 should be either Yes (ticket) or No (ticket).

Column 16 (Relative or friend to whom sent).—The entry in column 15 should show definitely whether the alien has purchased his own ticket, or whether his passage was paid by himself, husband, father, brother, or other relative.

Column 17 (Ability to read). [illegible] of 50, and at less, four cents. The entry in column 16 should give in each individual or family the exact amount of money shown.

Column 18 (Whether in possession of $50 in person). [illegible] by the head of family should not be divided among the several members of the family.

Column 19 (Whether ever before in the United States, and if so, when and where). The entry in column 18 should show whether or not Yes or No in the United States [illegible] the year or period (if any) and place, as, 1894, St. Philadelphia.

Column 20 (Whether having relative or friend and if so, what relative or friend).—The entry in column 19 should show whether the alien has a relative or friend to join either a relative or friend, and if so, complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column One. The name of each passenger should be expressed in full, the initial only of the given name not being sufficient.

Column Two. The surname should be written first, then the Christian name or names, and the latter should not be abbreviated.

Column Three. The exact relationship should be stated, as husband, wife, child, mother, father, grandfather, grandmother, brother, sister, uncle, aunt, cousin, nephew, niece, grandson, granddaughter, or servant. If not related to any person in the party, the word "alone" should be entered.

Column Four. Write the age of each person before the birthday, if under one year, and after the birthday if one year or over.

Column Five. Write the word "male" or "female," as the case may be.

Column Six. Write the word "single," "married," "widow," or "widower," as the case may be.

Column Seven. Write the name of the calling or occupation of each person, if any. If none, a blank or a dash should be made.

Column Eight. Write the name of the country of which each alien is a citizen or subject. Care should be taken to distinguish between countries and places of birth. Write "United States" only when the person is a citizen of the United States.

Column Nine. Write the name of the race or people to which each alien belongs, as English, Irish, Scotch, Welsh, German, French, Italian, Spanish, Portuguese, Dutch, Flemish, Swedish, Norwegian, Danish, Russian, Polish, Finnish, Hebrew, Bohemian, Moravian, Slovak, Magyar, Croatian, Dalmatian, Bosnian, Herzegovinian, Servian, Montenegrin, Bulgarian, Roumanian, Greek, Albanian, Turkish, Armenian, Syrian, Arabic, Chinese, Japanese, Korean, East Indian, Pacific Islander, Mexican, West Indian, Scandinavian (Norwegians, Danes, and Swedes), Ruthenian (Russniak), Cuban, Porto Rican, Spanish-American, African (black), Negro, Other.

African (black) refers to the Negroes, whether coming from Cuba or other islands of the West Indies, Central or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this head.

The people who are natives of northern Italy, comprising the provinces of Piedmont, Lombardy, Venetia, Liguria, Tuscany, Emilia, and the Romagna, are as a rule of Italian birth. Most of these people speak the Italian dialect of the Italian language.

The people who are natives of that portion of Italy south of the basin of the Rivers Po and Magra, comprising the provinces of Umbria, Rome, the Abruzzi, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classified as Italian (South).

Column Ten. Every person should be described as belonging to the race or people to which he belongs, as stated in column nine, and not merely as a citizen of a country. Thus, a Scotchman should be described as a Scotch person, a Welshman as a Welsh person, a Canadian as a Canadian person, a Cuban as a Cuban person, a Mexican as a Mexican person, a Chinaman as a Chinese person, a Japanese as a Japanese person, a Turk as a Turkish person, a Hindoo as a Hindoo person, a Negro as a Negro person, and a native of the United States, whether white or black, as a person of the United States race or people.

The entries in column 10 should show the last permanent residence. It is important for statistical purposes that the entries in this column should show definitely the country of last permanent residence, nationality or race. Persons coming to the United States and who are returning from a temporary visit abroad should be recorded as to their permanent residence in the United States, and not as to the country visited.

Column Eleven. *Final destination.* The entry in column 11 should show definitely the ultimate destination of each alien, as known to the passenger at the time of sailing. The object of this column is to ascertain the number of aliens destined to the various States and Territories. The entry in column 11 should show only the State or Territory of ultimate destination, and not merely a locality within a State or Territory. Thus, a person destined to Brooklyn, N. Y., should be credited to New York, and not to Brooklyn; a person destined to Pittsburg, Pa., should be credited to Pennsylvania, and not to Pittsburg; a person destined to Chicago, Ill., should be credited to Illinois, and not to Chicago; a person destined to Boston, Mass., should be credited to Massachusetts, and not to Boston; a person destined to Omaha, Nebr., should be credited to Nebraska, and not to Omaha; a person destined to Cripple Creek, Colo., should be credited to Colorado, and not to Cripple Creek; a person destined to Deadwood, S. Mex., should be credited to New Mexico, and not to Santa Fe; a person destined to Phoenix, Ariz., should be credited to Arizona, and not to Phoenix; a person destined to Oklahoma City, Okla., should be credited to Oklahoma, and not to Oklahoma City; a person destined to Guthrie, Okla., should be credited to Oklahoma, and not to Guthrie; a person destined to Indianapolis, Ind., should be credited to Indiana, and not to Indianapolis; a person destined to Columbus, Ohio, should be credited to Ohio, and not to Columbus; a person destined to Jacksonville, Fla., should be credited to Florida, and not to Jacksonville; a person destined to Atlanta, Ga., should be credited to Georgia, and not to Atlanta; a person destined to Nashville, Tenn., should be credited to Tennessee, and not to Nashville; a person destined to Raleigh, N. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1, Age. The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2, Sex. The entry in column 2 should be either M (male) or F (female).

Column 3, Married or single. The entry in column 3 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 4, Calling or occupation. The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien at his arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who owns it.

Steamship companies should make this distinction on the manifests, and corrections, if found necessary, by inspectors and registry clerks during the personal examination of all in arrival.

Aliens intending to pass through and out of the United States should be recorded under head of "occupation as" "in transit," these coming only for a temporary sojourn in the United States but not intending to pass through in transit should be classed as "tourists," under head of occupation.

Columns 5 and 6, Can read, can write. Columns 5 and 6 are subdivided and the entries therein should be either Yes or No. Yes, can read and write; No, No, can neither read nor write; or Yes, No, can read but not write.

Column 7, Nationality. Column 7 should be construed to mean the country of which the alien is a citizen or subject.

Column 8, Race or people. The entry in column 8 should show the race or people as given in the last column on the head-tax side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and many errors occurring will be carefully revised by inspectors and registry clerks in this regard. For instance, the term "German," appearing on a manifest does not necessarily mean French, by birth or race, German. Even in appearing as a native of the German Empire, it does not necessarily mean Prussian, Bavarian, Saxon, Wurtemburger, etc., but may include Hebrews, Bohemians, Alsatians who are Jews, Germans, or Hebrews, or natives of other parts of the German Empire, all of which should be specially noted under the heading of "Race or people." In the United Kingdom or any other country, to indicate the race or people from the following distinctions should be specially observed:

ENGLAND.

The term "English" includes the Anglo-Saxon people and Negroes.

SCOTLAND.

"Scotch" includes Scotch Highlanders, Lowlanders, and Negroes.

WALES.

"Welsh" includes Welsh people and Negroes.

IRELAND.

"Irish" includes Irish people and Negroes.

"West Indian" includes natives of Central and South America, of Spain, of the West Indies other than Cuba, and Negroes.

"African (black)" refers to the natives of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

NORTH.

The people who are native to the valley of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia and their descendants, whether residing in Italy, Switzerland, America, or elsewhere, should be classified as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants, should be classified as "Italian (south)."

Column 9, Last permanent residence. The entries in column 9 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show countries of last permanent residence, independent of country of temporary sojourn, nationality, or race.

All aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the manifest as "United States for country of last permanent residence."

Column 10, Final destination. The entry in column 10 should show definitely the place (city or town) of final destination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass-polisher, steel-polisher, iron-molder, wood-turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

A farmer is one who operates a farm either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and correction should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as in transit. Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8 (Able to read and write).—Column 8 is subdivided and the entries therein should be either Yes (Y) or No (N). Yes means read and write. No means neither read nor write. Yes, No means read but not write.

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 10 should show the race or people as given in list on reverse, even if alien is native.

Special attention should be paid to the distinction between race and nationality and each should be noted as record in proper line and registry column in the manifest. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" in nationality. An alien who is Irish, Scotch, or Welsh as to race or people will come under the heading of United Kingdom as to nationality. In this connection the following distinctions should be specially observed:

[illegible]

The term "Negro" includes the Black people and Negroes.

[illegible]

"West Indian" includes all persons born in the West Indies, whether Black, Yellow, or Negroes.

[illegible]

Spanish American includes all persons of Spanish descent [illegible]

[illegible]

African (Black).—This race includes both the native African Negro, whether coming from Cuba or other islands in the West Indies, North or South America, Europe, or Africa. Any alien whose appearance does not accord with the descriptive text under this heading should be classified under this head.

[illegible]

ASIA (SOUTH).

The people who are native to the southern portion of the River Po in northern Italy, and comprise the compartments of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether living in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ASIA (SOUTH).

The people who are native to the compartments of Liguria, the portion of Italy south of the basin of the River Po, Molise, Campania, Apulia, Basilicata, the Marches, Umbria, Rome, the Abruzzi, and Calabria, Sicily and Sardinia, and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—The entries in column 11 should show the country, not city or town, of last residence. It is important for statistical purposes that steamship companies should show country of last permanent residence. Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as to last permanent residence in United States, not country of last permanent residence.

Column 12 (Final destination).—The entry in column 12 should show definitely the place (city or town, if possible) of intended future permanent residence in the United States. The entry in column 12 should not be left blank.

Column 13 (Whether having a ticket, etc.).—The entry in column 13 should be either Yes (ticket) or No (ticket). [illegible] (and if so whether [illegible]) [illegible] The entry in column 13 should show definitely by whom passage was paid, whether by the alien himself, by [illegible] relatives, by other persons, or by the United States Government.

Column 14 (Whether in possession of $50 and if less how much).—The entry in column 14 should give in each case the amount of money in the possession of the alien, if any, and if less than $50 how much. The entry in column 14 should not be left blank. In the case of a group or family the exact amount of money in the possession of the group or family should be stated, but should not be divided among the several members thereof.

[illegible] the United States [illegible] Yes or No. If Yes, the alien should state whether [illegible] or [illegible] and if [illegible] the name of the State or Territory to which he is going. The entry in column 15 should not be left blank.

[illegible] The entry in column 16 should show whether the alien has been in the United States before and if so when and where. The entry in column 16 should not be left blank.

[illegible] The entry in column 17 should show whether the alien has been deported from the United States or excluded at any time previous to the present time and if so when and where.

[illegible] The entry in column 18 should show whether the alien is a polygamist.

[illegible] The entry in column 19 should show whether the alien is under promise or agreement to perform labor in the United States and if so what labor.

[illegible] The entry in column 20 should show whether the alien is a prostitute.

[illegible] The entry in column 21 should show whether the alien is coming for an immoral purpose.

[illegible] The entry in column 22 should show whether the alien is an anarchist.

[illegible] The entry in column 23 should show whether the alien is a person who believes in or advocates the overthrow by force or violence of the Government of the United States or of all forms of law, or who disbelieves in or is opposed to organized government, or who advocates the assassination of public officials.

[illegible] The entry in column 24 should show whether the alien has a final certificate in his possession.

[illegible] The entry in column 25 should show whether the alien is coming to join a relative and if so what relative and his name and address.

[illegible] The entry in column 26 should show whether the alien is coming to join a friend and if so what friend and his name and address.

[illegible] The entry in column 27 should show whether the alien has a ticket through to his ultimate destination.

[illegible] The entry in column 28 should show whether the alien has paid his own passage or whether it has been paid by others and if so by whom.

[illegible] The entry in column 29 should show whether the alien is in possession of $50 and if not how much he has.

[illegible] The entry in column 30 should show whether the alien is going to join relatives or friends and if so what relatives or friends and their names and addresses.

[illegible] The entry in column 31 should show whether the alien has ever been in prison or almshouse or supported by charity and if so when and where.

[illegible] The entry in column 32 should show whether the alien is a person who is coming to the United States in consequence of advertisements for laborers, etc., and if so what advertisements.

[illegible] The entry in column 33 should show whether the alien is a person who is coming to the United States in consequence of any solicitation, etc., and if so what solicitation.

[illegible] The entry in column 34 should show whether the alien is a person who is coming to the United States in consequence of any offer, etc., and if so what offer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. The return of age in column 4 should be express[ed] in years or months, the latter applying only to those under 1 year of age.

Column 2. Sex.—The entry in column 5 should be either M, male, or F, female.

Column 3. Married or single.—The entry in column 6 should be either M, married, S, single, or Wd, widowed, or D, divorced.

Column 4. Calling or occupation.—The entry in column 7 should be as full and correct as possible, the occupation, trade, or profession of each adult, arrival under 14 years. Such as Civil engineer, stationary engineer, locomotive engineer, mining engineer, tinner, tinsmith, steel polisher, iron molder, wood turner, etc., and not simply engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer owns or operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of aliens, arrivals.

Those intending to pass through and out of the United States should be recorded under head of "Intransit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, shall be classed as "Temporary visitors for pleasure."

Column 8. Ever in prison, etc.—Column 8 is subdivided and the entries therein should be either Yes or No, as shown and write. Not N—, as neither read nor write. Yes N— and read but not write.

Column 9. Nationality.—Column 9 should be construed to mean the country to which each alien belongs as a citizen or subject.

Column 10. Race or people.—The entry in column 9 should show the race or people as given in the list on reverse side of this manifest.

Special attention should be paid to the distinction between race and language, and manifests will be carefully revised by inspectors and registry clerks in this regard. For instance, Hebrew is a language, not a race, and is necessary to add Finn, Irish, race or people, as the case may be. Persons descended from Irish parents born in Germany, Australia, or elsewhere are Irish, not German, English, etc. Natives of Wales are Welsh, not English, although they may be entered as natives of Great Britain, inasmuch as Wales forms a part of Great Britain. Natives of Scotland should be described as Scotch, not English, although they may be entered as natives of Great Britain, inasmuch as Scotland forms a part of Great Britain.

The term "Negro" means a person of African (black) race. A person of mixed white and Negro blood should be classified as a Negro.

"West Indies" means the islands adjacent to the United States, other than Cuba and Newfoundland, and the islands adjacent to Asia, commonly known as the East Indies.

"Central America" comprises the countries south of Mexico and north of the United States of Colombia.

Column 11. Last residence.—The entry in column 10 should show the country of last permanent residence. It is important for statistical purposes that steamship companies should show correctly the last permanent residence, not the country of temporary sojourn.

Aliens who are permanent residents of the United States and are returning from a temporary visit abroad should be recorded as to their last residence in the United States.

Column 12. Final destination.—The entry in column 11 should show definitely the place and town, if final destination. The entry in column 12 should show which, if any, of said aliens have tickets through to their final destination. The entry in column 13 should show whether the passage of each alien is paid by himself, by other persons or corporations, by the government, or by other relatives or friends, and if by relatives or friends, what relation they bear to the alien. The entries in the last column should show the exact amount of money each alien has in his possession, and if in excess of $30 the amount in excess of $30 should be divided among the several classes, as follows: Gold coin of the United States, silver coin of the United States, United States treasury notes or national bank notes, foreign gold coin, foreign silver coin, checks, drafts, or bills of exchange.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, [illegible] master of the [illegible] from [illegible] do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel employed by the owners thereof, to make a physical and oral examination of each of the foregoing Lists or Manifest Sheets, [illegible] in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a person likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, or a person coming for that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Age.—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2. Sex.—The entry in column 6 should be either M (male) or F (female).

Column 3. Married or single.—The entry in column 7 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4. Calling or occupation.—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, such as farmer, clerk, civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, wood polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money they have, as follows:

A farmer is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made at the seaports by inspectors and registry clerks during the personal examination of each alien arrival.

Aliens not coming to pass through and out of the United States should be admitted or debarred according to their status as in transit. Those coming only for a temporary sojourn in the United States but not intending to pass through in transit should be classed as "sojourners" under head of occupation.

Column 5. Can read and write.—This column is subdivided and the entries therein should be either Yes or No. Yes can read and write, Yes; No can neither read nor write, No. Yes and No but not any.

Column 6. Nationality.—Column 6 should be construed to mean the country of which the alien claims to be a citizen or subject.

Column 7. Race.—The entry in column 9 should show the race or people to which each alien belongs, as classified in the following list:

Special attention is called to the distinction between race and nationality, as the latter word is sometimes loosely used, as, for instance, in the term "Russian Hebrew." For instance, Polish subjects sometimes returned as Germans, Russian Finns as Russians, Austrian Slavs as Austrians, Turkish Armenians as Turks, and Scotch Celts as Britons. In such cases the race or people must be distinctly stated, as Polish Hebrew, Finn, Armenian, Celt, etc. The word Latin will not be accepted as indicating race, but the words Latin, Celt, Teutonic, Slavonic, Hamitic, Semitic, Mongolian, and Alpine will be accepted as indicating the great racial stocks from which the various races or peoples have sprung.

[illegible]

LATIN

The [illegible] Latin people, not Negroes.

[illegible]

LATIN (WEST INDIAN)

West Indian. [illegible] West Indies other than Cuba and Porto Rico.

ITALIAN (NORTH).

The people who are native to [illegible] portion of Italy north of the basin of the River Po in northern Italy, i. e., compartimenti of Piedmont, Lombardy, Venetia, and Emelia and their descendants, whether residents in Italy, Switzerland, America, Hungary, or any other country, should be classed as Italians (north). Most of the people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classed as Italians (south).

Column 8. Last permanent residence.—The entries in column 10 should show the country, and only the country, of last permanent residence. It is important for statistical purposes that steamship companies shall accurately show country of last permanent residence independent of country of nonpermanent residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 9. Final destination.—The entry in column 11 should show definitely the place (city or town) of final destination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. No.—The return of aliens in column 1 should be expressed in years and months, the latter appearing only for those under 1 year of age.

Column 2. Sex.—The entry in column 2 should be either M (male) or F (female).

Column 3. Married or single.—The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4. Calling or occupation.—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien at arrival as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown in possession.

Farmer means a person who operates a farm, either for himself or others.

Farm laborer means one who works on a farm for the man who operates it.

Steamship companies should make this distinction in the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of aliens.

Aliens intending to pass through and out of the United States should be so noted, and head-tax exempted as "in transit." Those coming only for a temporary sojourn in the United States but not intending to pass through it in transit, should be classed as "non-immigrant alien" by occupation.

Column 5. Can read or cannot read.—Column 5 is subdivided and the entries therein should be either Yes (Y) or No (N) as to read and write. Note.—No one can neither read nor write who can read or write any language or dialect.

Column 6. Nationality.—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7. Race or people.—The entry in column 7 should show the race or people as given in list of races at side of sheet marked [illegible].

Special attention should be paid to the distinction between race and nationality, and numerous classifications ordinarily returned by steamship agents, registry clerks, and others as "English," "German," "Russian," "Hebrew," "Irish," "Scotch," "Welsh," "Spanish," "French," "Italian," "Chinese," "Japanese," etc., are entirely inadmissible. Persons of these descriptions should be specifically described as to race, as [illegible].

[illegible]

The term "[illegible]" includes all persons of the African race, whether born in Africa or not. Negroes.

[illegible]

West Indian. [illegible] West Indies, whether of African or European descent, should be returned as Negroes.

[illegible]

Spanish-American. [illegible] Mexico, Central America, South America, Cuba, Porto Rico, or Spain.

[illegible]

BLACK.

African (black).—This refers to the [illegible]n Negro, whether coming from Cuba or other islands of the West Indies, Northern [illegible] America, Europe, or Africa. Any alien in whose [illegible] Negro blood should be classified under this heading.

NORTH.

The people who are natives [illegible] of the River Po in northern Italy, [illegible] comprising Piedmont, Lombardy, [illegible]ria, and Emelia, and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as Piedmontese. Most of these speak a Gallic dialect of the Italian language.

SOUTH.

The people who are natives [illegible] portion of Italy south of the basin of the River Po, including the island of Liguria. These are the Marches, Umbria, Rome, the Abruzzi, and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, classed as Italian (south).

Nationality, last permanent home.—The entries in column 10 should show the last permanent residence. It is important for statistical purposes that steamship companies [illegible] definitely show country of last permanent residence, not merely country of last sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded as [illegible] United States for country of last permanent residence.

Continuous journey to destination.—The entry in column 11 should show definitely the place, city or town of final destination.

Whether having a ticket through.—The entry in column [illegible] should be either Yes (ticket) or No.

Whether person was paid for by whom passage was paid.—The entry in column 13 should show whether [illegible], husband, father, brother, or other relative.

Amount of money in possession.—The entry in column 14 should show the amount of money in possession of each alien, in dollars and cents, as for example, $25, $30, $100, etc. The entries in column 14 should show the amount in possession of each individual or family, by each statement of amounts.

Money carried by the head of a family should include that carried by wife and children, unless the latter have separate amounts, which should be stated separately.

[illegible] money should not be divided among the several members of a family.

[illegible] United States [illegible] entry in column 15 should be either Yes (Y) or No (N) as to the United States.

[illegible] should be [illegible] [illegible] and if [illegible] [illegible] [illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Columns 1, 2, 3. The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4. Sex. The entry in column 4 should be either M. male, or F. female.

The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, lace operator, steel polisher, iron molder, wood turner, tailor, and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections, if made, by such companies, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be classified under head of occupation as "in transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Persons of French race or people are sometimes returned as coming from France, by nationality. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1, Age. The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2, Sex. The entry in column 2 should be either M male or F female.

Column 3, Married or single. The entry in column 3 should be either M married, S single, Wd widowed, or D divorced.

Column 4, Calling or occupation. The entry in column 4 should show as specifically as possible the occupation, trade, or profession of each alien on arrival, as for example civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood carver, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money chosen, as follows:

A *farmer* is one who operates a farm, either his own or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only to a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 5, Nationality. Column 5 is subdivided and the entries therein should be either Yes or No. Yes can read and write. No. No can neither read nor write. Yes. No can read but not write.

Column 6, Nationality. Column 6 should be ruled so as to mean the country of which the immigrant is a citizen or subject.

Column 7, Race or people. The entry in column 7 should show the race or people as given in list on next page, and no other designation.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France appearing on a manifest does not necessarily mean French the race or people and similarly [illegible] appearing on a manifest does not necessarily mean Finnish the race or people. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4. Ages. The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5. Sex. The entry in column 5 should be either M (male) or F (female).

Column 6. Married or single. The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

Column 7. Calling or occupation. The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of "In transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8. Nationality, etc. Column 8 is subdivided and the entries thereon should be under Yes. Yes can read and write. No. No can neither read nor write. Yes. No. (to mean both yes and no).

Column 9. Nationality. Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10. Race or people. The entry in column 10 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France appearing on a manifest does not necessarily mean French by race or people and similarly England appearing on a manifest does not necessarily mean English by race or nativity. An alien who is Irish, German, or Hebrew is entitled to that preference, irrespective of the location of his birthplace, whether in the kingdom of United Kingdom or any other country, by nationality. In these cases the following distinctions should be especially observed:

GREEK.

The term "Greek" refers to the Hellenic people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America, of Spanish origin.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to Italy north of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11. Last permanent residence. The entries in column 11 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steam ship companies separately show countries of last permanent residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 12. Final destination. The entry in column 12 should show definitely the place, city or town, of final destination.

Column 13. Whether having a ticket through and whether paid for by himself or by other person or by what other source (if by relative, state which relative). The entry in column 13 should show definitely by whom passage was paid, whether by himself, father, brother, or other relative, friend, steamship company, etc.

Column 14. Whether in possession of $50 and if less, how much. The entry in column 14 should give in each case the amount of money in possession of the alien.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15. Whether ever before in the United States and if so, when and where. The entry in column 15 should show whether or not. Yes or No, in the United States on any previous occasion, and if so, when and where, as 1901, St. Philadelphia.

Column 16. Whether going to join a relative or friend, and if so, what relative or friend, and full address. The entry in column 16 should show whether the alien is going to join a relative or friend, and if so, complete address.

Column 17. Whether in good health and good condition mentally and physically. The answers to these questions are subject to revision on any alien

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this correction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of aliens at arrival.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 and 8: Able to read and write.—Column 7 is subdivided and the entries therein should be either Yes or No. Yes can read and write. No. No can neither read nor write. Yes. No can read but not write.

Column 9: Nationality.—Column 9 should be construed to mean the country of which the alien is a citizen or subject.

Column 10: Race or people.—The entry in column 10 should show the race or people to which each alien belongs, as Bohemian, Magyar, Finn, Lapp, Russian, Bulgarian, Servian, Croatian, Slovak, Dalmatian, Ruthenian (Russniak), Galician, Polish, Slovenian, Carniolan, Montenegrin, Herzegovinian, Dalmatian, Bosnian, Turkish, Armenian, Syrian, Arabian, Hebrew, Greek, Albanian, Roumanian, Wallachian, Moldavian, Spanish, Portuguese, Spanish-American, Cuban, West Indian, Mexican, Japanese, Chinese, Korean, Hindu, East Indian, Pacific Islander, Negro, Scandinavian (Norwegians, Danes, and Swedes), German, Dutch, Flemish, English, Scotch, Irish, Welsh, French, Basque (Navarrese), Basque (Souletin), Italian (North), Italian (South), Finnish, Lithuanian, Polish, Ruthenian (Russniak), Magyar, Montenegrin, Morsvian, Pacific Islander, Portuguese, Roumanian, Russian, Scandinavian (Norwegians, Danes, and Swedes), Scotch, Servian, Slovak, Slovenian, Spanish, Spanish-American, Syrian, Turkish, Welsh, West Indian.

[illegible]

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (SOUTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartimenti of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classed as "Italian (south)."

Column 11: Last permanent residence.—The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens returning to their former homes in the United States and are returning from a visit abroad should be recorded as residents of the United States for country of last permanent residence.

Column 12: Final destination.—The entry in column 12 should show definitely the place (city or town) of final destination.

[illegible] destination by destination.

[illegible] Yes (here). No (there).

[illegible] The entry in column 13 should show whether [illegible] husband, father, brother, or other [illegible]

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR No. 43.

SPECIAL INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

The information required on the manifest [Forms 1500, 1500-A and 1500-B, new numbers 500 and A and 500 B] as far as it relates to alien arrivals (including those in transit and footnotes) should be made in accordance with the following classifications. The number of the column on the manifest is given in these special instructions and is followed, in parentheses, in all cases up to and including column 16, by a descriptive title indicating briefly the subject to which it relates.

Column 3 (Age).—The years of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married) or S (single). Widowed or divorced persons should be returned as single.

Column 6 (Occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, coal miner, cotton planter, clerk, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, etc., without qualification.

A laborer or servant should be returned as a farm laborer, cook, etc., regardless of the amount of his previous occupation.

A farmer is one who owns or rents a farm; a farm laborer is one who works on a farm for another for hire.

A farm laborer is one who owns or rents a farm; or the man who operates it.

Stockmen, ranchmen, etc., should make their distinction in the manifests as to occupation.

Steamship companies should make their distinction in the manifests as to occupation.

Corrections should be made, if necessary, by inspectors and deputy clerks during the personal examination of each alien.

Column 7 (Can read and write).—Under this head are the letters entered to signify Yes. Your can read and write. No. No can neither read nor write. Yes. No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which the alien is a native and to which he owns allegiance.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in one or more of the following lists.

Special attention should be paid to the distinction between race and nationality, and instructions should be carefully followed by inspectors and registry clerks in this regard. For instance, France, appearing on a vessel's list does not necessarily indicate that the race or people are necessarily French, appearing on a manifest does not necessarily mean French by nationality. An alien who is Jewish, German, or Chinese by race might properly come under the heading of United Kingdom or any other country as to nationality. In this connection the following instructions should be especially observed:

AFRICAN (BLACK).

The term "African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any person whose appearance indicates an admixture of Negro blood should be classified under this heading.

WEST INDIAN.

"West Indian" refers to the Negroes of the West Indies other than Cuba and Negroes

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any person whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (SOUTH).

The people who are native to the southern portion of Italy, including the Kingdom of Naples, the departments of Piedmont, Lombardy, Venetia, Liguria, Parma, Modena, Tuscany, Umbria, and Marches residing in Italy, Switzerland, Austria-Hungary, Africa, Argentine Republic, and Brazil, classed as Italian (south). Most of these people are [illegible]

ITALIAN (NORTH).

The people who are native to that portion of Italy north of the line of the Kingdom of Naples, the departments of Liguria, Tuscany, Marches, Umbria, Latium, Abruzzi, Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and who emigrate to the United States, classed as Italian (north).

Column 10 (Last residence).—The entry in column 10 should show the country, province, city or town of last permanent residence of each alien arrival, as for example: France, Paris; Germany, Berlin; Italy, Rome, etc. The entry in column 10 should never be "London," "Paris," "Berlin," "Rome," or other place city or town of like importance.

Column 11 (Final destination).—The entry in column 11 should show the country, province, city or town of the alien's intended future permanent residence, as for example: United States, Pennsylvania, Philadelphia; Canada, Ontario, Toronto, etc. The entry in column 11 should never be "New York," "Boston," "Philadelphia," "Chicago," or other place city or town of like importance.

Column 12 (Whether going to join relative or friend, and if so, what relative or friend).—The entry in column 12 should be "Yes" or "No" as the case may be.

Column 13 (Ever in prison or almshouse).—The entry in column 13 should be "Yes" or "No" as the case may be.

Column 14 (Whether in possession of money, and how much).—The entry in column 14 should be "Yes" or "No" as the case may be. The amount of money in possession of each alien arrival should be shown.

Money brought by the head of a family should be considered as belonging to the other members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether each alien arrival has been in the United States before, and if so, the year or period of his last visit and the place where he last resided.

Column 16 (Whether going to join husband, wife, father, or other relative in the United States, and if so, what relative and where).—The entries in column 16 should show whether each alien arrival is going to join husband, wife, father, or other relative or friend, and if so, what relative and where.

The attention of inspectors is called to the provisions of section 2 of the act of March 3, 1903, requiring them to make a careful examination of immigrants

SPECIAL INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

The information required on the manifest Forms Nos. [illegible] must be [illegible] and all [illegible] and [illegible] should be made in accordance with the following instructions. The number of the column to be used is given in these special instructions and is followed, in parentheses, by the number to be used in filling column 20 in the new manifest, indicating exactly the subject to which it relates.

Column [illegible]. The name of each alien should be expressed in years, months if under 1 year, and days if under 1 month.

Column [illegible]. Married or Single. Write the word "Married" or "Single," as the case may be.

Column [illegible]. The occupation of each alien should be stated. If [illegible] has no occupation, write the word "None." Laborers, without specification, should be described as "Laborer." Do not use indefinite terms.

Column [illegible]. Nearest Relative or Friend. Each alien should be asked whether he has a relative in the country whence he came, or a friend whom he intends to join, and if so, the name and complete address of such relative or friend should be given. If the alien has neither relative nor friend to join, but has money with which to support himself until he obtains employment, the word "Self" should be written. If he has neither relative nor friend to join, and has not sufficient money to support himself until he obtains employment, the name and complete address of the person who has given him the ticket or assisted him to come should be given.

Special attention should be given to the distinction between country whence alien immigrated and race or people. The former must be carefully distinguished from the latter. For instance, a native of Germany may be a Hebrew by race or people, and sometimes a Pole by race or people, although a native of Russia. Persons speaking the Spanish language may be natives of Spain, Mexico, Cuba, Porto Rico, Central or South America, or other countries. Do not write "Spanish" in answer to this question unless the alien is a native of Spain. Write "Cuban," "Mexican," "Porto Rican," "Central American," "South American," or other designation, according to the facts. Persons speaking the English language may be natives of the United States, Great Britain, Ireland, Canada, Australia, New Zealand, or other British possessions. Do not write "English" unless the alien is a native of England. Write "Irish," "Canadian," "Scotch," "Welsh," "Australian," "New Zealander," or other designation, according to the facts. Persons speaking the French language may be natives of France, Belgium, Canada, Switzerland, or other countries. Do not write "French" unless the alien is a native of France. Write "Belgian," "Canadian," "Swiss," or other designation, according to the facts. Persons speaking the German language may be natives of Germany, Austria, Switzerland, or other countries. Do not write "German" unless the alien is a native of Germany. Write "Austrian," "Swiss," or other designation, according to the facts. Persons speaking the Italian language may be natives of Italy, Switzerland, or other countries. Do not write "Italian" unless the alien is a native of Italy. Write "Swiss," or other designation, according to the facts.

Spanish-American refers to [illegible] people of Central and South America of Spanish descent.

[illegible]

Write the word "African (black)" to indicate a Negro, whether coming from Cuba or other West Indies, Central or South America, Europe or Africa. All aliens whose blood shall be classified under this heading.

[illegible]

The [illegible] of the River Po in northern Italy [illegible] and Finnish and their descendants, whether [illegible] any other country, should be classed [illegible] speak a Celtic dialect of the Basque language.

[illegible]

[illegible] and [illegible] south of the coast of the River [illegible] Barbados, Trinidad, Tobago, Martinique, Guadeloupe, and their descendants, should be [illegible] Negro, unless [illegible] should show the country [illegible] [illegible] provinces as set down.

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR No. 43.

SPECIAL INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

The information returned on the manifest Forms 1500, 1500 A, and 1500 B, new numbers 500, 500 A, and 500 B, so far as it relates to alien arrivals, including those in transit and tourists, should be made in accordance with the following classifications. The number of the column on the manifest sheet, even in these special instructions, and is followed, in parentheses, in all cases up to and including column 16, by a descriptive title indicating briefly the subject to which it relates.

Column 7 (age). The return of age in column 7 should be expressed in years or months, the latter appearing only for those under 1 year of age.

Column 8 (Sex). The entry in column 8 should be either M (male) or F (female).

Column 9 (Married or single). The entry in column 9 should be either M (married), S (single), W (widowed), or D (divorced).

Column 10 (Calling or occupation). The entry in column 10 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, tailor, etc., not simply as engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make their declarations on the manifests and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 11 (Able to read and write). Column 11 is subdivided and the entries therein should be either Yes, Yes (can read and write), No, No (can neither read nor write), or Yes, No (can read but not write).

Column 12 (Nationality). Column 12 should be construed to mean the country of which the alien is a citizen or subject and not country of last permanent residence.

Column 13 (Race or people). The entry in column 13 should show the race or people as given under the previous rule of construction.

Special attention is directed to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of "United Kingdom" or any other country by nationality. In this connection the following instructions should be specially observed:

JEWS

The term "Jew" refers to the following people not Negroes:

WEST INDIAN

"West Indian" refers to the people of the West Indies other than those not Negroes

SPANISH-AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK)

"African (black)" refers to the African Negro, whether born in the islands of the West Indies, North or South America, Europe, Asia, or Africa, whose appearance indicates an admixture of negro blood, such as [illegible]

ITALIAN (NORTH).

The people who are native to the kingdom of Italy, Republic of San Marino, departments of Piedmont, Lombardy, Venetia, Emilia, Liguria, Marches, Tuscany, and Umbria, residing in Italy, Switzerland, Austria-Hungary, etc., [illegible] as "Italian (north)." Most of these people speak [illegible]

ITALIAN (SOUTH).

The people who are native to the provinces of Italy, Republic of San Marino, and compartments of Liguria, Tuscany, Marches, Umbria, Latium, Abruzzi, Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, residing in [illegible] be classed as "Italian (south)."

Column 20 (Last residence). The entry in column 20 should show the country of last permanent residence of [illegible]

Column 21 (Final destination). The entry in column 21 should show the city, place, county or town of final destination.

Column 22 (Whether having a ticket through). The entry in column 22 should be either Yes (ticket) or No (no ticket).

Column 23 (Whether ever before in the United States). The entries in column 23 should show whether or not Yes or No before, and if so, the year or period of each such prior [illegible]

Column 24 (Whether to join relatives). The entry in column 24 should show by letter or word, as the case may be, whether the alien has relatives in the United States, and if so, what relatives and with name and complete address of [illegible]

Column 25 (Ever in prison, etc.). The answers in this column are to be confined to the words Yes or No, as the case may be.

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR No. 43.

SPECIAL INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

The information required on the manifest Forms 1500, 1500 A, and 1500 B (new numbers 500, 500 A, and 500 B), and relative to alien arrivals, including those in transit and transfer, should be made in accordance with the following classifications. The number of the column to which each item in these special instructions and is followed, in parentheses, by the corresponding number and including column 10, by a descriptive title indicating briefly the character to which it relates.

Column (3). The return of age in column 3 should be expressed in years or months, the latter appearing only for those under 1 year of age.

Column (4). Entry in column 4 should be either M (male) or F (female).

Column (5). Entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column (6). The entry in column 6 should be the title as near as practicable specifying the particular profession, trade, or occupation of each alien, as far as applicable. Clergymen, editors, lawyers, physicians, and engineers (mining, civil, mechanical, electrical, etc.), and not simply as engineer, machinist, miller, farmer, or other general designation.

Column (7). Entry in column 7 should be as a rule laborer, regardless of the amount of money shown to be in his possession.

A farmer should be so entered only when going to a farm to which he belongs or which he operates.

Stevedores, teamsters, and others having no distinctive occupation, should be entered as laborers.

Servants, cooks, waiters, barbers, hairdressers, porters, and registry clerks during the personal examination of aliens arriving

Column 8 (Can read). Column 8 should be filled and the entry thereon should be either Yes or No. Yes should be entered if the alien can read, and No if unable to read, but not otherwise.

Column 9 (Country of which citizen or subject). Column 9 should be construed to mean the country of which immigrant is a citizen or subject, not country of last permanent residence.

Column 10 (Race or people). Entry in column 10 should show the race or people as given in the list of races or peoples.

Special attention is called to the distinction between race and nationality, and manifests should be carefully prepared with respect to this regard. For example, a native of Scotland is by birth a subject of Great Britain, by race a Celt, by people and nationality a Scot, by language a Gaelic or English speaking man, but not necessarily a Celt; by nationality an Austrian, by race a Slav, by people a Bohemian, German, or Hebrew, by race or people of any other country, but a subject of Great Britain, United States, or any other country by naturalization. In this connection the following points should be specially observed:

NEGRO

The term "Negro" refers to the African people and Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies, that is, Cuban and Negroes

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of mixed descent.

AFRICAN (BLACK)

African (black) refers to the African Negro or the Negro coming from the islands of the West Indies, North or South American countries or Africa. Any appearance indicates an admixture of negro blood and is to be classified under this head.

ITALIAN (NORTH)

The people who are native to the territory [illegible] northern Italy, particularly of Piedmont, Lombardy, Venetia, and [illegible] their residence in Italy Switzerland, Austria-Hungary, or [illegible] Italian north. Many of these people speak [illegible]

ITALIAN (SOUTH)

The people who are native to the territory [illegible] southern Italy, comparatively of Latin [illegible] any Mediterranean [illegible] Italian, Apulian, Basilicata, Calabrian, Sicilian, and Neapolitan [illegible] be classed as Italian (south).

Column 11 (Last permanent residence). The entry in column 11 should be the city or town of last permanent residence of the alien.

Column 12 (Joining relatives). The entry in column 12 should be the name of the city or town of the destination.

Column 13 (Relatives in country whence alien came). The entry in column 13 should be either Yes or No.

Column 14 (Whose passage paid). The entry in column 14 should show whether by whom passage was paid as well as the amount paid by the alien himself, whether by relatives, friends, or employers.

Column 15 (If in possession of money and how much). The entry in column 15 should show whether the alien has money in his possession and how much, as well as whether he has a ticket to his destination.

Money brought by the head of a family should be shown, as in the case of other members of the family.

Column 16 (Ever in prison, etc.). The entries in column 16 should show whether or not the alien has been in prison or an almshouse within the year preceding the date of his arrival, and if so, the cause and length of time.

Column 17 (Coming to join husband, wife, father, etc.). The entries in column 17 should show whether the alien is coming to join husband, wife, father, mother, brother, sister, relative, friend, or other person, and give the name and complete address of such person.

Column 18. The entries in this column are to be made by the examining officer in the examination of immigrants.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (married or single).—The entry in column 4 should be either M (married), S (single), W (widowed), or D (divorced).

Column 5 (occupation).—The entry in column 5 should show the occupation, if any, of each alien, as correctly as possible. The occupation (trade, or profession) of each alien, if any, and of every kind, should be entered. Civil engineer, stationary engineer, locomotive engineer, mining engineer, lawyer, broker, real estate dealer, physician, minister, wood turner, etc., and not simply "engineer," "lawyer," "broker," "physician," "minister," "wood turner," "turner," or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests and corrections should be made if necessary by inspectors and registry clerks during the primary examination of aliens at ports.

Aliens intending to pass through, and not to the United States should be recorded under head of occupation as "in transit," those contemplating but temporary sojourn in the United States, but not intending to pass through to Canada should be recorded as "tourists," under head of occupation.

Column 6 (able to read and write).—Column 6 should show the entries therein should be either Yes or No. Yes can read and write. Yes, No can neither read nor write. Yes, No can read but not write.

Column 7 (nationality).—Column 7 should be conducive to mean the country of which immediate allegiance or subject.

Column 8 (race or people).—The entry in column 8 should show the race or people as given in list on reverse hereof (also numbered).

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands in the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy or who comprise [illegible] Lombardy, Venetia, and Emilia and their descendants, whether residing in Italy, Switzerland, America, Hungary, or any other country, should be classed as "Italian (North)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to [illegible] portion of Italy south of the basin of the River Po or who comprise [illegible] Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, whether residing in Italy, Switzerland, America, Hungary, or any other country, should be classed as "Italian (South)."

Column 9 (last permanent residence).—The entries in column 9 should show the country of last permanent residence. It is important for statistical purposes that [illegible] should invariably show country of last permanent residence and not [illegible] temporary residence, nationality, or race.

Aliens [illegible] the United States and are returning from a temporary visit abroad should be recorded as United States for country of last permanent residence.

Column 10 (final destination).—The entry in column 10 should show definitely the [illegible] destination.

Column 11 (whether having a ticket to final destination).—The entry in column 11 should be [illegible] ticket or No [illegible] to show.

Column 12 (whether in possession of $50, and if less, how much).—The entry in column 12 should show [illegible] each case [illegible] individual or family the exact amount of money shown.

Money [illegible] by the head of a family should not be divided among the several members of the family.

Column 13 (whether ever before in the United States, and if so, when and where).—The entries in column 13 should show whether or not a Yes or No in the United States before and if so, the [illegible] or period of years and place, as, 1888-97, Philadelphia.

Column 14 (whether to join relative or friend; and if so, what relative or friend).—The entry in column 14 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 15.—The answers in these columns are subject to revision by any inspection officer in the examination.

11—2195

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widow/widower), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupations as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes—Yes (can read and write). No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing upon a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the white people not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN.

Spanish American refers to the people of Central and South America of Spanish [illegible]

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North America, Europe, or Africa. Any alien whose appearance indicates an admixture of black blood should be classified under this heading.

The people who are native to the valley of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Africa, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

The people who are native to the part of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Umbria, Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apollia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence—country, and city or town of last).—The entries in column 10 should show the residence. It is important for statistical purposes that steamship companies show country of last permanent residence, independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded as from the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (Whether having ticket through to final destination).—The entry in column 12 should be either Yes (ticket) or No.

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as "self," "husband, father," "father, or other relative," friend, steamship company, etc.

Column 14 (Whether in possession of $50 and if less, how much).—The entry in column 14 should show in each case (or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show definitely whether or not Yes or No as in the United States before, and if so the year or years and place, as, 1904 NY, Philadelphia.

Column 16 (Whether coming to join relatives, and if so, what relatives or friends).—The entry in column 16 should show definitely whether coming to join either a relatives or friend, and if so, what relatives or friend, with complete address.

Columns 17 to [illegible].—The [illegible] columns are subject to revision by any inspection officer in the service.

INSTRUCTIONS FOR FILLING ALIEN [illegible]ESTS.

Column 1 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes—Can read and write; No—No can neither read nor write; or Yes—No can read but not write.

Column 7 (Nationality).—Column 8 should be construed to mean the country of which immigrant is citizen or subject.

Column 8 (Race or people).—The entry in column 9 should show the race or people to which each alien belongs, as enumerated in the table of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French," as Basque people are similarly "French" appearing on a manifest does not necessarily mean "France" in nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term Cuban refers to the native people and not Negroes.

WEST INDIAN.

West Indian refers to the native people of the West Indies other than Cuban and not Negroes.

SOUTH AMERICAN.

South American refers to the native people of Central and South America of Spanish and [illegible]

"African (black)" refers to [illegible] Islands of the West Indies. Negro, whether coming from Cuba or other appearance indicates an admixture of [illegible] heading. erica, Europe, or Africa. Any alien whose o blood should be classified under this

The people who are native to [illegible] the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, [illegible] and Emelia) and their descendants, whether residing in Italy, Switzerland, [illegible] ry, or any other country, should be classed as "Italian (north)." Most of [illegible] ak a Gallic dialect of the Italian language.

The people who are native to [illegible] of Italy south of the basin of the River Po (i. e., compartments of Liguria, [illegible] Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies show country of last permanent residence, independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded as to United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether having a ticket through to final destination).—The entry in column 12 should be either Yes (ticketed) or No (not ticketed).

Column 13 (Whether owner of passage money).—The entry in column 13 should show definitely by whom passage was paid, whether by himself, England, father, brother, or other relative; friend, steamship company, etc.

Column 14 (Whether in possession of $50 and if less than $50).—The entry in column 14 should give in each case the exact amount of money shown.

Money brought by the head should not be divided among the several members of the family.

Column 15 (Whether ever before in United States and if so, when and where).—The entries in column 15 should show yes or no. Yes or No in the United States before, and if so, the year or years and place, as 1894-97, Philadelphia.

Column 16 (Whether going to join some relative or friend).—The entry in column 16 should show whether going to join some relative or friend, and if so what relative or friend, with complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Age.—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2. Sex.—The entry in column 4 should be either M (male) or F (female).

Column 3. Married or single.—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 4. Calling or occupation.—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien at arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of aliens on arrival.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Columns 7 and 8. Can read and write.—Column 7 is subdivided and the entries therein should be either Yes or No. Yes, can read and write. No, No, can neither read nor write, or Yes, No, can read but not write.

Column 10. Race or people.—The entry in column 10 should show the race or people as given in lines on every side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or people and similarly, "France" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, Germans, or Hebrew in race might perhaps come under the heading of France, England, or any other country, by race alone. In this connection the following instructions should be specially observed:

CUBAN.

The term "Cuban" refers to the native people, not Negroes.

WEST INDIAN.

BOHEMIAN.

The people who are native to Bohemia, the basin of the River Po in northern Italy (i. e., comprising the provinces of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of them speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to the provinces of Italy south of the basin of the River Po (i. e., the compartments of Liguria, Tuscany, Umbria, Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11. Last permanent residence (country, and city or town of last).—The entries in column 11 should show definitely the place, city or town, of finished residence. It is important for statistical purposes that steamship companies record the country of last permanent residence independent of country of temporary sojourn.

INSTRUCTIONS FOR FILLING ALIEN [illegible]ESTS.

Column 1. The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2. The entry in column 2 should be either Male or Female.

Column 3. [illegible] *example.* The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4. [illegible] The entry in column 4 should describe as specifically as possible the occupation, trade, or profession of each alien, as for example, Clerk, Engineer, Mariner, Farmer, Laborer, Merchant, Tailor, Carpenter, Bricklayer, Blacksmith, Shoemaker, Locomotive engineer, Machinist, Cabinet maker, Compositor, Brass polisher, Steel polisher, Iron molder, Wood turner, etc., and not simply as Engineer, Polisher, Molder, Turner, or other indefinite description.

A distinction is made between *farmers* and *farm laborers*, regardless of the amount of money a man may have.

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship agents should make this distinction on the manifests, and corrections should be made by the examining inspectors and registry clerks during the personal examination of aliens.

Aliens arriving in transit through the United States should be examined under head of "alien in transit." Those coming only into temporary occupation in the United States, but not intending to pass through in transit, should be passed as "visitors," under head of "business."

Column 5. [illegible] In column 5 should be inserted, for each of the aliens who can read, the entries therein should be either Yes (or Y) or No (or N). Yes (or Y) can read and write. No (or N) can neither read nor write. Yes (or Y) can read but not write.

Column 6. [illegible] Column 6 should be construed to mean the country of which the alien is a native, not the country from which he comes.

Column 7. [illegible] The entry in column 7 should show the race or people to which each alien belongs.

Special attention should be paid to the distinction between race and nationality, and entries should be made in accordance with the following classification, which has been prepared for the use of immigrant inspectors and registry clerks in this service. The mere mention of country from which an alien comes does not necessarily indicate his race. For example, natives of [illegible] Scotland, Ireland, England, Germany, Canada, Mexico, or other countries may belong to any one of several races. An alien born in Ireland, for example, may be a Celt, an Anglo-Saxon, or a Hebrew, according to his religious faith or family history. Persons born in the United Kingdom of Great Britain and Ireland should not be returned as natives of England, Scotland, or Ireland, unless specifically entitled to be so returned.

African (black) refers to all negroes, whether coming from Cuba or other islands of the West Indies, South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

The people who are natives of the basin of the River Po in northern Italy, and comprise the provinces of Piedmont, Lombardy, Venetia, and Emilia, and their descendants whether residing in Italy, Switzerland, or any other country, should be classified as "Italian north." Most of them speak a Gallic dialect of the Italian language.

The people who are natives of Italy south of the basin of the River Po, comprising the provinces of Leghorn, Umbria, Marches, Abruzzi, Rome, the Campagna, Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian south."

[illegible] The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that this entry should show country of last permanent residence, and not country of nationality or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be returned as from the United States for country of last permanent residence.

[illegible] in column 11 should show definitely the place of residence in the United States of each alien.

[illegible] Columns 12 and 13. The entries in columns 12 and 13 should be either Yes (or Y) or No (or N). The entries in columns 12 and 13 should [illegible] By whom sent, whether by steamship agent, by friends, by State boards, by charitable institutions, or other sources. [illegible] Answers [illegible] should be given in such cases.

[illegible] Column 14. The entry in column 14 should give in each case the exact amount of money which each alien has in his possession at the time of his arrival.

Where [illegible] by the immigration act is divided among the several classes of aliens, [illegible]

[illegible] Columns 15 and 16. The entries in columns 15 and 16 should be either Yes or N[illegible] the [illegible] States [illegible] Yes or N[illegible] the [illegible] States [illegible] Yes or N[illegible] the [illegible] States [illegible]

INSTRUCTIONS FOR FILLING ALIEN [illegible] ESTS.

Column 1 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and correction should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only *for* a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 and 8 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes or No. Yes—Can read and write. No—No (can neither read nor write, or Yes. No (can read but not write).

Column 9 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people—not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuban and Negroes.

CENTRAL AMERICAN

"Central American" refers to the people of Central and South America of Spanish [illegible]

"African (black)" refers to the islands of the West Indies, North appearance indicates an admix heading.

The people who are native to departments of Piedmont, Lombar residing in Italy, Switzerland, A as "Italian (north)." Most of th

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 8 should describe, as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 8 and 9 (Able to read and write).—Columns 8 is subdivided and the entries therein should be either Yes (Y) or No (N). Yes means that the person can both read and write. Yes (Y) and No (N) mean that he can read but not write. No means neither read nor write.

Column 10 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11 (Race or people).—The entry in column 9 should show the race or people as given in the accompanying foreign manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French," by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew or any other race or people may come under the heading of United Kingdom or any other country as nationality, in connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the native people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America of Spanish origin.

(RACE).

"African (black)" refers to Negro, whether coming from Cuba or other islands of the West Indies, Central America, Europe, or Africa. Any alien whose appearance indicates an admixture of black blood should be classified under this heading.

(RACE).

The people who are natives of the valley of the River Po in northern Italy (i. e., comprising the compartments of Piedmont, Liguria, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, South America, or any other country, should be classed as "Italian (north)." Most of them speak a Gallic dialect of the Italian language.

(RACE).

The people who are natives of Italy south of the basin of the River Po (i. e., compartments of Liguria, Lombardy, Venetia, Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 12 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies show country of last permanent residence independent of country of nationality or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded as United States for country of last permanent residence.

Column 13 (Final destination).—The entry in column 11 should show definitely the city or town of final destination.

Column 12 (Whether having such final destination).—The entry in column 12 should be either Yes (ticket thither).

Column 13 (By whom passage paid).—The entry in column 13 should show definitely by whom passage was paid: husband, father, brother, or other relative, friend, steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each individual or family the exact amount of money shown.

Money brought by the family should not be divided among the several members of the family.

Column 15 (Whether ever before in United States, and if so, when and where).—The entries in column 15 (whether or not Yes or No) in the United States ever, and if so, the year, county and place, as, 1888-97, Philadelphia.

Column 16 (Coming to join husband, or other relative or friend).—The entry in column 16 should be coming to join either a relative or friend, and if so, what relative or friend, and complete address.

The entries in these columns are subject to revision by any inspector having charge of arriving aliens.

INSTRUCTIONS FOR FILLING ALIEN ...FESTS.

Column 1. Age.—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2. Sex.—The entry in column 4 should be either M (male) or F (female).

Column 3. Married or single.—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4. Calling or occupation.—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien at arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies shall make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of such aliens.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 8, 9, 10, and 11. Can read and write.—Column 8 is subdivided and the entries therein should be either Yes, Yes—can read and write; No, No—can neither read nor write; or Yes, No—can read but not write.

Column 8. Nationality.—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9. Race or people.—The entry in column 9 should show the race or people as given in last or seventh grade of alien manifest.

Special attention should be paid to the distinction between race and nationality, and instructions should be carefully given to inspectors and registry clerks in this regard. For instance, "English" appearing on a manifest does not necessarily mean "English" by race; "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come within the meaning of United Kingdom or other country by nationality. The accompanying instructions should be specially observed.

INSTRUCTIONS FOR FILLING ALIEN MA... FESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8 (Able to read and write).—Column 8 is subdivided and the entries therein should be either Yes—Yes—can read and write; No—No—can neither read nor write; or Yes—No—can read but not write.

Column 9 (Nationality, etc.).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 10 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "Ireland" appearing on a manifest does not necessarily mean "Irish" by nationality. An alien who is Irish, German, or Hebrew by race ... brought ... some under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1a.—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2.—The entry in column 2 should be either M male or F female.

Column 3.—*Married or single.*—The entry in column 3 should be either M married, S single, Wd widowed, or D divorced.

Calling or occupation.—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien, arrival as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of the aliens.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only from a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Column 4a.—Last permanent residence.—Column 4a is subdivided and the entries therein should be either Yes or No, as directed and write Yes or No in neither head nor write or Yes No in the head but write.

Nationality.—Column 5 should be construed to mean the country of which a person is a citizen or subject.

Race or people.—The entry in column 6 should show the race or people to which or to which each alien belongs, as for example, Bohemian, Finnish, Magyar, Polish, Russian, Spanish, Spanish-American, Portuguese, Roumanian, Ruthenian (Russniak), Scandinavian (Norwegians, Danes, and Swedes), Slovak, Slovenian, Croatian, Dalmatian, Bosnian, Herzegovinian, Montenegrin, Servian, Bulgarian, Moravian, Pacific Islander, Armenian, Syrian, Chinese, Japanese, Hebrew, Irish, Scotch, Welsh, English, French, German, Italian (North), Italian (South), West Indian, Korean, Lithuanian, Magyar, Mexican, Greek, Cuban, Dutch, East Indian, Finnish, Flemish, Turkish.

"Italian (North)."

The people who are native to the provinces of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants whether residing in Italy, Switzerland, America, Hungary, or any other country, should be classed as "Italian (north)." The people who are native to the provinces of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Color or last previous race or people.—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies correctly show countries of last permanent residence independent of country of transportation, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded as from the United States for country of last permanent residence.

Final destination.—The entry in column 11 should show (whether) place of intended final stay.

Whether ticketed through to such final destination.—The entry in column 12 should be either Yes or No, as directed.

Any alien who has not the amount required by law should be detained until he procures it, or proves that he has it in his possession, or that it will be furnished to him by friends or relatives, or by some charitable society.

Whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address.—The entry in column 14 should show whether or not any alien is going to join a relative or friend, and if so, what relative or friend, and his name and complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. Age.—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2. Sex.—The entry in column 2 should be either M male or F female.

Column 3. Married or single.—The entry in column 3 should be either M married or S single. Widowed or divorced.

Column 4. Calling or occupation.—The entry in column 4 should show as accurately as possible the occupation, trade, or profession of each alien arrived. Example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, bricklayer, steel polisher, riveter, lumber, wood turner, etc. Do not simply use the word engineer, machinist, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money showed to be in possession.

A *farmer* is one who operates a farm, either for himself as owner or as tenant.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on their blanks, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of "In transit," those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "Destined" under head of occupation.

Columns 5, 6, and 7. Nationality.—Column 5 is subdivided and the entries therein should be either Yes or No, as the case may be. No in both columns 6 and 7 means neither can read nor write. Yes in both columns 6 and 7 means can read but not write.

Column 8. Nationality.—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9. Race or people.—The entry in column 9 should show the race or people as given in list on reverse side of this manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this particular. Do not return "Russian" as the race of a Finn or Hebrew, or "Turkish" as the race of an Armenian. An Irish alien is Irish, a German is a German, and a Scotch alien is Scotch, no matter to what country he may have last belonged. Persons of the white race coming from the British Provinces of North America should be described as Canadian, English, Irish, Scotch, etc., according to the birthplace of the alien. The following distinctions should be specially observed:

The term "Chinese" refers to the Mongolian people, not Negroes.

WEST INDIAN.

"West Indian" refers to natives of the British West Indies other than Cuba, not Negroes.

[illegible] Central and South America [illegible]

AFRICAN (BLACK).

African (black) refers to the Al Negro, whether coming from Cuba or other islands of the West Indies, Northern or Southern, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are natives of that part of the basin of the River Po in northern Italy [illegible] comprising Piedmont, Lombardy, Venetia, Liguria, and Emilia and their descendants, whether born in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as Italian (north). Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives of that part of Italy south of the basin of the River Po, comprising Tuscany, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, whether born in the Italian [illegible]

Last permanent residence.—The entries in column 10 should show the country in which each alien has had a last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence [illegible] country of temporary sojourn, nationality, or race.

Aliens who have permanent residence in the United States and are returning from a visit abroad should be recorded as from United States for country of last permanent residence.

Final destination.—The entry in column 11 should show definitely the [illegible]

Whether ticket is prepaid; whether in possession of money, and how much; whether in possession of railroad ticket to final destination.—The entry in column [illegible] should be Yes or No.

The entry in column 14 should show whether money was paid by husband, father, brother, or other relative [illegible]

If in possession of $30 and if less, how much.—The entry in [illegible] or family, the exact amount of money [illegible]

The head of a family should not be divided among the several [illegible]

Whether going to join a relative in the United States and, if so, which one and where.—The entry in column [illegible] should be Yes or No in the United States [illegible] and place, as 1234 N. Philadelphia.

Whether ever before in the United States and, if so, when and where.—The entry in column [illegible] should be Yes or No, as the case may be. If Yes, state when and where, as 1903, Ellis Island, or 1904, Boston. If the alien has been in the United States before, he may have gone either a relative or friend, and it is important that [illegible] address.

[illegible] columns are subject to revision by [illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, etc., let such indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8 (Able to read and write).—Column 8 is subdivided and the entries therein should be either Yes or No. Yes can read and write, No. No. can neither read nor write, or Yes. No can read but not write.

Column 9 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifest should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people—not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba—not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America of Spanish

Column 14 (If so, whose name paid for passage).—The entry in column 14 should ... ately by whom passage was paid, ... friend, steamship company, etc.

Column 15 (Whether in possession of $50 and if not, how much).—The entry in column 14 should give in each case the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States, and if so, when and where).—The entry in column 15 should show whether or not, Yes or No, in the United States before, and if so, the year (or years) and place, as, 1894 97, Philadelphia.

Column 17 (Whether going to join a relative or friend, and if so, what relative or friend, with name and complete address).—The entry in column 16 should show whether or not, Yes or No, the alien is going to join relatives or friends, and if so what relative or friend, with name and complete address.

Column 18 (Ultimate destination).—The answers to questions are subject to revision by any inspection officer in the examination

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 6 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes or No. Yes—Can read and write. No—No can neither read nor write, or Yes. No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean French in race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. Swedish, which is Irish, German, or Hebrew in race or people, is sometimes improperly borne under the heading of United Kingdom or some other country by nationality. In this connection the following instructions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people—not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban—not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America, as a race or people.

AFRICAN (BLACK).

"African (black)" refers to the African race, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of African blood should be classified under this heading.

JEWISH.

The people who are native to the valley of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia) and their descendants, whether residing in Italy, Switzerland, Austria, or any other country, should be classed as Italian (North). Most of these speak the Piedmontese dialect of the Italian language.

RUTHENIAN (RUSSNIAK).

The people who are native to that part of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, and Sardinia) and their descendants, should be classed as "Italian (South)."

Columns 10 and 11 (Last permanent residence and country or town of last purchase).—The entries in column 10 should show the country, nationality or town of last permanent residence. It is important for statistical purposes that steamship companies and registry clerks should record the country of last permanent residence, independently of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a temporary visit abroad should be recorded on manifests as to the United States for country of last permanent residence.

Column 12 (Final destination).—Column 11 should show definitely the place, county or town of final destination.

Column 13 (If ticket reads to other than final destination).—The entry in column 12 should be either Yes (ticket) or No (ticket).

Column 14 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as "Self," "Husband, father, brother, or other relative," "Steamship company, etc."

Column 15 (How much money in possession—Over $30, and if less, how much).—The entry in column 14 should give in dollars and cents (individual or family) the exact amount of money in possession.

Column 16 (Whether ever before in the United States, and if so, when and where).—The entry in column 15 should show whether the immigrant has been in the United States or not (Yes or No) in the United States, and if so, the year (or period) and place; as, 1894-97, Philadelphia.

Column 17 (Whether going to join relative or friend, and if so, what relative or friend).—The entry in column 16 should show whether the immigrant is going to join either a relative or friend, and if so what relative or friend, with his complete address.

Columns 18 to ...—The answers in these columns are subject to revision by any inspector or officer in the examination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, miner, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of aliens at ports.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (Ability to read and write).—Column 7 is subdivided and the entries thereon should be either Yes. Yes can read and write, Yes. No can read but not write, or No. No can neither read nor write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—115

AFRO (BLACK).

"African (black)" refers to the Afro Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

PO (NORTH).

The people who are native to the [illegible] of the River Po in northern Italy (i. e., comprising the old Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Piedmontese." Most of these people speak a Gallic dialect of the Italian language.

ITALY (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po [illegible] Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classed as "Italians (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country only in which last personal residence. It is important for statistical purposes that the manifests accurately show country of last permanent residence and not country of temporary residence, nationality, or race.

Aliens who have been permanent residents of the United States and are returning from a temporary visit abroad should be recorded on manifests as "United States" for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the [illegible] destination.

Aliens coming to the United States in transit through to Canada or Mexico should show [illegible] (through to Winnipeg, Vancouver, Montreal, etc., as the case may be, or to Mexico City, etc.).

Column 12 (Whether having ticket and how paid for, and if not, how much).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (Whether in possession of $50 and if not, how much).—The entry in column 13 should show definitely by whom passage was paid, as "Self," "Husband, father, brother, or other relative; friend, steamship company, etc.

Column 14 (Whether in possession of $50 and if not, how much).—The entry in column 14 should be "Yes" or "No" as the case may be, and in each case (whether Yes or No) the exact amount of money shown.

Money is apt to be the head of a family, and must be divided among the several members of the family.

Column 15 (Whether coming to join relatives and if so, what relatives and where).—The entries in column 15 should show whether [illegible] (Yes or No) in the United States before, and if so, the name or [illegible] place; as, 1904-07, Philadelphia.

F. L. Frank, master, of the S.S. Karlsruhe from Bremen, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, 29 in number, and that from the report said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Affidavit of Surgeon.

49

Dr. med. G. Fischer, Surgeon of the S.S. Karlsruhe sailing therewith &c. solemnly, sincerely, and truly swear that I have had one years' experience as a Physician and Surgeon, and that I am entitled to practice as such by and under the authority of the University of Tübingen, and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, 29 in number, are, according to the best of my knowledge and belief, full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 13 day of Dec. 1906

Immigration Officer.

* State whether Surgeon "sailing therewith" or "employed by owners thereof," as the case may be.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. The names of all persons in column 2 should be arranged by surnames, the latter applying only to the first named in each case.

Column 2. The entry in column 2 should be either M. male, or F. female.

Column 3. Married or single. The entry in column 3 should be either M. married, S. single, Wd. widowed, or D. divorced.

Column 4. The entry in column 4 should describe as to age and locality as possible the occupation, trade, or profession of each alien, as laborer, clerk, merchant, tailor, seamstress, dressmaker, or other occupation, stating whether skilled or unskilled. Persons of all classes, whether professional men, artisans, laborers, servants, or other occupations, should be described by the terms commonly used to designate their occupations.

A distinction should be made between farmer and farm laborer, regardless of the amount of money the former may possess.

A laborer is one who works for another for hire.

A farmer is one who works upon a farm for the purpose of cultivating it.

Skilled or unskilled. The fine distinctions in the manufacturing world should be made as necessary by inspectors and registry clerks, having in view rather the facility of obtaining work than the degree of skill.

Aliens passing through. Aliens passing through and out of the United States should be described as "passing through" or "in transit." Those coming to the United States, but not intending to pass through to another country, should be described as "intending to remain."

Column 5. The entry in column 5 should be "Yes" or "No," as the case may be, to indicate whether the alien can read or can not read.

Column 6. The entry in column 6 should be "Yes" or "No," as the case may be, to indicate whether the alien can write or can not write.

Column 7. The entry in column 7 should show the race or people to which the immigrant belongs, as Hebrew, Italian, Negro, etc.

Special attention should be paid to the distinction between race and nationality. Nationality should be carefully avoided by inspectors and registry clerks in their entries. For instance, Teuton, Caucasian, Anglo-Saxon, and other general terms should not be used. Race or people and nationality. Persons belonging to the Hebrew race may be born in Russia, France, or Germany. An Italian may be a citizen, subject, or denizen of any country, but might properly, under the heading of United Kingdom or any other country, be of Italian nationality. In the connection the following instructions should be carefully observed:

ENGLISH.

The term "English" refers to the English people and not Negroes.

WEST INDIAN.

"West Indian" refers to people of the West Indies other than Cuba and Negroes.

SOUTH AMERICAN.

"South American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the Arab, Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this head.

ARMENIAN.

The people who are native to that part of the River Po in northern Italy (i. e., comprising Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether born in Italy, Switzerland, Austria, or any other country, should be classed as Northern Italians. Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po, comprising Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, whether born in Italy, Switzerland, Austria, or any other country.

Residence. The entries in column 10 should show the country in which the alien has lived at last permanent residence. It is important for statistical purposes that the entries in column 10 should show country of last permanent residence, and not place of temporary sojourn, nationality or race.

Citizen of what country. The entry in column 11 should show intention of the alien to become a citizen of the United States and his remaining from a period of two years to five years, according to the law in force at the time of his application to the United States for country of last permanent residence.

Alien who has been in the United States before. The entry in column 12 should show intimately the number of times the alien has been in the United States previously.

Whether ever before in the United States. The entry in column 13 should show whether the alien has been in the United States at any previous time.

Whether ticket or passage paid by another. The entry in column 14 should show whether the ticket or passage was paid by another person, as the husband, father, brother, or other relative, friend, steamship company, etc.

Whether in possession of $50 and if less, how much. The entry in column 15 should show whether the alien has in his possession at the time of his application at least $50 in cash, or if he has less than $50 in such cash, the exact amount of such cash in his individual or family possession. The exact amount of money in possession of each alien should be stated.

Whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address. The entry in column 16 should show whether the alien is going to join a relative or friend, and if so, what relative or friend, with name and complete address.

The answers to these columns are subject to revision by an immigrant inspector at the time of his examination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3. Ages.—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4. Sexes.—The entry in column 4 should be either M (male) or F (female).

Column 5. Married or single.—The entry in column 5 should be either M (married), S (single), Wi (widowed), or D (divorced).

Column 6. Calling or occupation.—The entry in column 6 should describe as nearly as practicable the occupation, trade, or profession of each alien at the time of arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite descriptions.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money owned, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and the words should be made, if necessary, by inspectors and registry clerks during the period of examination of aliens at ports.

Aliens intending to pass through and out of the United States should be recorded under head of "passengers in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of "temporary."

Columns 7, 8, 9, and 10. Nearest relative, etc.—Column 7 is subdivided and the entries therein should be either Yes or No, as explained and written. Nos. 8 and 9 are neither read nor written, as explained in the text.

Column 11. Nationality.—Column 11 should be construed to mean the country of which the alien last became a subject.

Column 12. Race or people.—The entry in column 12 should show the race or people as given in the answers to column 4 of the manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the race Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of "Negro blood" should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that part of the River Po in northern Italy (i. e., comprising the provinces of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po (comprising the provinces of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, whether residing in Italy or elsewhere, should be classed as "Italian (south)."

Column 13. Last permanent residence.—The entries in column 13 should show the country of last home of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, as distinguished from country of temporary sojourn, nationality, or race.

Aliens having permanent residence in the United States and are returning from a temporary visit abroad should be recorded opposite "United States" as United States for country of last permanent residence.

Column 14. Final destination.—The entry in column 14 should show definitely the [illegible] of final destination.

Whether having a ticket through to such final destination.—The entry in column 15 should be either Yes (ticket) or No (no ticket).

By whom was passage paid.—The entry in column 16 should show whether the cost of the alien's passage was paid by self, husband, father, brother, or other relative [illegible] (if by relative, state which relative), etc.

Whether in possession of $50, and if less, how much.—The entry in column 17 should show in each case the individual or family the exact amount of money [illegible] alien.

Money brought by the head of a family should not be divided among the several members of the family.

Whether ever before in the United States, and if so, when and where.—The entry in column 18 should show either Yes or No in the United States [illegible] and if so, the year (or period of years) and place—as, 1894-97, Philadelphia.

Ever in prison, etc.—The entry in column 19 should show whether Yes or No.

Whether going to join a relative or friend, and if so what relative or friend, etc.—The entry in column 20 should show whether going to join either a relative or friend, and if so what relative or friend, with name and complete address.

Remarks.—The answers in these columns are subject to revision by any inspection officer on the examination boards.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column — (age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column — (sex).—The entry in column 5 should be either M (male) or F (female).

Column — (married or single).—The entry in column 6 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column — (calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, cotton mule spinner, wood turner, etc., and not simply "engineer, polisher, mule spinner, turner," or other too general designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown in column 17, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and contract tickets should be made out accordingly. This distinction is necessary by inspectors and registry clerks during the personal examination of aliens at ports of arrival.

Aliens intending to pass through and out of the United States should be recorded under head of exemptions as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of exemptions.

Columns — (can read and write). Columns 12 and 13 subdivide and the entries therein should be either Yes or No, as the case may be, in each column. Yes, Yes—if can read and write. Yes, No—if can read but not write. No, No—if can neither read nor write.

Column — (nationality). Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column — (race or people).—The entry in column 10 should show the race or people to which immigrant belongs, as given in last previous column of manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France appearing on a manifest does not necessarily mean French as to race or people, and similarly, France appearing on a manifest does not necessarily mean France as to nationality. An alien who is Irish, German, or Hebrew in race or people might properly come under the heading of United Kingdom or any other country as to nationality. In this connection, the following distinctions should be especially observed:

CUBAN

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFR (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITA (NORTH).

"Italian (north)" refers to the people native to the basin of the River Po in northern Italy (i. e., comprising Piedmont, Liguria, Lombardy, Venetia, and Emilia) and their descendants, whether coming from Italy, Switzerland, Austria-Hungary, or any other country. Should be classed as Italians, all persons born in Italy, Most of these speak a Gallic dialect of the Italian language.

ITA (SOUTH).

"Italian (south)" refers to the people of Italy south of the basin of the River Po (i. e., comprising Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, whether coming from Italy, Switzerland, Austria-Hungary, or any other country.

Column — (last permanent residence).—The entries in column 11 should show the last permanent residence. It is important for statistical purposes that the entries should show merely where country of last permanent residence. Entries should not show temporary sojourn, nationality, or race.

Aliens coming to the United States and are returning from a temporary sojourn in other countries to the United States for country of last permanent residence.

Aliens coming to the United States for temporary sojourn, not intending to remain permanently, should be recorded in columns as foreigners in transit.

Column — (going to the United States).—The entry in column 14 should show definitely the destination in the United States (by State).

Column — (ever before in United States).—The entry in column 13 should show definitely whether the alien has been in the United States before, and if so, when and where; i. e., a person who has been in the United States should show yes or no (Yes or No) in the United States should show yes or no (Yes or No) in column 13, and should show the year or period and place; as, 1894-97, Philadelphia.

Column — (relative or friend).—The entry in column 15 should show whether the alien has a relative or friend, and if so what relative or friend; i. e., father, brother, uncle, cousin, wife, friend, etc., with name and complete address.

The answers to columns are subject to revision by any inspector making examination of alien.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter appearing only for those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6. Married or single.—The entry in column 6 should be either M (married) S (single), Wd (widowed), or D (divorced).

Column 7. Calling or occupation.—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each adult, as actor, salesman, civil engineer, stationary engineer, locomotive engineer, mining engineer, lawyer, tailor, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens.

Aliens in transit to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be entered as "temporary," under head of occupation.

Columns 8 and 9. Nationality and race.—Columns 8 and 9 are subdivided and the entries therein should be made as follows: Yes or No, as the case may be, and write Yes or No, not check mark, cipher, or dash. Yes or No, can read and write.

Column 8. Nationality.—Columns 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9. Race or people.—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France and Russia are countries and not necessarily races. French is race or people, and nationality. English, appearing as a race or people, means England as nationality. An Italian who is Irish, German, a Hebrew or Negro might or perhaps must, under the law, be of United Kingdom, or any other country in nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRO (BLACK).

"African (black)" refers to the Afro-Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ARYAN (SOUTH).

The people who are native to the east of the River Po in northern Italy (i. e., comprising the provinces of Piedmont, Lombardy, Venetia and Emilia) and their descendants, whether coming in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., the provinces of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, whether coming as "Italian (south)."

Column 10. Last residence.—The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that the entry should show country of last permanent residence, and not country of temporary sojourn, nationality, or race.

Aliens coming to the United States from foreign countries and arriving from a country adjacent to the United States should show the United States as country of last permanent residence, if they have resided there for one year or more.

Column 11. Final destination.—The entries in column 11 should show definitely the [city] or town to which each alien is destined.

A [person coming to the United States for a temporary sojourn, not intending to pass through in transit, should be entered in this column as "temporary."]

Column 12. Whether going to join a relative and if so, what relative and whether such relative has a ticket or paid his passage.—The entry in column 12 should show definitely whether any alien coming to the United States has paid for the passage [of husband, father, brother, or other relative, friend, or person, etc.].

Column 13. Whether in possession of $50 and if less, how much.—The entry in column 13 should give in each case the total or family the exact amount of money [brought] by the alien.

Money brought by the head of a family should not be divided among the several members of the family.

Column 14. Whether ever before in United States, and if so, when and where.—The entry in column 14 should show either yes or no. Yes or No in the United States [sense], and if so, the year (or period of years) and place, as, 1894-96, Philadelphia.

Column 15. Whether going to any relative, and if so, what relative or friend.—The entry in column 15 should show whether going to join either a relative or friend. [If so, what relative.]

The answers these columns are subject to revision by any [inspector] officer in the examination [room].

Cards by C. Lauterwasser

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as nearly as possible the occupation, trade, or profession of each alien on arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes or No. Yes can read and write, Yes No can read but not write, Yes No can neither read nor write, or No No.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, Russian appearing on a manifest does not necessarily mean "French" by race or people, or similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew may be of any nationality, and therefore the following distinctions should be specially observed:

CUBAN.

This term refers to the Cuban people, not Negroes.

WEST INDIAN.

West Indian refers to people of the West Indies other than Cuban or Negro.

CENTRAL AMERICAN.

This term refers to the people of Central and South America, except Negroes.

AFRICAN (BLACK).

African (black) refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., comprising the provinces Lombardy, Venetia and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as Italian (north). Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po (i. e., comprising the provinces of Liguria, Tuscany, Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as Italian (south).

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and only or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independently of transitory sojourn, nationality or race.

Aliens having a permanent residence in the United States and are returning from a visit abroad should be recorded as to the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the [illegible] destination.

[illegible] (tickets or [illegible]).

[illegible] The entry in column 12 should show definitely whether the passage was paid by the alien himself, father, brother, or other relative, employer, etc.

[illegible] sum, and if less, how much.—The entry in column 13 should show in each case the total amount of money in possession of the alien or family, the exact amount of money [illegible] by the head of a family should not be divided among the several members.

[illegible] to join friends in the United States, and if so, where, etc.—The entry in column 14 should show whether or not (Yes or No) in the United States [illegible] the name and address of the person or persons [illegible] coming to join relatives or friends, and if so what relationship or friendship. The entry in column 15 should show whether the alien has been in the United States before, and if so when and where, and whether he has been in prison or an almshouse or an asylum for the insane or supported by charity.

The [illegible] columns are ruled for the [illegible] by the examining officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4. Age.—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5. Sex.—The entry in column 5 should be either M (male) or F (female).

Column 6. Married or single.—The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 7. Calling or occupation.—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Columns 8 and 9. Able to read and write.—Column 7 is subdivided and the entries therein should be either Yes or No. Yes can read and write. No—No can neither read nor write. Yes—No can read but not write.

Column 10. Nationality.—Column 8 should be construed to mean the country in which aliens claim to have citizenship or subjectship.

Column 11. Race or people.—The entry in column 9 should show the race or people as given in the returns on the reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, Danes appearing on manifests as Germans, French as Spanish, Turks as Greeks, and similarly. Foreign peoples, as a rule, have their race designated as the equivalent of their nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country in nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to people of the West Indies other than Cuban and Negroes.

CENTRAL AMERICAN.

"Central American" refers to people of Central and South America, Spanish [illegible]

AFRICAN (BLACK).

The people who are native to the [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

Column 12. Last permanent residence.—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies state correctly the country of last permanent residence rather than country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad [illegible] will be recorded on the lists as United States for country of last permanent residence.

Column 13. Final destination.—The entry in column 11 should show definitely the place [illegible] of final destination [illegible]

Index cards by C. L.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Columns 1 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M male, or F female.

Column 3 (Married or single).—The entry in column 3 should be either M married, S single, Wd widowed, or D divorced.

Column 4 (Occupation).—The entry in column 4 should describe as accurately as possible the occupation (trade or profession) of each alien, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between *farmers* and *farm laborers* regardless of amounts of money shown as follows:

A farmer owns or operates a farm either for himself or others.

A farm laborer is any person working on a farm for the man who operates it.

Steamship companies should make this distinction in the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the process of examination of aliens arriving.

Aliens not taking passage through and out of the United States should be recorded under head of occupations as "passengers." Those coming only for a temporary sojourn in the United States, but not intending to pass through to Canada, should be classed as "tourists" under head of occupation.

Column 5 (Can read? Can write?).—Column 5 is subdivided and the entries therein should be either Yes or No. Yes can be abbreviated into Y. No, N. An alien who can read but not write, or who can write but not read, should be reported as able to read and write. Yes, Yes; an illiterate person, No, No; an alien who can read but not write, or Yes, No; can read but not write.

Column 6 (Nationality).—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people).—The entry in column 7 should show the race or people as given in list on reverse side of above manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on manifest does not necessarily mean "French" by race or people and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, Scotch, or Welsh by race or people might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

CENTRAL AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICA (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALY (NORTH).

The people who are native to the valley of the River Po in northern Italy, i. e., comprising the old provinces of Piedmont, Lombardy, Venetia, and Emilia and their descendants, whether residents of Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (North)." Most of these people speak a Gallic dialect of the Italian language.

ITALY (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po, and their descendants, whether residents of Italy, Switzerland, Austria-Hungary, or any other country, including the provinces of Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia and their descendants, should be classed as "Italian (South)."

Last permanent residence.—The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that the country accurately shows country of last permanent residence, and not country of temporary residence, nationality, or race.

Aliens who have acquired a permanent residence in the United States and are returning from a visit abroad are recorded as from the United States for country of last permanent residence.

Final destination.—The entry in column 11 should show definitely the place to which each alien is destined.

Whether having a ticket through to final destination.—The entry in column 12 should be either Yes (Y. for short) or No (N. for short).

Whether in possession of $50, and if less, how much.—The entry in column 13 should give in each case the actual amount of money possessed.

Whether any person or company has paid passage, and if so, whether by relative or friend.—The entry in column 14 should show whether or not the passage was paid, and if paid, by husband, father, brother, or other relative, friend, steamship company, etc.

Whether in possession of railroad ticket to place of final destination.—The entry in column 15 should give in each case the actual or family the exact amount of money needed.

Money brought by the head of a family should not be divided among the several members of the family.

Whether ever in prison or almshouse or supported by charity.—The entries in column 16 should show either Yes or No in the United States. In case of Yes, state when, where, and what for.

Whether going to join a relative or friend, and if so, what relative or friend.—The entry in column 17 should show what person is going to join either a relative or friend, and if a relative or friend, with name and complete address.

The foregoing column headings are subject to revision by any superior officer in the examination of aliens.

An Italian who is Irish, German, or Hebrew in race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widow), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mine engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people, as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" for nationality. An alien who is Irish, German, or Hungarian by birth might properly come under the heading of United Kingdom or any other country in nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban and Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America, other than Negroes.

AFRICAN (BLACK).

"African (black)" refers to the Alien Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded only as to United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the country of final destination.

Column 12 (Whether having a ticket through to such final destination).—The entry in column 12 should be either Yes (ticket) or No (ticket).

Column 13 (Whether any person has paid his passage).—The entry in column 13 should show definitely whether passage was paid, and by whom—husband, father, brother, or other relative; steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should show in each case (individual or family) the exact amount of money.

Money carried by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entry in column 15 should show whether or not Yes or No in the United States [illegible] year or period [illegible] and place, as "1903, Philadelphia."

Column 16 (Name and complete address of relative or friend to whom alien is going).—The entry in column 16 should show whether the alien is going to join either a relative or friend, and if to a friend, with name, example, or address.

The answers under columns 10 to 16, inclusive, are subject to inquiry by any [illegible] examining officer.

INSTRUCTIONS FOR FILLING ALIEN MAIFESTS.

Column 1 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Columns 1 and 2.—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3.—The entry in column 3 should be either M (male) or F (female).

Column 4.—*Married or single.*—The entry in column 4 should be either M (married), S (single), W (widower), or D (divorced).

Column 5.—*Calling or occupation.*—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien at arrival as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of amount of capital, skill, or knowledge.

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm, for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and reported to the commissioner of immigration of the district of arrival.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming for temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Column 6.—*Able to read or write.*—Column 6 is subdivided and the entries therein should be either Yes or No, as to read and write. Not to answer that he can read unless he can read and write. Not to answer that he can write unless he can write and read both words.

Column 7.—*Nationality.*—Column 7 should be construed to mean the country of which immigrant is a citizen or subject.

Column 8.—*Race or people.*—The entry in column 8 should show the race or people as given in lists or manifests of alien immigrants.

Special attention will be paid to the distinction between the nationality and race or people of immigrants as entered by inspectors on original lists or manifests. For instance, Finns are frequently returned as Russians, Russian Hebrews as Hebrews, Flemish as Belgians, Germans from Alsace-Lorraine as French, Germans from Posen as Russians, Scotch as English, Welsh as English, Canadians as Americans, Bohemians as Austrians, Moravians as Austrians, Croatians as Austrians, Dalmatians as Austrians, Slovenians as Austrians, Bosnians as Austrians, Herzegovinians as Austrians, Montenegrins as Austrians, Portuguese from the Azores as Portuguese, Spaniards from Cuba as Spaniards, Spaniards from Mexico as Spaniards, Spaniards from Central and South America as Spaniards, Africans (blacks) as Africans, Asiatic Turks as Turks, Syrians as Turks, Arabians as Turks, Persians as Persians, Hindus as Hindus, Chinese as Chinese, Japanese as Japanese, Koreans as Koreans, Pacific Islanders as Pacific Islanders, etc.

ITALY (NORTH).

The people who are natives to that part of Italy north of the River Po in northern Italy, i. e., comprising the provinces of Piedmont, Lombardy, Venetia, Liguria, Emilia, and their descendants, whether coming from Italy, Switzerland, Austria (Trieste), or any other country, should be classed as Italians (north). Most of these people speak a Gallic dialect of the Italian language.

ITALY (SOUTH).

The people who are natives to that part of Italy south of the basin of the River Po, i. e., comprising the provinces of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, whether coming from Italy, Switzerland, Austria (Trieste), or any other country, should be classed as Italians (south).

Intended future residence.—The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that the entries should show country of last permanent residence, without reference to temporary sojourn, nationality, or race.

Where an alien is a returned resident of the United States and is returning from a temporary visit abroad, he should be recorded on the lists of the United States for country of last permanent residence.

Ultimate final destination.—The entry in column 11 should show definitely the country of ultimate final destination.

Whether going to join relatives and what relatives, and their names and complete address.—The entry in column 12 should show whether the alien has friends or relatives to join, and if so, their names and complete address, and whether father, mother, husband, wife, brother, sister, uncle, aunt, cousin, grandparent, or grandchild.

Whether in possession of $50 and if less than $50 how much.—The entry in column 13 should show whether the alien has in his possession at least $50 in money, and if not, how much less than $50 he has in his possession. In case of families or groups the aggregate amount of money possessed by the family or group as a whole may be stated in the head of a family or group, and the exact amount of money possessed by each member of such family or group need not be stated.

Whether ever before in the United States, and if so, when and where.—The entry in column 14 should show whether the alien has ever been in the United States before, and if so, when and where he has been.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of aliens arrived.

Aliens intending to pass through and out of the United States should be recorded under head of "occupation as 'in transit;'" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 10 (Race or people).—The entry in column 10 should show the race or people as given in the list on reverse side of alien manifest.

France, appearing on a manifest does not necessarily mean French race or people and similarly Turkey appearing on a manifest does not necessarily mean Turkish race. Race is not nationality. An alien who is Irish, German, or Hebrew is not thereby precluded from coming under the heading of United Kingdom, or any other country by nationality. In the consolidation instructions should be especially observed.

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban and Negro.

Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po, the compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)."

Last permanent residence.—The entries in column 10 should show the country, and only as town of last permanent residence. It is important for statistical purposes that nationality, race, and country of last permanent residence (which is not necessarily country of temporary sojourn, nationality, or race).

Index cards 8 & 9

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrival.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Column 8 (Can read and write).—Column 8 is subdivided and the entries therein should be either Yes or No. Yes—can read and write. No—No—can neither read nor write. Yes—No—can read but not write.

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 10 should show the race or people, as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" in nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country in nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America (not Negroes).

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands in the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALY (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALY (SOUTH).

The people who are native to that place of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—The entries in column 11 should show the country of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independently of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the manifest as United States for country of last permanent residence.

Column 12 (Final destination).—The entry in column 12 should show definitely the place [illegible] of final destination.

Column 13 (Whether having a ticket through and final destination).—The entry in column 13 should be either Yes (ticket) or No (no ticket).

Column 14 (If alien has paid passage).—The entry in column 14 should show definitely whether passage was paid as to [illegible] husband, father, brother, or other relative, friend, society, or company, etc.

Column 15 (Whether in possession of $50 and if less, how much).—The entry in column 15 should in each case [illegible] or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (Whether ever before in the United States, and if so, when and where).—The entry in column 16 should show whether or not Yes or No in the United States previously, and if so, when and where, as, 1903—N. Y.; 1904—Phila.; 1905—Boston, etc.

Column 17 (Whether going to join a relative, and if so, what relative or friend).—The entry in column 17 should show whether the person is going to join either a relative or friend, and if so, what relative or friend, and give name and complete address.

The answers in these columns are subject to revision by any [illegible] during the examination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, and not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes or No. Yes can read and write. No—No can neither read nor write. Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean French by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" as nationality. An alien who is Irish, German, or Hebrew by race might properly write "France the location of United Kingdom or some other country as nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba and Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America, not Spanish.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the [illegible] of the River Po in northern Italy (i. e., comprising the provinces of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether living in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po, comprising the provinces of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)."

Last permanent residence.—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence in respect to each country, temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on lists for the United States for country of last permanent residence.

Final destination.—The entry in column 11 should show definitely the [illegible] final destination.

[illegible] (whether [illegible] *final destination*).—The entry in column [illegible] Yes (check) or No (check).

[illegible] The entry in column 13 should show definitely whether [illegible] has a husband, father, brother, or other relative, [illegible] company.

[illegible] *end of less, than money*.—The entry in [illegible] the head of a family should not be divided among the several [illegible]

[illegible] *United States, and if so, when and where*.—[illegible] should show yes or no. Yes or No in the United States [illegible] The exact address of [illegible] place, as 924 St. Philadelphia.

[illegible] *and if so, when, where, and why*.—The [illegible] should show whether he has been in the United States before, and if so, when and where, and [illegible] relatives or friends [illegible] and if [illegible] and with whom, and complete address.

The [illegible] in columns are subject to revision by any [illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3. Age.—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5. Married or single.—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6. Calling or occupation.—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of *through to* —— in transit. Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as tourists, under head of occupation.

Columns 7 and 8. Can read and write.—Column 7 is subdivided and the entries therein should be either Yes (Y) or No (N). Yes—Can read and write. No—Cannot neither read nor write. Yes—No—Can read but not write.

Column 9. Nationality.—Column 9 should be construed to mean the country of which foreigner is citizen or subject.

Column 10. Race or people.—The entry in column 9 should show the race or people as given in list at reverse side of the manifest.

Special attention should be paid to the distinction between race and nationality, and mistakes should be corrected by inspectors and registry clerks in this regard. For instance, English, Scotch, Irish, on a manifest does not necessarily mean English, Scotch, or Irish race or people, nor similarly, French appearing on a manifest does not necessarily mean French nationality. An alien who is Irish, German, or Hebrew may be brought hither from some other country, and not simply as Irish, German, or Hebrew by nationality; in this connection the following distinctions should be specially observed:

AFRICAN (BLACK).

The term "African (black)" refers to the African Negro, whether coming from Cuba or other islands in the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that section of the River Po in northern Italy (i. e., certain departments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

Column 11. Last permanent residence.—The entries in column 10 should show the country, and only in form of last permanent residence. It is important for statistical purposes that steamship companies not only show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 12. Final destination.—The entry in column 11 should show definitely the place [illegible] of final destination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5—Married or single.—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6—Calling or occupation.—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7, 8, and 9 (can read and write).—Column 7 is subdivided and the entries therein should be either Yes, Yes can read and write; No, No can neither read nor write; or Yes, No can read but not write.

Column 8—Nationality.—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10—Race or people.—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" in nationality. An alien who is Irish, German, or Hebrew in race might be a citizen or subject under the heading of United Kingdom or any other country in nationality. In connection the following distinctions should be specially observed:

AFRICAN (BLACK).

The term "African (black)" refers to the native Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartimenti of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11—Last permanent residence.—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 12—Final destination.—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 13—Whether having a ticket through to such final destination.—The entry in column 12 should be either Yes (tickets) or No (money).

Column 14—By whom was passage paid.—The entry in column 13 should show definitely as whom passage was paid, as husband, father, brother, or other relative, friend, steamship company, etc.

Column 15—Whether in possession of $50, and if less, how much.—The entry in column 14 should give in each case personal or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16—Whether ever before in the United States; and if so, when and where.—The entry in column 15 should show Yes or No in the United States before, and the year or period and place, as, 1903, 6; Philadelphia.

Column 17—Whether coming to join relatives; and if so, what relative or friend.—The entry in column 16 should show whether going to join either a relative or friend, and if so the relationship, friend's name, and complete address.

The answering of columns are subject to revision by any supervising officer in the examination of

23—1115

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1—Age.—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2—Sex.—The entry in column 2 should be either M (male) or F (female).

Column 3—Married or single.—The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4—Calling or occupation.—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows.

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 5—Able to read and write.—Column 5 is subdivided and the entries therein should be either Yes—Yes can read and write; No—No can neither read nor write; or Yes—No can read but not write.

Column 6—Nationality.—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7—Race or people.—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspector and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and so clearly. "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien, who is Irish, German, or Hebrew by race, might properly come under the heading of United Kingdom or any other country in nationality. In this connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN

"Central American" refers to the people of Central and South America of Spanish

"African (black)" refers to [illegible] (BLACK).

Negro, whether coming from Cuba or other Islands of the West Indies, North [illegible] America, Europe, or Africa. Any alien whose appearance indicates an admix[illegible] gro blood should be classified under this heading.

[illegible] (SOUTH).

The people who are native to [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy [illegible] and Emelia) and their descendants, whether residing in Italy, Switzerland, Aus[illegible] ry, or any other country, should be classed as "Italian (north)." Most of the [illegible] speak a Gallic dialect of the Italian language.

[illegible] (SOUTH).

The people who are native to the [illegible] of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tus[illegible] the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10—Last permanent residence.—The entries in column 10 should show the country and city or town of last [illegible] residence. It is important for statistical purposes that steamship companies [illegible] show country of last permanent residence and not of country of temporary [illegible] nationality, or race.

Aliens who are permanent re[illegible] the United States and are returning from a visit abroad, should be recorded [illegible] as United States for country of last permanent residence.

Column 11—Final destination.—[illegible] entry in column 11 should show definitely the place (city or town) of final destin[illegible]

[illegible] (Ticket) or [illegible]).

Column 13—If to whom sent [illegible].—The entry in column 13 should show definitely to whom passage was paid [illegible] husband, father, brother, or other relative; friend, steamship company, etc.

Column 14—Whether in possession of $50, and if less, how much.—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15—Whether ever before in United States, and if so, when and where.—The entries in column 15 should show [illegible] or not. Yes or No in the United States, and if so, the year [illegible] and place [illegible], as, 1903, Philadelphia.

Column 16—Going to join a relative or friend.—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 17 to 35.—The answers to questions in these columns are subject to revision by any inspection officer in the examination [illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1—Class. The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2—Sex. The entry in column 4 should be either M (male) or F (female).

Column 3—Married or single. The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 4—Calling or occupation. The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "Tourists," under head of occupation.

Column 5—Can read and write. Column 5 is subdivided and the entries therein should be either Yes. Yes can read and write; No. No can neither read nor write; Yes. No can read but not write.

Column 6—Nationality. Column 6 should be construed to mean the country of which the alien is a citizen or subject.

Column 7—Race or people. The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, Poles, appearing on a manifest do not necessarily indicate Polish race or people and similarly, French and Germans on manifest does not necessarily indicate Frenchmen by nationality. An alien who is Irish, German, or Hebrew may, or might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term Cuban refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban, not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America, of Spanish

AFRICAN (BLACK).

"African (black)" refers to the native Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to that part of the River Po in northern Italy (i. e., compartimenti of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as Italian (north). Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po (i. e., compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as Italian (south).

Column 8—Last permanent residence. The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence, and not country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a temporary visit abroad should be recorded on the lists as United States for country of last permanent residence.

Column 9—Final destination. The entry in column 11 should show definitely the [illegible] final destination.

Column 10—Whether having a ticket, etc. The entry in column 12 should show definitely whether the alien has a Yes. Ticket or No. Ticket.

Column 11—Whether in possession of $50 and if not, by whom sent. The entry in column 13 should show definitely whether the alien has in his possession at least $50 in money, or not; if he has not, it should show whether the deficiency was paid, and by whom, whether by himself, father, brother, or other relative, friend, or employer, or by charitable society, or by whom else.

Column 12—Whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address. The entry in column 14 should show definitely whether the alien is going to join a relative or friend, and if so, what relative or friend, and his name and complete address.

The answers to questions in columns [illegible] are subject to revision by any [illegible] examination at port

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single.)—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation.)—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

Columns 8 (Nationality.)—Column 8 should be construed to mean the country of which an immigrant is a citizen or subject.

Columns 9 (Race or people.)—The entry in column 9 should show the race or people as given in column seven, subject to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" in nationality. An alien who is Irish, German, or Hebrew in race might in point of nationality come under the heading of United Kingdom, or any other country in nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Spanish people—not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba—not Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish [illegible]

Index cards by E. L.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age). The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex). The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single). The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation). The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of the alien arriving, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, stove polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown as "cash."

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write). Columns 7 to 9, inclusive, subdivided and the entries therein should be either Yes or No. Yes can read and write. No—No can neither read nor write. Yes—No can read but not write.

Column 8 (Nationality). Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people). The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" as nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. However, sometimes the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the native people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban, not Negroes.

SOUTH AMERICAN.

"South American" refers to the people of Central and South America of Spanish [illegible]

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the valley of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence). The entries in column 10 should show the country, and only so much of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on this line as United States for country of last permanent residence.

Column 11 (Final destination). The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (Whether having a ticket through to final destination). — The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid). — The entry in column 13 should show definitely by whom passage was paid, as "self," "husband, father, brother, or other relative," "friend," "steamship company, etc."

Column 14 (Whether in possession of $50 and upward, and if less, how much). — The entry in column 14 should give in each case the individual or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where). — The entries in column 15 should show "Yes" or "No." Yes or No in the United States before, and if so, the year or period of time and place; as, 1898-02, Philadelphia.

Column 16 (Whether going to join a relative or friend, and if so, what relative or friend, with name and complete address). — The entries in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 17 to 29. — The answers to these questions are subject to revision by any inspection officer in the examination of aliens.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 and 8 (able to read and write).—Column 7 is subdivided and the entries therein should be either Yes (Yes can read and write), No (No can neither read nor write), or Yes (No can read but not write).

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant was citizen or subject.

Column 10 (race or people).—The entry in column 10 should show the race or people as given in answer to the question of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" as race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" as nationality. An alien who is Irish, German, or Hebrew by race or people may, under the heading of United Kingdom or any other country, be entered as of Irish, German, or Hebrew race or people, and not as of British, German, or Russian nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" relates to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" relates to the people of the West Indies other than Cuba, not Negroes.

SPANISH-AMERICAN.

"Spanish-American" relates to the people of Central and South America of Spanish [illegible]

AFRICAN (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands in the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

[illegible] (ROMAN).

The people who are native to the valley of the River Po in northern Italy (i. e., comprising the provinces of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Roman (North)." Most of these speak a Gallic dialect of the Italian language.

[illegible] (SOUTH).

The people who are native to the part of Italy south of the basin of the River Po (i. e., comprising the provinces of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (south)."

Columns 11 (last permanent residence).—The entries in column 10 should show the country in which is found the place of last permanent residence. It is important for statistical purposes that the name of the country, and not merely the name of a province or city, should be given. Care should be taken to show country of last permanent residence rather than country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 12 (final destination).—The entry in column 12 should show definitely the name of the city or town of final destination.

Column 13 (whether having a ticket through to final destination).—The entry in column 13 should be either Yes (the alien has such a ticket) or No (he has not).

Column 14 (whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address).—The entry in column 14 should show definitely whether the alien is going to join a husband, father, brother, or other relative, friend, employer, company, etc., and if so, what relative or friend, and his name and complete address.

Column 15 (whether in possession of $50 and if less, how much).—The entry in column 15 should show whether the alien has in his own possession or in that of his wife or family the amount of money given in each case.

Money brought by the head of a family should not be divided among the several members of the family.

Column 16 (whether ever before in the United States and if so, when and where).—The entry in column 16 should show whether the alien has been in the United States before or not. Yes or No in the United States and Yes, the year or period, and place; as, 1894, Philadelphia.

Column 17 (whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address).—The entry in column 17 should show whether the alien is going to join either a relative or friend, and if so, what relative or friend, with his name and complete address.

The [illegible] columns are subject to revision by any officer in the examination

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Last). The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 5 and 6 (Can read and write). Column 5 is subdivided and the entries therein should be either Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 7 (Nationality). Column 7 should be construed to mean the country of which immigrant is a citizen or subject.

Column 8 (Race or people). The entry in column 8 should show the race or people as given on the top reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifest should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean French[illegible] by race or people, and similarly, "France" appearing on a manifest does not necessarily mean France in nationality. Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 5. Can read and write.—Column 5 is subdivided and the entries therein should be either Yes—Yes (can read and write), Nos—No (can neither read nor write), or Yes—No (can read but not write).

Column 6. Nationality.—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9. Race or people.—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean French by race or people any more than French appearing on a manifest does not necessarily mean France by nationality. An alien who is Irish, German, or Belgian by race or people might properly come under the heading of United Kingdom, or any other country by nationality. In connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the [illegible] people (not Negroes).

WEST INDIAN.

"West Indian" refers to the [illegible] people of the West Indies other than Cuba (not Negroes).

CENTRAL AMERICAN.

The people who are native to the [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venice, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." ITALIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Romagna, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 10. (Last permanent residence.)—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence of each people of country of temporary sojourn, rather than nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 11. (Final destination).—The entry in column 11 should show definitely the place, city or town, of final destination.

Column 12. (If [illegible] destination).—The entry in column 12 should be either Yes—(yes) or No—(no).

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as for example Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes, Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Countries of Nationality, &c.—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

ITALY (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town, of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be returned under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 10 (Can read and write).—Column 7 should be subdivided and the entries therein should be either Yes or No, as can read and write; No, No, can neither read nor write; or Yes, No, can read but not write.

Column 11 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 12 (Race or people).—The entry in column 9 should show the race or people, as given in the list of races or peoples, of each alien manifested.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Finnish" appearing on a manifest does not necessarily mean Finn as to race or people, and similarly "English" appearing on a manifest does not necessarily mean "Englishman" as to nationality. An alien who is born of Scotch parents, but who might properly come under the heading of United Kingdom or Ireland as to nationality, should be entered as Scotch, Irish, or English, as the case may be, in column 12. Persons born in the Provinces of Canada should be specifically entered as such.

AFRICAN (BLACK).

The term "African (black)" refers to the Negro, whether coming from Cuba or other countries of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ARMENIAN (NORTH).

The people who are native to the land of the River Po in northern Italy, i. e., comprising the old Duchies (formerly Venetia and Emelia) and their descendants, whether residing in Italy, Switzerland, America, or any other country, should be classed as Italian (North). Most of them speak a Gallic dialect of the Italian language.

ARMENIAN (SOUTH).

The people who are native to that part of Italy south of the basin of the River Po, comprising the old Kingdoms of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants, whether residing in Italy, Switzerland, America, or any other country, should be classed as Italian (South).

Last permanent residence.—The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence only. Passengers coming from countries of temporary residence only should be recorded only as to country of permanent residence, and not as to country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded only as to United States for country of last permanent residence.

Final destination.—The entry in column 11 should show definitely the place (city or town) of final destination.

Have you a ticket to your final destination?—Yes or No.

Have you paid your own passage, or has it been paid by others? If by others, by whom?—The entry in column 16 should show whether the passage was paid by the alien himself or by others, and if by others, by whom, as "by wife," "by husband," "by father," "by mother," or other relatives.

How much money have you with you?—The entry in column 17 should show the amount of money in possession of the alien at the time of last inspection. The entry in column 17 should show the amount of money in possession of the head of the family or group. The entry in column 17 should not be divided among the several members.

Are you a citizen of the United States, and if so, how and when did you obtain your citizenship?—Yes or No, as the case may be. If yes, state whether by birth, naturalization, or derivation, and when, as "1904, Philadelphia."

Are you married or single, and if married, how many wives have you in the United States?—The entry in column 19 should show whether married or single, and if married, how many wives are living with the alien in the United States.

Are you a contributor to any fund to assist persons to emigrate to the United States? If so, what fund?—The entry in column 20 should show whether the alien is a contributor to any such fund, and if so, what fund.

Have you ever been in the United States before? If so, when and where? Have you ever been refused admission to the United States? If so, when? Have you ever been in the United States before? What is your ultimate destination? Whether to join friend or relative, and what friend or relative, and what is the name and complete address of such friend or relative? What is your ultimate destination? Whether to join friend or relative, and what friend or relative, and what is the name and complete address of such friend or relative?—The entry in column 24 should show the ultimate destination of the alien, whether to join friend or relative, and what friend or relative, and what is the name and complete address of such friend or relative.

Are you in possession of $50, and if not, how much less than $50 are you in possession of? Are you in possession of $50, and if not, how much less than $50 are you in possession of?—The entry in column 25 should show whether the alien is in possession of $50, and if not, how much less than $50 he is in possession of.

Are you ill, deformed, or crippled? If so, state cause, nature, and length of time afflicted.—The entry in column 26 should show whether the alien is ill, deformed, or crippled, and if so, the cause, nature, and length of time afflicted.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D. (divorced).

Column 5 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Can read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which the immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in the last reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France, appearing on a manifest does not necessarily mean French by race or people, and similarly, Prussia appearing on a manifest does not necessarily mean Prussian in nationality. An alien who is Irish, German, or Hebrew may have come under the heading of United Kingdom or any other country in nationality. In connection the following distinctions should be especially observed:

CUBAN.

The entry [illegible] Cuban unless he is [illegible] Negro.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba and Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America [illegible]

AFRICAN (BLACK).

African (black) refers to the African Negro, whether coming from Cuba or other islands in the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Germany, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country or town of last permanent residence. It is important for statistical purposes that steamship companies fully show country of last permanent residence [illegible] country of sojourn, nationality, or race.

Aliens who are [illegible] permanent residents of the United States and are returning from a visit abroad should be recorded on the manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination [illegible]

Column 12 (Whether going to join relatives and friends, and if so, what relatives or friends, and their names and complete address; or whether having money, and if so, how much; or whether going in search of employment, and if so, what employment, and where).—The entry in column 12 should show definitely (by "Yes" or "No") whether the alien has the price of passage paid, [illegible] husband, father, brother, or other relative; [illegible] passage was paid, [illegible] The entry in column 13 should show definitely (by "Yes" or "No") whether the alien has in his possession $30, and if less, how much.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in last or return school alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" in nationality. An alien who is Irish, German, or Dutch is in race or people properly come under the heading of United Kingdom or any other country in nationality. In this connection the following distinctions should be specially observed:

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ARMENIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies should accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town, of final destination.

[redacted]

Column 12 (Whether having friends or relatives paying passage, and final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom sent passage was paid).—The entry in column 13 should show definitely by whom passage was paid, as "himself," "father," "husband, father, brother, or other relative," "friend," "steamship company, etc."

Column 14 (Whether in possession of $50 and if less, how much).—The entry in column 14 should give in each case for the individual or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entry in column 15 should show whether yes or no (Yes or No) in the United States before, and if so, the year or years, and place or places, as, 1904 NY, Philadelphia.

Column 16 (Coming to join relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 17 to 21.—The answers to these columns are subject to revision by any inspector in the examination.

INSTRUCTIONS FOR FILLING ALL[illegible]ESTS.

Column 2 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Can read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes—can read and write; No—No—can neither read nor write; or Yes—No—can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people designated in lettering at top of each column on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France appearing on a manifest does not necessarily mean "French" by race or people and similarly, Ireland appearing on a manifest does not necessarily mean Hebrew by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. [illegible] following instructions should be specially observed.

CUBAN

The term Cuban refers to the native people (not Negroes).

WEST INDIAN

West Indian refers to the people of the West Indies other than Cuban (not Negroes).

Index cards by C. L.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "In transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "Sojourns" under head of occupation.

Columns 8 and 9 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes can read and write, No—No can neither read nor write, or Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Columns 9 and 10 (Race or people).—The entry in column 9 should show the race or people as given in list of races on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest to indicate a citizen may mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish [illegible]

11—1115

"African (black)" refers to the [illegible] Negroes, whether coming from Cuba or other islands of the West Indies, North [illegible] America, Europe, or Africa. Any alien whose appearance indicates an admixture [illegible] Negro blood should be classified under this heading.

[illegible] (NORTH).

The people who are native to the [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, [illegible]ria, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

[illegible] (SOUTH).

The people who are native to the [illegible]ction of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies [illegible] separately show country of last permanent residence independent of country of temporary sojourn, science, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as [illegible] as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (Whether having a ticket through and final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whose means passage paid).—The entry in column 13 should show definitely by whom passage was paid, as "Himself," "Father," "Husband, father, brother, or other relative; friend—steamship company, etc."

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether yes or no (Yes or No) in the United States before, and if so, the year (or period of years) and place (as, 1894-97, Philadelphia).

Column 16 (Whether going to join relatives or friend, and if so, what relative or friend, and complete address).—The entries in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with full address.

Columns 17 to 21.—The answers to these columns are subject to revision by any inspection officer in the examination

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, steel turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 5 and 6 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes. Yes (can read and write), No—No (can neither read nor write), or Yes. No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—115

AFRICAN (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the provinces of the River Po in northern Italy (i. e., compartimenti of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to the provinces of Italy south of the basin of the River Po (i. e., compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

Column 12 (Whether having a ticket through to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (If not, by whom passage was paid).—The entry in column 13 should show definitely by whom passage was paid—whether by himself, husband, father, brother, or other relative; friend, steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year or period, and place; as, 1894-97, Philadelphia.

Column 16 (Coming to join a relative or friend; and if so, what relative or friend).—The entry in column 16 should show whether or not the alien is coming to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 17 (Remarks).—The answers in these columns are subject to revision by any inspection officer in the examination of

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wi (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, actor, comedian, civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polish r, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of "occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 and 8 (can read and write).—Column 7 is subdivided and the entries therein should be either Yes (Yes can read and write). No—No can neither read nor write, or Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list in reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifest should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed.

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the valley of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of them speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po i. e., compartments of Liguria, Tuscany, the Marches, Umbria Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria Sicily, and Sardinia) and their descendants, whether classed as "Italian (south)."

Columns 10 (last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies should show country of last permanent residence independent of country of temporary sojourn. Aliens, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town, of final destination.

Column 12 (Whether having a ticket to final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as "self," "father," husband, father, brother, or other relative; friend, steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought in by head of family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year (or period) when and place, as, 1903, N. Y. Hackensack.

Column 16 (Coming to join relative or friend, and if so, what relative or friend, and if an actual relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 17 to 28.—The remaining columns are subject to revision by any inspection officer in the examination of aliens.

Affidavit of the Master or Commanding Officer, or First or Second Officer.

I, E Wollersdorff, master,* of the SS Brandenburg from Bremen, do solemnly, sincerely, and truly swear that I have caused the surgeon of said steamship sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and every one of the aliens named in the foregoing Lists or Manifest Sheets, 52 in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

B—2115

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit"; those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes can read and write), No—No can neither read nor write), or Yes—No can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" apparently on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the peoples of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish origin.

11—1118

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies already show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[redacted]

Column 12 (Whether coming to join relatives, and if so, what relative, and their final destination).—The entry in column 12 should be either Yes (ticket) or No (ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as self, husband, father, brother, or other relatives; friend, steamship company, etc.

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year or period of years and place, as, 1904–07, Philadelphia.

Column 16 (Coming to join relative in United States; and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 17 to 19.—The entries in these columns are subject to revision by any inspection officer in the examination of aliens.

I, E. Ellendorff, master of the S.S. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, gem molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through, in transit, should be classed as "tourists" under head of occupation.

Column 7 (able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes can read and write. No—No can neither read nor write. or Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "English" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race or people may come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN

"Central American" refers to the people of Central and South America, not Negroes.

RACE (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

RACE (SOUTH).

The people who are natives to the valley of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

RACE (SOUTH).

The people who are natives to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as to the United States for country of last permanent residence.

Column 11 (final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Column 12 (if either having a ticket to such final destination).—The entries in column 12 should show whether the alien has a ticket or not (Yes or No).

Column 13 (if sent for by relative or friend, etc.).—The entry in column 13 should show definitely the name and address of the person who sent for the alien whose passage was paid, as husband, father, brother, or other relative, friend, steamship company, etc.

Column 14 (if in possession of $50, and if less, how much).—The entry in column 14 should give in each case, individual or family, the exact amount of money possessed.

Money carried by the head of a family should not be divided among the several members of the family.

Column 15 (whether ever before in the United States, and if so, when and where).—The entries in column 15 should show Yes or No in the United States and, if Yes, when and where, as 1894, Philadelphia.

Column 16 (whether going to join a relative or friend, and if so what relative or friend and his name and complete address).—The entries in column 16 should show whether the alien is going to join either a relative or friend, and if so what relative or friend and his name and complete address.

The entries in these columns are subject to revision by any officer of the Immigration Service.

Index card.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M, male, or F, female.

Column 5 (Married or single).—The entry in column 5 should be either M, married, S, single, Wd, widowed, or D, divorced.

Column 6 (Calling or occupation).—The entry in column 6 should describe as correctly as possible the occupation, trade, or profession of each alien on arrival, as for example: Clerk, merchant, stationer, engineer, locomotive engineer, machinist, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between "farmers" and "farm laborers," regardless of whether a farmer employs laborers or not.

A "laborer" is one who only takes a farm, either for himself or others.

A "farmer" is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made by inspectors as inspectors and registry clerks during the personal examination of other aliens, etc.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Column 7 (Able to read).—Column 7 is subdivided and the entries therein should be either Yes—Yes—or No—No, as the case may be, as for example: Can read, Yes; can write, Yes—Yes; can read, Yes; can not write, No—No; can neither read nor write, No—No; can read but not write, Yes—No.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which a immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in last or previous line of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France, appearing on a manifest as nationality, means French, as to race or people and similarly, "French" appearing as nationality does not necessarily mean "France" as nationality. An alien who is Irish, German, or Hebrew by race, maybe properly come under the heading of United Kingdom or any other country, as to nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba not Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America, [illegible] Mexico.

BLACK.

"African (black)" refers to the [illegible] Negro, whether coming from Cuba or other countries in West Indies, North [illegible] America, Europe or Africa. Any alien whose appearance indicates an admixture [illegible] Negro blood should be classified under this head.

ITALIAN—NORTH.

The people who are native to [illegible] of the River Po in northern Italy, i. e., comprising the provinces of Piedmont, Lombardy, Venetia, Liguria, Emilia and Tuscany and their descendants, whether living in Italy, Switzerland, Austria-Hungary, France, Germany or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

ITALIAN—SOUTH.

The people who are native to [illegible] south of the basin of the River Po, comprising the provinces of Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, whether living in Italy, Switzerland, Austria-Hungary, France, Germany or any other country, should be classed as "Italian (south)."

Column 10 (Last or former residence).—The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that these entries should show country of last permanent residence only, and not place of birth, race, nationality, or race.

Aliens arriving at ports of the United States and who are returning from a temporary visit abroad should be recorded on the manifest as to the United States for country of last permanent residence.

Column 11 (Destined to the United States).—The entry in column 11 should show definitely the [illegible] intended final destination in the United States.

Column 12 (Whether in possession of $50 and if less, how much).—The entry in column 12 should be "Yes" or "No," as the case may be, as for example: Has $50 in his own pocket, Yes; has $50 in his own pocket, No; has $50 in his own pocket, Yes; has $50 in his own pocket, No.

Column 13 (Whether ticket through).—The entry in column 13 should show whether the alien's ticket is through to his destination or not, as for example: Ticket through, Yes; ticket through, No; ticket through, Yes; ticket through, No.

Column 14 (Whether in possession of $50 and if less, how much).—The entry in column 14 should show whether the alien has in his possession $50 or more, and if less than $50 the exact amount of money he has.

Money brought in the head or family should not be divided among the several members of the family.

Column 15 (Whether ever in prison, etc.).—Whether ever in the United States, and if so, when and where.

The entry in column 15 should show whether or not "Yes" or "No" in the United States [illegible] the year or period, as, 1894-96, Philadelphia.

Column 16 (Whether going to join relative or friend, and if so, what relative or friend, and if no actual relatives or friends).—The entry in column 16 should show whether going to join either a relative or friend, and if so what relative or friend, as for example: Going to join brother, Chicago; going to join friend, Boston; going to join brother, Chicago; going to join friend, Boston.

Columns [illegible] are subject to revision by any inspector, subject to [illegible] duties.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes can read and write; No—No can neither read nor write, or Yes—Yes can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1118

"African (black)" refers to the [illegible] Negro, whether coming from Cuba or other islands of the West Indies, North or [illegible] America, Europe, or Africa. Any alien whose appearance indicates an admixture [illegible] Negro blood should be classified under this heading.

11[illegible]

The people who are native to the [illegible] partments of Piedmont, Lombardy, Ve[illegible] residing in Italy, Switzerland, Americ[illegible] as "Italian (north)." Most of these [illegible]

17[illegible]

The people who are native to that [illegible] compartments of Lagaria, Tuscany, [illegible] Marches, Umbria, Rome, the Abruzzi and Campania, Apulia, Basilicata, [illegible] Calabria, Sicily, and Sardinia, and their descendants should be classed as "Italian (south)."

Column 13 (Last permanent residence).—The entries in column 13 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, as indeed, [illegible] country of temporary sojourn, residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded as to their last permanent residence in United States for country of last permanent residence.

Column 14 (Final destination).—The entry in column 14 should show definitely the place (city or town) of final destination of each alien.

Column 15 (Whether having a ticket to such final destination).—The entry in column 15 should be either Yes (ticket) or No (no ticket).

Column 16 (By whom was passage paid).—The entry in column 16 should show definitely by whom passage was paid, as "self; husband, father, brother, or other relatives; friend, steamship company, etc.

Column 17 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (Whether ever before in the United States; and if so, when and where).—The entries in column 18 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place; as, 1894-97, Philadelphia.

Column 19 (Going to join relatives or friends; and if so, what relative or friend).—The entry in column 19 should show whether going to join either a relative or friend; and if so what relative or friend, with name and complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 and 8 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read, but not write).

Column 9 (Nationality).—Column 9 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 10 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country in nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America of Spanish [illegible]

Hebrew.

"African (black)" refers to the [illegible] Negro, whether coming from Cuba or other islands of the West Indies, North or [illegible] America, Europe, or Africa. Any alien whose appearance indicates an admixture [illegible] Negro blood should be classified under this heading.

[illegible] (NORTH).

The people who are native to the [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, America, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

[illegible] (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classed as "Italian (south)."

Column 20 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

Column 12 (Whether having a ticket through to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as "self," "father," "husband, father, brother, or other relative," "friend," "steamship company, etc."

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place; as, 1903-07, Philadelphia.

Column 16 (Whether going to join relatives or friend, and if so, what relative or friend, with name and complete address).—The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Columns 17 to 35.—The answers in these columns are subject to revision by any [illegible] in connection [illegible]

It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary sojourn, nationality, or race.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Ages).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Columns 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8—Nationality. Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9—Race or people.—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the native-born people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America, not of Spanish

AFRICAN (BLACK).

"African (black)" refers to the native Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, America, Hungary, or any other country, should be classed as "Italian (north). Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place, city or town, of final destination.

Column 12 (Whether having ticket through to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, as "self," "husband, father, brother, or other relative," "friend," "steamship company," etc.

Column 14 (Whether in possession of $50 and if less, how much).—The entry in column 14 should give in each case the actual amount of money (individual or family) the exact amount of money

Money brought by the head of a family should be divided among the several members composing the family.

Column 15 (If going to join relative or friend, state full name and address).—The entries in column 15 should show the *United States* name of, *when and where* or not (Yes or No) in the United States and place, as, 1904, 97, Philadelphia.

If, and if so what relative or friend.—The to join either a relative or friend and if complete address.

The columns are subject to revision by any

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6. Married or single.—The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

Column 7. Calling or occupation.—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Coal miner, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of all aliens.

Aliens intending to pass through and out of the United States should be recorded under "head of occupation as "in transit." Those coming only for a short visit sojourn in the United States but not intending to pass through in transit, should be classed as "tourists," whatever be their occupation.

Column 8. Can read and write.—Column 7 is subdivided and the entries thereon should be either Yes or No. Yes can read and write. No—No can neither read nor write. or Yes—No can read but not write.

Column 9. Nationality.—Column 8 should be construed to mean the country of which aliens are severally citizens or subject.

Column 10. Race or people.—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be particularly reviewed by inspectors and registry clerks in this regard. For instance, Finns appearing on a manifest showing Russia as the nationality should be entered Finnish, not Russian. Finns appearing on a manifest showing Sweden as the nationality should be entered Finnish, not Swedish. Finns appearing on a manifest showing Norway as the nationality should be entered Finnish, not Norwegian. French appearing on a manifest showing necessarily Russian, France as nationality. An alien who is Irish, German, or Hebrew by race, though properly coming under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

AFRICAN (BLACK).

The entry "African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the provinces of the River Po in northern Italy, i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, America, Hungary, or any other country, should be classed as "Italian (north)." Most of this people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classified as "Italian (south)."

Column 11. Last permanent residence.—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of sentiment, race, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 12. Final destination.—The entry in column 11 should show definitely the place, city or town, or final destination.

Column 13. Whether having a ticket through (Ticket, final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 14. Whether in possession of $50 and whether going to join a relative and name and address of such relative (Relative, name, address).—The entry in column 13 should show definitely by whom passage was paid, whether by himself, husband, father, brother, or other relative, friend, steamship company, etc.

Column 15. Whether in possession of $50 and, if less, how much.—The entry in column 14 should give in each case the exact amount of money shown.

Moneys brought by the head of a family should not be divided among the several members of the family.

Column 16. Whether ever before in the United States, and if so, when and where.—The entries in column 15 should show whether or not Yes or No, in the United States before, and if so, the year or period of years and place, as "'93-97, Philadelphia."

Column 17. Coming to join relative (Relative, name and address).—The entries in column 16 should show whether coming to join either a relative or friend, and if so, relative's name and address.

Column 18. Whether in any institution or penal institution.—The entries in column 17 should show whether in any institution for the insane or criminal classes.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Columns 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of such alien at arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 7 (Can read and write).—Column 7 is subdivided and the entries therein should be either Yes or No; Yes can read and write; No—No can neither read nor write; or Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America, of Spanish

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardi, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

Columns 10 (Last permanent residence).—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded only as to the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

Columns 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Card of Surgeon

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens arriving.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Can read and write).—Column 7 is subdivided and the entries therein should be either Yes or No. Yes—can read and write. No—Not can neither read nor write. or Yes. No—can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in bottom reading side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Russian" appearing on a manifest does not necessarily mean French by race or people, and similarly "French" appearing [illegible] does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom, or any other country, by nationality. In connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba not Negroes.

SPANISH-AMERICAN

"Spanish-American" refers to the people of Central and South America, of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombard, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last permanent residence. It is important, for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from United States for country of last permanent residence.

Column 11 (Final destination).—The country in column 11 should show definitely the place, either town or final destination.

Column 12 (Whether having ... to such alien; destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (Whether in possession ...).—The entry in column 13 should show definitely by whom passage was paid (self, husband, father, brother, or other relative; friend; steamship company, etc.).

Column 14 (Whether in possession of $50, and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States; and if so, when and where).—The entries in column 15 should show whether or not (Yes or No) in the United States before; and if so, the year (or period of years) and place, as 1894-97, Philadelphia.

Column 16 (Going to join relatives or friend, and if so, what relatives or friends).—The entries in column 16 should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Column 17 (Ever in prison ...).—The answers to inspectors' questions in the examination of aliens in these columns are subject to revision by any

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3, Age.—The entry in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4, Sex.—The entry in column 4 should be either M (male) or F (female).

Column 5, Married or single.—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6, Calling or occupation.—The entry in column 6 should describe, as accurately as possible, the occupation, trade, or profession of each alien at arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, wood polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown as follows:

A farmer is one who owns or rents a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who employs him.

Steaming companies should make this distinction between the manifests and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of all passengers.

Aliens intending to pass through and out of the United States should be entered under a head of exceptions as "in transit." Aliens coming only for a temporary residence in the United States but not intending to pass through in transit, should be entered as "temporary visitors" under the head of "exceptions."

Columns 7 and 8, Can read and can write.—Column 7 is subdivided and the entries therein should be either Yes (Y) or No (N) as to reading and writing. Not every alien who can read can write, nor every one who can write can read.

Column 9, Nationality.—Column 9 should be construed to mean the country of which the alien is a citizen or subject.

Column 10, Race or people.—The entry in column 10 should show the race or people to which each alien belongs, as indicated above manifest.

Special attention is called to the distinction between race and nationality, and inspectors should be particularly careful in regard to this matter. From a careful reading of a manifest they will usually be able to determine whether an alien who is born, for instance, in Hungary, but who has resided for some years in the United Kingdom, should be entered as a Hungarian, Magyar, Austrian, Bohemian, or other race, according to the distinctions above given.

ITALIAN.

The term "Italian" refers to the Latin people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban and Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America, of Spanish [illegible]

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose [illegible] indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the valleys of the River Po in northern Italy, comprising the departments of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian, north." Most of the people who speak a Gallic dialect of the Italian language [illegible]

ITALIAN (SOUTH).

The people who are native to the provinces of Italy south of the basin of the River Po, comprising the provinces of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian, south."

Column 11, Last permanent residence.—The entry in column 11 should show the country of last permanent residence. It is important for statistical purposes that this entry should show country of last permanent residence, and not country of which a temporary resident may have nationality or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Columns 12 and 13, Final destination.—The entry in column 13 should show definitely the city or town of final destination.

Column 14, Whether having a ticket through and if not, by whom paid.—The entry in column 14 should show whether the alien has a ticket through to destination or not. Yes or No.

Column 15, Whether in possession of $50 and if less, how much.—The entry in column 15 should show whether the alien has in his possession at least $50 in money or not. If less than $50, the exact amount should be stated. If the money was paid by a friend, father, brother, or other relative, this fact should be stated, as for example: "$30, paid by father," "$40, paid by friend," etc.

Column 16, Whether going to join a relative or friend, and if so, what relative or friend, with name and complete address.—The entry in column 16 should show whether the alien is going to join a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 17 to 20.—The answers to questions in these columns are subject to revision by any inspector officer in the examination of the alien.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The nearest age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M, male, or F, female.

Column 3 (Married or single).—The entry in column 3 should be either M, married, S, single, W, widow, widower, or D, divorced.

Column 4 (Calling or occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each adult at last arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designation.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money, stock, or tools.

A *farmer* is one who owns or hires and tills either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Scrupulous compliance should insure this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens at docks.

Aliens intending to pass through and out of the United States should be recorded under head of "occupation" as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "laborers" under head of occupation.

Column 5 (Can read and write).—Column 5 is subdivided and the entries therein should be either Yes, Yes, or read and write; No, No, can neither read nor write; or Yes, No, can read but not write.

Column 6 (Nationality).—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people).—The entry in column 7 should show the race or people as given in bottom reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Irish" appearing on a manifest does not necessarily mean French, as race or people and similarly, French appearing on a manifest does not necessarily mean Chinese in nationality. An alien who is Irish, German, or Hebrew by race, might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

SPANISH-AMERICAN

"Spanish American" refers to the people of Central and South America of Spanish [illegible]

AFRICAN (BLACK).

"African (black)" refers to the [illegible] born Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to the [illegible] portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia), and their descendants, should be classed as "Italian (south)."

Column 8 (Last or former residence).—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 9 (Final destination).—The entry in column 11 should show definitely the [illegible] to which each immigrant

[redacted]

Column 12 (Have a friend or relative to join, and his name and final destination).—The entry in column 12 should be either Yes (it has) or No (it has not).

Column 13 (Money in possession).—The entry in column 13 should show definitely, in whole passage was paid by himself, husband, father, mother, or other relative; friend, steamship company, etc.

Column 14 (If not, how much have).—The entry in column 14 should give in each case the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entry in column 15 should show whether or not Yes or No in the United States before and if so the year or years and places, as, 1893-97, Philadelphia.

Column 16 (Coming to join relative or friend, and if so, what relative or friend).—The entry in column 16 should show whether going to join either a relative or friend, and if so what relative or friend, with name and complete address.

The answers to these columns are subject to revision by any inspector either at the examination

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The entries in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 4 should be either M (married), S (single), W (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien at the time of arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood carver, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who owns or rents a farm, either for home or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through, and out of the United States should be recorded under head of occupation as "in transit," those coming only for temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 6. Can read and write.—Column 7 is subdivided and the entries therein should be either Yes or No. Yes, can read and write. Yes, No—can neither read nor write. Or Yes, No—can read but not write.

Column 8. Nationality.—Column 8 should be construed to mean the country of which the alien last was a citizen or subject.

Column 9. Race or people.—The entry in column 9 should show the race or people as shown in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France is a nation, and does not necessarily mean "French" in race or people, and similarly "French" appearing on a manifest does not necessarily mean "French France" in nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish [illegible]

"African (black)" refers to the [illegible] Islands of the West Indies, North or [illegible] appearance indicates an admixture [illegible] heading.

The people who are native to the [illegible] partments of Piedmont, Lombardy, [illegible] residing in Italy, Switzerland, Austria, [illegible] as "Italian (north)." Most of these [illegible]

The people who are native to [illegible] ern compartments of Liguria, Tuscany, [illegible] Molise, Campania, Apulia, Basilicata, [illegible] ants should be classed as "Italian (south)."

Column 10. Last permanent residence.—The entries in column 10 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies should accurately show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad, should be recorded as to their United States for country of last permanent residence.

Column 11. Final destination.—The entry in column 11 should show definitely the place (city or town) of final destination [illegible]

Column 12. Whether having a ticket.—The entry in column 12 should be either Yes (ticket) or No [illegible]

Column 13. By whom passage was paid.—The entry in column 13 should show definitely whether by husband, father, brother, or other relative, friend, steamship company, etc.

Column 14. Whether in possession of $50, and if less, how much.—The entry in column 14 should give in each case the individual or family the exact amount of money [illegible]

Money brought by the head of a family should not be divided among the several members of the family.

Column 15. Whether ever before in the United States, and if so, when and where.—The entries in column 15 should be either Yes or No in the United States [illegible] before, and if so, the year and place, as, 1903, Philadelphia.

Column 16. If going to join relatives or friends.—The entry in column 16 should show [illegible] friend, and if so, what relative or friend. The entry should [illegible] going to join either a relative or friend, and if entry as common is should show [illegible] complete address.

Columns 17 to 35. The [illegible] inspection officer in the examination of aliens. [illegible] "ditto" marks are [illegible] to entries by any [illegible]

Column 3.—Sex.—The entry in column 3 should be either M. male, or F. female.

Column 4.—Married or single.—The entry in column 4 should be either M. married, S. single, Wid. widowed, or D. divorced.

Column 5.—Calling or occupation.—The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, cabinetmaker, wood turner, etc., and not simply as engineer, polisher, cabinetmaker, turner, or as laborer, or clerk.

A distinction should be made between farmers and farm laborers, regardless of the amount of money aliens may have.

Persons having no occupation, or who work either for themselves or others.

A man cannot be set down as a farmer unless he owns a farm for the man who pastures it.

Steps and companionway.—Immigrant inspection officers will place a distinctive mark, consisting of the letter I, in this column opposite the name of each alien who is to be subjected to special inquiry at the port of debarkation, and corrections shall be made, if necessary, by inspectors and registry clerks during the personal examination of aliens at ports of arrival.

Aliens intending to pass through any part of the United States should be recorded as for landed occupation as "intransit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "visitors," or "tourists," as the case may be, as explained.

Column 6.—Can read and write.—Column 6 is ruled double and the entries therein should be made Yes. Yes, can read and write. No. No, can neither read nor write, or Yes. No, can read but not write.

Column 7.—Nationality.—The entry in column 7 should be expressed to show the country of which the alien is a native or citizen or subject.

Column 8.—Race or people.—The entry in column 8 should show the race or people as given by the alien on arrival at port of debarkation.

Special attention is paid to the distinction between race and nationality, and instructions should be constantly pressed by inspectors and registry clerks in order to secure correctness. Persons sailing on a manifest does not necessarily mean Persons in the steerage and smallest. Persons appearing on a manifest does not necessarily mean Persons by nationality. Are alien who is born in Russia, Germany, or Italy, but who is brought up and taught, or partly come under the heading of United Kingdom, or any other country or nationality, to the connection the following instructions should be specially observed:

AFRICAN.

The term "African" refers to the African people and Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba and Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are natives of the basin of the River Po in northern Italy (i. e., comprising the provinces of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Germany, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives of the portion of Italy south of the basin of the River Po (i. e., comprising the provinces of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise (Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 9.—The entries in column 9 should show the country of last permanent residence. It is important for statistical purposes that this should clearly show country of last permanent residence, and not country of birth, race, nationality, or race.

Aliens who have been in the United States and are returning from a visit abroad should give as the United States for country of last permanent residence.

Column 10.—The entry in column 10 should show definitely the [illegible].

Column 11.—[illegible] (Yes or No).

Column 12.—The entry in column 12 should show the [illegible]; husband, father, brother, or other relative.

Column 13.—[illegible] of the end of last, final stock.—The entry in [illegible] should not be divided among the several [illegible].

Column 14.—[illegible] the United States—and if so, when and where].—[illegible] whether or not; Yes or No; in the United States [illegible] Philadelphia.

Column 15.—[illegible] [illegible] and if so, what relative or friend.—The [illegible] to join either a relative or friend, and if [illegible] with [illegible] complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 6 (Married or single).—The entry in column 6 should be either M (married), S (single), Wd (widow or widower), or D (divorced).

Column 7 (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example, Coal engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 8 and 9 (Able to read and write).—Column 8 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 5 (Nationality).—Column 5 should be construed to mean the country of which immigrant is a citizen or subject.

Column 10 (Race or people).—The entry in column 10 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people and similarly, "French" appearing on a manifest does not necessarily mean "France" as nationality. An alien who is Irish, German or Hebrew by race might properly come under the heading of United Kingdom or any other country in the world. In connection the following instructions should be observed:

CUBAN.

The term "Cuban" refers to the Cuban people—not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban—not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America of various races.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Columns 11 and 12 (Last permanent residence).—The entries in column 11 should show the country, and city or town, of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on manifests as United States for country of last permanent residence.

Columns 13, 14 (Final destination).—The entry in column 13 should show definitely the place (city or town) of final destination.

[redacted]

Column 15 (If going to join a relative, name and address).—The entry in column 15 should be either Yes (ticket) or No (ticket).

Column 16 (Have you $50 with you?).—The entry in column 16 should show degree of ability to support himself, husband, father, brother, or other relative, by whom passage was paid.

Column 17 (If not, how much has he?).—The entry in column 17 should show the amount of money possessed by the alien, and if [illegible] and if less, how much.

Column 18 (Whether ever before in the United States, and if so, when and where).—The entry in column 18 should show the amount of money possessed by the alien, and if less, how much.—The entry in column 18 should show the amount of money given to each one by the head of the family (or family) the exact amount of money shown.

Moneys brought by the head of a family should not be divided among the several members of the family.

Column 19 (Whether ever before in the United States, and if so, when and where).—The entry in column 19 should show whether or not Yes or No in the United States and if so, the year or years and place or places, as Yes—1902, Philadelphia.

Column 20 (Whether going to join a relative or friend, and if so, what relative or friend, and name and complete address of such relative or friend).—The entry in column 20 should show whether going to join a relative or friend, and if so, what relative or friend, with name and complete address.

These columns are subject to revision at any time.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1, Age.—The return of age in column 1 should be expressed in years or months, the latter appearing only in case under 1 year of age.

Column 2, Sex.—The entry in column 2 should be either M (male) or F (female).

Column 3, Married or single.—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4, Calling or occupation.—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien of 14 years of age and over. Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction must be made between *citizens* and *alien citizens*, regardless of the amount of money she may have.

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens entering or leaving any land port of the United States should be recorded under these designations, as in transit. Those coming only for a temporary sojourn in the United States but not actually passing through in transit, should be classed as "visitors," under head of occupation.

Column 5, Able to read.—Column 5 is exclusively for the entry of the words "Yes" or "No," as the case may be, in accordance with the fact as to whether the alien can read or can not read any language or not.

Column 6, Nationality.—Column 6 should be constructed to mean the country in which person last resided.

Column 7, Race or people.—The entry in column 7 should show the race or people as given in the various lists of races or peoples hereinafter named.

Special attention should be paid to the distinction between the several nationalities and races, as carefully revised by inspectors and registry clerks in the original Examinations. Italian (Northern) or Italian (Southern) must not be entered as merely French or General people and similarly. Persons appearing on a manifest describing nationality as German, France, by race or nationality, or an alien who is born in Germany or Hungary, or the like, ought to justly come under the heading of United Kingdom, etc., are to be corrected by inspectors. In the case of Hebrews, the race or people should be stated, as Hebrew, Russian, Hebrew, German, Hebrew, English, etc., without regard to the country.

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN.

"Central American" refers to the races of Central and South America, of Mexico, except

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (SOUTH).

The people who are native to the portion of Italy south of the basin of the River Po, i.e., compartimenti of Liguria, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classed as "Italian (south)."

Column 8, Land proprietor.—The entries in column 8 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies should accurately show country of last permanent residence, independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as United States for country of last permanent residence.

Column 9, Final destination.—The entry in column 9 should show definitely the [illegible] city or town, of final destination.

[illegible] destination for each alien. The entry in column 10 should be either Yes (ticket) or No.

Column 11, By whom was passage paid.—The entry in column 11 should show whether the alien's passage was paid by himself, father, brother, or other relative, employer, steamship company, etc.

Column 12, How much money in possession, etc.—The entry in column 12 should give in each case the exact amount of money [illegible] family should not be divided among the several members of the family.

Column 13, Whether ever before in the United States, and if so, when and where.—The entry in column 13 should show whether or not Yes or No in the United States before, and if so, the year or years, and place, as, 1904, St. Paul, Minn.

Column 14, Whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address.—The entry in column 14 should show whether the alien is going to join a relative or friend, and if so, what relative, and his name and complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 5 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien at arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should advise their agents on foreign manifests that corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes or No. Yes means read and write. No—No means neither read nor write, or Yes—No means can read but not write.

Column 6 (Nationality).—Column 6 should be construed to mean the country of which subscribed to allegiance or existence.

Column 7 (Race or people).—The entry in column 7 should show the race or people as given in reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, Russian, appearing on a manifest does not necessarily mean "French" in race or people and similarly, French appearing on a manifest does not necessarily mean Russian, Finnish by nationality. An alien who is Irish, Germanic or Hebrew by race should be [illegible] under the heading of United Kingdom or any other country by which [illegible] connection the following instructions should be especially observed:

[illegible]

CHINESE.

The term Chinese refers to the Chinese people and Negroes.

WEST INDIAN.

West Indian refers to people of the West Indies other than Cuban and Negroes.

[illegible]

Central American refers to the people of Central and South America, except Negroes.

AFRICAN (BLACK).

African (black) refers to the African Negro, whether coming from Cuba or other countries of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ARMENIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartimenti of Piedmont, Lombardy, Venetia and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian north." Most of these speak a Gallic dialect of the Italian language.

ARMENIAN (SOUTH).

The people who are native to the portion of Italy south of the basin of the River Po (i. e., compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia) and their descendants should be classed as "Italian south."

Column 8 (Last permanent residence).—The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence irrespective of country of temporary residence, nationality or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the lists as residents of United States for country of last permanent residence.

Column 10 (Final destination).—The entry in column 11 should show definitely the city, town or place to which alien is destined.

[illegible]

Column 11 (If through ticket).—The entry in column 11 should show whether alien has through ticket, or [illegible] through final destination.—The entry in column 12 should show whether alien has ticket.

[illegible]

Money brought by the head of a family should not be divided among the several members of the family.

Column 13 (If going to the United States, state if to join relative, friend, or what other person).—The entry in column 13 should show whether or not alien is going to the United States to join relatives or friends (and if so, name relative or friend, his name and place of residence), or has a ticket over a railroad or railroads to destination, or has money enough to pay his railroad fare to destination, or has any friends or relatives who will pay his railroad fare, or has any money, and if so, how much money, or has no money at all, or is going to some other country than the United States, and if so what country and for what purpose.—The entry in column 14 should show whether alien is going to a relative or friend, and if so, the complete address.

[illegible] columns are not to be answered by any [illegible].

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 2 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood carver, etc., and not simply as engineer, polisher, molder, farmer, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

Farmer includes whoever operates a farm, either for himself or others.

Farm laborer includes whoever works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens at ports.

Aliens intending to pass through and out of the United States should be recorded under head of occupations "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as [illegible] under head of occupation.

Column 5 (Can read and write).—Column 5 is subdivided in the entries therein, showing "Can read," Yes (or No); "Can write," Yes (or No); and "Can neither read nor write," Yes (or No). Can read but not write.

Column 6 (Nationality).—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people).—The entry in column 7 should show the race or people as given at the top of each page of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance: Italians appearing on a manifest does not necessarily mean "French" by nationality. French appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might possibly come only to the borders of United Kingdom of any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M male or F female.

Column 3 (Married or single). The entry in column 3 should be either M married, S single, Wd widowed, or D divorced.

Column 4 (Calling or occupation). The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien arriving as, for example, cooper, tinner, stove polisher, engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron worker, wood turner, etc., and not simply as engineer, polisher, worker, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

Farmer is one who owns, rents, or farms, either for himself or others.

Farm laborer is one who works on a farm for the man who operates it.

Steamship companies should issue this distinction in all the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under the head of comparison as "In transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "Temporary under bond of examination."

Column 5 (Can read and write). Column 5 should be filled and the entries therein should be either Yes (Yes can read and write. No—No can neither read nor write. Yes—No can read but not write.

Column 6 (Nationality). Column 6 should be construed to mean the country of which the person last is a citizen or subject.

Column 7 (Race or people). The entry in column 9 should show the race or people as distinct from the mere sum of alien manifest.

Special attention should be paid to the distinction between race and nationality and responsible examination made to this by inspectors and registry clerks in this regard. Therefore "French" appearing on a manifest does not necessarily mean French by race, but only similarly. French appearing on a manifest does not necessarily mean French by nationality. An alien who is Irish German or Hebrew by race might be born under the heading of United Kingdom or any other country in the world. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

"African (black)" refers to the [people] of the islands of the West Indies, North or [South] America, whether coming from Cuba or other [parts] of North America, Europe or Africa. An alien whose [race] or apparent indicates an admixture of black blood should be classified under this heading.

[ARMENIAN.]

The people who are native to the [Provinces] of Bohemia, Moravia, and Silesia and their descendants, whether [born] in Austria, Switzerland, America, or elsewhere.

[CUBAN.]

The people who are native to [Cuba].

The people who are native to the [Provinces] of Dalmatia and their descendants, whether [born] in Austria, Hungary, America, or elsewhere.

[DUTCH.]

The people who are native to [Holland].

[EAST INDIAN.]

The people who are native to [India].

[ENGLISH.]

The people who are native to [England].

The people who are native to [Belgium].

[FRENCH.]

The people who are native to [France].

[GERMAN.]

The people who are native to [Germany].

[GREEK.]

The people who are native to [Greece].

[HEBREW.]

The people who are native to [Palestine].

[HERZEGOVINIAN.]

The people who are native to the [Provinces] of Herzegovina and their descendants, whether [born] in Austria, Hungary, America, or elsewhere.

[IRISH.]

The people who are native to [Ireland].

[ITALIAN (NORTH).]

The people who are native to the [provinces] of Italy north of the basin of the River Po in northern Italy, viz., Piedmont, Liguria, Lombardy, Venetia, Emilia, and their descendants, whether born in Italy, Switzerland, America, or elsewhere. Most of the people from these districts speak a Gallic dialect of the Italian language.

[ITALIAN (SOUTH).]

The people who are native to the [provinces] of Italy south of the basin of the River Po, viz., Tuscany, the Marches, Umbria, Rome, the Provinces of Abruzzi e Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants, whether born in Italy, America, or elsewhere.

Column 8 (Last permanent residence). The entries in column 10 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies should show country or last permanent residence, not nationality, of country of temporary sojourn. Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as to their United States for country of last permanent residence.

Column 11 (Final destination). The entry in column 11 should show distinctly the place (city or town) of final destination.

Column 12 (If ever before in United States and if so, when and where). — The entry in column 12 should be either Yes (ticket reads to) or No.

Column 13 (By whom was passage paid). The entry in column 13 should show whether by himself, husband, father, brother, or other relative.

Column 14 (Have you $50 in your possession, and if not, how much). The entry in column 14 should give in each case the individual or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15 (Whether going to join a relative or friend, and if so, where and what is his name and complete address). — The entries in column 15 should show whether or not Yes or No in the United States before; and if so, the year (or years) and place or places, as 1888 92, Philadelphia.

Column 16 (Ever in prison or almshouse, and if so, what and why). — The entry in column 16 should show whether going to join either a relative or friend; and if so, what relative or friend, with the complete address.

Columns 17 to 35. The entries in these columns are subject to revision by any inspection officer in the examination to

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wheel turner etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists," under head of occupation.

Columns 7 and 8 (Can read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes, can read and write; No—No, can neither read nor write; or Yes—No, can read but not write.

Column 9 (Nationality).—Column 9 should be construed to mean the country of which a person is a citizen or subject.

Column 10 (Race or people).—The entry in column 10 should show the race or people as given on the reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and matured [illegible] carefully passed by inspectors and registry clerks in this regard. For example: [illegible] appearing on a [illegible] should necessarily mean [illegible] race or people [illegible]. For the application of an admitted does not by necessary mean [illegible] nationality. An alien who is a German or Hebrew in race might [illegible] under the heading of United Kingdom or any other country to [illegible] nationality [illegible] distinction should be carefully observed.

[illegible]AN

The [illegible] means that the [illegible] people, not Negroes.

[illegible]N (BLACK).

"West I[illegible] refers to the West Indies, Cuba, and Haiti as Negroes, whether coming from Cuba or other islands of the West Indies, North or [illegible]America, Europe, or Africa. Any alien whose appearance indicates an admixture [illegible]gro blood should be classified under this heading.

[illegible] (NORTH).

The people who are native to the [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, [illegible] and Emilia) and their descendants, whether residing in Italy, Switzerland, Austr[illegible]ary, or any other country, should be classed as "Italian (north)." Most of these [illegible] speak a Gallic dialect of the Italian language.

[illegible] (SOUTH).

The people who are native to tha[illegible]n of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, [illegible]ria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (Last permanent residence).—The entries in column 11 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary [illegible] license, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the manifest as United States for country of last permanent residence.

Columns 12–13 (Final destination).—The entry in column 13 should show definitely the place (city or town) of final destination.

Column 14 (Whether having a ticket through to final destination).—The entry in column 14 should be either Yes (ticket) or No (no ticket).

Column 15 (By whom was passage paid).—The entry in column 15 should show definitely by whom passage was paid, [illegible]husband, father, brother, or other relative, friend, steamship company, etc.

Column 16 (How much money has alien in his own possession).—The entry in column 16 should show in each case the actual amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (Whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address).—The entry in column 17 should show whether going to join a relative or friend, and if so, what relative or friend, with name and complete address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Columns 1, 2, 3. The number of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4. Sex. The entry in column 4 should be either M male or F female.

Column 5. Married or single. The entry in column 5 should be either M married, S single, Wd widowed, or D divorced.

Column 6. Calling or occupation. The entry in column 6 should describe as exactly as possible the occupation, trade, or profession of each alien, as for example: Cotton planter, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, rolling-mill hand, wood turner, etc., and not simply as engineer, polisher, mill hand, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and correspondents should be consulted, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens coming to pass through and out of the United States should be recorded under their occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as [illegible] under head of occupation.

Columns 7 and 8. Can read and write. Column 7 is subdivided and the entries therein should be either Yes or No. You can read and write. No. No can neither read nor write. Yes No can read but not write.

Nationality. Column 9 should be construed to mean the country of which [illegible] a citizen or subject.

Race or people. The entry in column 9 should show the race or people to which each immigrant belongs, as Bohemian, Finnish, Magyar, Polish, Russian, Scandinavian, Slovak, Spanish, Spanish-American, Tyrolese, Welsh, etc.

Special attention should be paid to the distinction between race and nationality, and the latter will be carefully revised by inspectors and registry clerks in this regard. For example, a native of France, apparently a Frenchman, but of Basque origin, should be returned as a Basque by race and a Frenchman by nationality. An alien who is Irish, German, or Hebrew by race, though a native of, and coming from, some other country, should be returned as Irish, German, or Hebrew. The following distinctions also will be specially observed:

CUBAN.

The term Cuban refers to the Cuban people, not Negroes.

WEST INDIAN.

West Indian refers to the people of the West Indies other than Cuba, not Negroes.

CENTRAL AMERICAN.

Central American refers to the people of Central and South America, of European descent.

(BLACK).

African (black). refers to the African Negro, whether coming from Cuba or other Islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

(MIXED)

The people who are native to the valleys of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia and Emelia and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect to the Italian language.

(SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, Umbria, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia and their descendants should be classed as "Italian (south)."

Column 10. Last permanent residence. The entries in column 10 should show the *country only* or town of last permanent residence. It is important for statistical purposes that steamship companies separately show country of last permanent residence, independent country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 11. Final destination. The entry in column 11 should show definitely the place, city or town, of final destination.

Column 12. Whether having a ticket prepaid by himself or others. The entry in column 12 should be either Yes (ticket prepaid) or No.

Column 13. By whom was passage paid. The entry in column 13 should show definitely by whom passage was paid, as himself, herself, husband, father, mother or other relative, friend, steamship company, etc.

Column 14. Whether in possession of $50 and if less than $50. The entry in column 14 should give in each case the amount of money (cash in hand) in actual possession of the individual or family. The exact amount of money should be shown.

Money brought by the head of a family for the use of the family should not be divided among the several members of the family.

Column 15. Whether ever before in the United States, and if so, when and where. The entries in column 15 should show whether or not Yes or No in the United States before, and, if so, the year or period when and places as 1903 (C. Philadelphia).

Column 16. Whether going to join a relative and name of such relative; and state if in actual possession of $50 or more. The entry in column 16 should show whether the alien is going to join either a relative or friend, and if so, such relative or friend, with his complete address.

Columns 17 to 21. The answers to these columns are subject to inquiry by any inspector or other in the examination of aliens.

Column 4. Married or single. The entry in column 4 should be either M (married), S (single), W (widowed), or D (divorced).

Column 5. Calling or occupation. The entry in column 5 should describe as accurately as possible the occupation, trade, or profession of each alien at arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifest sheets, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Columns 6 and 7. Can he read and write. Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write), No—No (can neither read nor write), or Yes—No (can read but not write).

Columns 8 to 10. Nationality. Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Columns 9 and 10. Race or people. The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Polish" appearing on a manifest does not necessarily mean "Polish" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "French" by nationality. An alien who is Irish, German, or Hebrew by race might properly be entered under the heading of United Kingdom, etc., [illegible] the following distinctions should be observed:

CUBAN.

The [illegible] refers to the Cuban people, not Negroes.

WEST INDIAN.

West [illegible] people of the West Indies other than Cuban, not Negroes.

AMERICAN.

[illegible] United States, native or naturalized, not Negro.

BLACK.

"African (black)" refers to the [illegible] Negro, whether coming from Cuba or other islands of the West Indies, Northern or Central America, Europe or Africa. Any alien whose appearance indicates an admixture of [illegible] negro blood should be classified under this heading.

NORTH.

The people who are native to [illegible] of the River Po in northern Italy, [illegible] compartments of Piedmont, Lombardy, Liguria, [illegible]a and Emilia and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these [illegible] speak a Gallic dialect of the Italian language.

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)."

Columns 11 and 12. Last permanent residence. The entries in column 11 should show the *country, and city or town,* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from United States for country of last permanent residence.

Columns 13 and 14. Final destination. The entry in column 13 should show definitely the place, city or town, of final destination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age). The return of age in column 1 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex). The entry in column 2 should be either M male or F female.

Column 3 (Married or single). The entry in column 3 should be either M married, S single, Wd widowed, or D divorced.

Column 4 (Calling or occupation). The entry in column 4 should describe, as accurately as possible the occupation trade, or profession of each alien arriving as for example, Civil engineer stationary engineer locomotive engineer, mining engineer, cotton polisher, steel polisher, iron moulder, wood turner etc., and not simply as engineer polisher moulder, turner, or such indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and correction should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through, and out of the United States should be recorded under head of occupation as "in transit," those coming in and, for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 5 (Able to read and write). Column 5 is subdivided and the entries therein should be either Yes. Yes can read and write. No. No can neither read nor write. or Yes. No can read but not write.

Column 6 (Nationality). Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people). The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

For instance, France appearing on a manifest does not necessarily indicate that the race or people and similarly [illegible] France by nationality. An alien who is Irish, German, or Hebrew may equally properly come under the heading of the United Kingdom or any other country by [illegible] to which consideration the following distinctions should be specially attended:

CUBAN.

The term "Cuban" refers to the native people not Negroes.

WEST INDIAN.

"West Indian" refers to natives of the West Indies other than Cuban not Negroes.

CENTRAL AMERICAN.

"Central American" refers to natives of Central and South America [illegible]

Most of these speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po i. e., compartments of Liguria, Tuscany, the Marches, Umbria Rome, the Abruzzi and Molise Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia and their descendants should be classed as "Italian south."

Column 8 (Last permanent residence). The entries in column 8 should show the *country and city or town* of last permanent residence. It is important for statistical purposes that township companies should not merely show country of last permanent residence in general as country of temperate zone, but should show nationality or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as arrivals in United States for country of last permanent residence.

Column 9 (Final destination). The entry in column 9 should show definitely the place—city or town of final destination [illegible] in each case of final destination.

Money brought by the head of a family should not be divided among the several members of the family.

Column 13 (Whether ever before in the United States, and if so, when and where). The entry in column 13 should show whether or not Yes or No in the United States before, and if so, when and where, as—1902, Philadelphia.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4 (Age). The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (Sex). The entry in column 5 should be either M male or F female.

Column 6 (Married or single). The entry in column 6 should be either M married, S single, Wd widowed, or D divorced.

Column 7 (Calling or occupation). The entry in column 7 should describe as exactly as possible the occupation, trade, or profession of each alien on arrival as for example: Cotton planter, stationary engineer, locomotive engineer, mining engineer, brass polisher, wheel polisher, iron moulder, stone mason, carpenter, and not simply as engineer, polisher, moulder, laborer, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of aliens arriving.

Aliens in transit through and not to the United States should be inspected under head of occupation as "In transit." Those coming only for a temporary stay in the United States but not intending to pass through in transit should be classed as "Visitors," under head of class passing.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3 (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes can read and write; No—No can neither read nor write; or Yes—No can read but not write.

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifest should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly, "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might perhaps come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuba (not Negroes).

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

11—1115

[illegible] BLACK).

"African (black)" refers to [illegible] Negro, whether coming from Cuba or other islands of the West Indies, North [illegible] America, Europe, or Africa. Any alien whose appearance indicates an admix[illegible] negro blood should be classified under this heading.

[illegible] (NORTH).

The people who are native to [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, [illegible] and Emelia) and their descendants, whether residing in Italy, Switzerland, Au[illegible] Hungary, or any other country, should be classed as "Italian (north)." Most of these [illegible] speak a Gallic dialect of the Italian language.

[illegible] (SOUTH).

The people who are native to [illegible] of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tu[illegible] the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, [illegible] Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Last permanent residence).—The entries in column 10 should show the country, and city or town of last [illegible] permanent residence. It is important for statistical purposes that steamship companies [illegible] clearly show country of last permanent residence, not [illegible] country of temporary [illegible] or race, nationality, or race.

Aliens who are permanent residents [illegible] the United States and are returning from a visit abroad should be recorded as [illegible] the United States for country of last permanent residence.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

[illegible] (each final destination).—The entry in column [illegible] ticket.

Column 12 (Whether having [illegible]).—The entry in column 12 should show definitely whether [illegible] name.

12 should be either Yes (ticket) or No.

Column 13 (If going to join some person [illegible]).—The entry in column 13 should show definitely by whom passage was paid [illegible], husband, father, brother, or other relative, friend, steamship company, etc.

Column 14 (Whether in possession of [illegible] dollars, and if less, how much).—The entry in column 14 should give in each case the [illegible] individual or family the exact amount of money shown.

Money brought by the head [illegible] family should not be divided among the several members of the family.

Column 15 (If ever before in [illegible] United States, and if so, when and where).—The entries in column 15 should show whether or not Yes or No; in the United States before, and if so, the year or years and place: as 1894-97, Philadelphia.

Column 16 (Complete name and address of relative or friend).—The entry in column 16 should show the name and complete address of the relative or friend to whom the [illegible] is going.

Column 17 (Ever in prison, etc.).—The answers to [illegible] these columns are subject to revision by any inspection officer in the examination.

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR No. 43.

SPECIAL INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

The 20th century returns on the manifest (Forms 1500, 1500 A, and 1500 B (new numbers) are A and B respectively) relate to alien arrivals, including those in transit to the United States, should be made in accordance with the following classifications. The number of the column on the manifest is given in these special instructions and is followed, in parentheses, by all the words and figures (including column 20) by a descriptive title indicating briefly the subject to which it relates.

Column ... (age). The entry in column ... should be expressed in years or months. The entry is always in column ... either M (male) or F (female).

Column ... (married or single). The entry in column ... should be either M (married), S (single), W (widowed), or D (divorced).

Column ... (occupation). The entry in column ... should be the occupation, trade, or profession of each alien arrival as far as practicable. Such terms as "laborer," "servant," or "farmer" should be avoided, if possible, as indefinite. Where a person has been employed at a particular trade, such trade should be stated, as "mason," "carpenter," "engineer," "tailor," "dressmaker," "bookkeeper," "stenographer," "clerk," "cook," "barber," "physician," "surgeon," "miner," "merchant," "peddler," "preacher," "priest," "rabbi," "author," "editor," "musician," "actor," "artist," "lecturer," or "professor."

A housewife should be so returned, and not merely as "at home" or "housework," regardless of the amount of home labor performed.

Column ... (can read). The entry in column ... should be "Yes" or "No," as the case may be, to indicate whether or not the alien can read some language or dialect.

Column ... (can write). The entry in column ... should be "Yes" or "No," as the case may be, to indicate whether or not the alien can write some language or dialect.

Column ... (can both read and write). The entry in column ... should be "Yes" or "No," as the case may be, to indicate whether or not the alien can both read and write.

Column ... (nationality). The entry in column ... should show the country of which the alien is a citizen or subject when such country exists and permanent residence.

Column ... (race or people). The entry in column ... should show the race or people to which each alien belongs. See list of alien races below.

Special attention should be paid to the distinction between race and nationality, and instructions should be carefully followed by inspectors and registry clerks in this regard. For example, "German" appearing as a nationality does not necessarily mean "German" by race or people, and similarly "French" appearing as the nationality does not necessarily mean "French" by nationality. An alien whose race is Celtic, German, or Hebrew is frequently returned as of the United Kingdom, or as of some country by nationality. In this instance the following suggestions should be specially observed:

IRISH.

The term "Irish" refers to the Celtic people upon Ireland.

WEST INDIAN.

"West Indian" embraces all people of the West Indies other than Cuban and Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)," refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (SOUTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartimenti of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these speak the Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to the portion of Italy south of the basin of the River Po (i. e., compartimenti of Liguria, Tuscany, Marches, Umbria, Latium, Abruzzo, Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10 (Final destination). The entry in column 10 should show the country, and if in the United States the State, of last permanent residence. The entry in column 10 should show definitely the place, by town, of final destination.

Column 11 (Whether having ticket to such final destination). The entry in column 11 should be either Yes (ticket) or No (no ticket).

Column 12 (By whom was passage paid). The entry in column 12 should show definitely by whom passage was paid, as "self," husband, father, brother, or other relative, friend, steamship company, etc.

Column 13 (Whether in possession of $50, and if less, how much). The entry in column 13 should give in each case the individual or family the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 14 (Whether ever before in the United States, and if so, when and where). The entry in column 14 should show whether or not (Yes or No) the alien has been in the United States before, and, if so, the year or period, as "1903," "1900-02," Philadelphia.

Column 15 (Whether going to join relative or friend, and if so, what relative or friend). The entry in column 15 should show whether going to join either a relative or friend, and if so, what relative or friend, with full name and complete address.

Columns 16 to 20, inclusive. The answers in these columns are subject to revision by any inspecting officer at the examination.

Column 3. Married or single.—The entry in column 3 should be either M (married), S (single), W (widowed), or D (divorced).

Calling or occupation.—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

For instance, Germ[illegible] appearing on a manifest should not be entered as German, French as French, Italian as Italian, Hebrew as Hebrew, or Russian as Russian, unless the nationality is also given as German, French, Italian, Hebrew, or Russian. Such entries as Germany, France, Italy, Russia, Turkey, or England, or any other country in the world, are under the heading of United Kingdom, or any other country to which [illegible] belong, distinguishing the race or specialty observed.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4. Ages.—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5. Sex.—The entry in column 5 should be either M (male) or F (female).

Column 6. Married or single.—The entry in column 6 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 7. Calling or occupation.—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under heading of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through, in transit, should be classed as "tourists" under head of occupation.

Column 8. Able to read and write.—Column 8 is subdivided and the entries therein should be either Yes or No. Yes means can read and write. Yes-No means can neither read nor write. No-Yes means can read but not write.

Column 9. Nationality.—Column 9 should be construed to mean the country to which each immigrant alien professes allegiance.

Column 10. Race or people.—The entry in column 10 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality as manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France appearing on a manifest does not necessarily mean French by race or people, and similarly, French appearing on a manifest does not necessarily mean France as to nationality. An alien who is Jew, German, or Hebrew by race ought properly to come under the heading of Hebrew, Russian, or any other country, as the case may be. In this connection the following instructions should be especially observed:

ASIATIC.

The term "Asiatic" refers to the Mongolian people and Negroes.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., comprising old Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian, north." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to the portion of Italy south of the basin of the River Po, comprising the compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian, south."

Column 11. Last permanent residence.—The entries in column 10 should show the country only in case of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence as distinguished from country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as to United States for country of last permanent residence.

Final destination.—The entry in column 11 should show definitely the place in the United States for which each alien immigrant is destined.

Whether going to join a relative.—The entry in column 12 should be either Yes or No, as the case may be.

Whether in possession of $50 and if not, how much.—The entry in column 13 should show definitely the exact amount of money in possession of each alien immigrant, whether he has $50 or more or less than $50.

Whether ticketed to destination.—The entry in column 14 should show definitely whether each alien immigrant has a railroad ticket or other ticket to his destination.

Whether in possession of a passport and by whom issued.—The entry in column 15 should show definitely whether each alien immigrant has a passport, and if so, by what country it was issued.

Whether coming by the aid of another person and if so, whose name and address.—The entry in column 16 should show definitely whether each alien immigrant has been assisted to come by any other person, and if so, the name and address of such person, whether husband, father, mother, or other relative, friend, steamship company, agent, or other person.

Whether ever in prison or almshouse or supported by charity and if so, what and why.—The entry in column 17 should show definitely whether each alien immigrant has been in prison or almshouse or supported by charity, and if so, what and why.

Whether a polygamist.—The entry in column 18 should show definitely whether each alien immigrant is a polygamist.

Whether an anarchist.—The entry in column 19 should show definitely whether each alien immigrant is an anarchist.

Whether coming under contract or agreement to perform labor and if so, what kind.—The entry in column 20 should show definitely whether each alien immigrant is coming under contract or agreement to perform labor in the United States, and if so, what kind of labor.

Whether a person who has been deported.—The entry in column 21 should show definitely whether each alien immigrant is a person who has been deported, and if so, how many times.

Whether a person who has been in the United States before and if so, how many times and how long at last time.—The entry in column 22 should show definitely whether each alien immigrant has been in the United States before, and if so, how many times and how long at last time.

Whether going to join a husband, wife, father, mother, child, brother, sister, uncle, aunt, cousin, nephew, niece, grandfather, or grandmother, and if so, whose name and address.—The entry in column 23 should show definitely whether each alien immigrant is going to join a husband, wife, father, mother, child, brother, sister, uncle, aunt, cousin, nephew, niece, grandfather, or grandmother, and if so, whose name and address.

Whether going to join a friend, and if so, whose name and address.—The entry in column 24 should show definitely whether each alien immigrant is going to join a friend, and if so, whose name and address.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 3. (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4. (Sex).—The entry in column 4 should be either M (male) or F (female).

Column 5. (Married or single).—The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 6. (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit;" those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 7. (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes can read and write; Nos—No can neither read nor write; or Yes—No can read but not write.

Column 8. (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 9. (Race or people).—The entry in column 9 should show the race or people as given in heading (see reverse side of alien manifest).

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" in race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Irish, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people, not Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than Cuban and Negro.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America of all states.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to all portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10. (Last permanent residence).—The entries in column 10 should show the *country, and city or town* of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 11. (Final destination).—The entry in column 11 should show definitely the place, city or town of final destination.

[redacted] by destination.

Column 12. (Whether having ... through final destination).—The entry in column 12 should be either Yes (ticket) ... ticket).

Column 13. (By whom were passage paid).—The entry in column 13 should show definitely by whom passage was paid, ... husband, father, brother, or other relative, friend, steamship company, etc.

Column 14. (Whether in possession of $50 and if less, how much).—The entry in column 14 should give in each case (individual or family) the exact amount of money shown.

Money brought by the head of a family should not be divided among the several members of the family.

Column 15. (If ever before in the United States, and if so, when and where).—The entries in column 15 should show whether or not Yes or No in the United States ... and if so, the year or period ... years and place, as 1894 "Philadelphia."

Column 16. (Whether going to join relatives or friends, and if so, what relatives or friends, and their names and complete address).—The ... in this column should show ... or going to (address) relatives or friends, and if ... complete address.

Separate sheets ... or in the examination ... aliens.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column ... (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column ... (Sex).—The entry in column 5 should be either M (male) or F (female).

Column ... (Married or single).—The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

Column ... (Calling or occupation).—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite description.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or other.

A *farm laborer* is one who works on a farm for the man who operates it.

Steam railway companies should make this distinction on the manifests, and correction should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column ... (Can read and write).—Column 8 is subdivided and the entries therein should be either Yes, Yes (can read and write), Yes, No (can neither read nor write), or Yes, No (can read but not write).

Column ... (Nationality).—Column 9 should be construed to mean the country of which person last was a citizen or subject.

Column ... (Race or people).—The entry in column 10 should show the race or people as given in the comprehensive table of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, Finns appearing on a manifest do not necessarily mean French, by race or people, nor Swedes, Dutch, appearing on a manifest does not necessarily mean French, by race or people, nor Swedes, Dutch, appearing on a manifest does not necessarily mean Germans by race or people, nor Germans, French, by race or people, nor Germans, French, by race or people, nor Germans, French,

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of alien arrivals.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4—Age. The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5—Sex. The entry in column 5 should be either M (male) or F (female).

Column 7—Married or single. The entry in column 7 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 8—Calling or occupation. The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arriving, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *laborer* and *farm laborer*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit"; those coming only for a temporary sojourn in the United States but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 9—Able to read and write. Column 9 is subdivided and the entries therein should be either Yes—Yes (can read and write), Yes—No (can read but not write), No—No (can neither read nor write), or Yes—No (can read but not write).

Column 10—Nationality. Column 10 should be construed to mean the country of which immigrant is a citizen or subject.

Column 11—Race or people. The entry in column 11 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, France appearing on a manifest does not necessarily mean French (by race or people and similarly, "French" appearing on a manifest does not necessarily mean France (by nationality). An alien who is from Germany, or Hebrew by race, might properly come under the heading of [illegible] and not Germany as to nationality. In this connection the following distinctions should be especially observed.

CUBAN.

The term "Cuban" refers to the Cuban people and not Negroes.

WEST INDIAN.

"West Indian" refers to a person of the West Indies (other than Cuba) and not Negro.

SOUTH AMERICAN.

"South American" refers to the people of Central and South America of Spanish [illegible]

(BLACK).

"African (black)" refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

(NORTH).

The people who are native to the [illegible] of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these speak a Gallic dialect of the Italian language.

(SOUTH).

Column 12—Last permanent residence (country, and city or town of last). The entries in column 12 should show the country of last permanent residence. It is important for statistical purposes that steamship companies show country of last permanent residence, not country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 13—Final destination (city or town). The entry in column 13 should show definitely the place (city or town of final destination).

Column 14—Whether having a ticket through to final destination. The entry in column 14 should be either Yes or No (or a check mark).

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column [illegible].—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column [illegible].—The entry in column 5 should be either M, male, or F, female.

Column [illegible] for single.—The entry in column 6 should be either M, married; S, single; W, widowed, or D, divorced.

Column [illegible].—The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien, as, for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on their manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as [illegible] according to occupation.

Columns [illegible].—Column 8 is subdivided and the entries should be either Yes or No, as read and write. Yes, No, and neither read nor write.

Column [illegible].—Column 9 should be answered to mean the country in which [illegible] a citizen or subject.

Column [illegible].—The entry in column 10 should show the race or people to which each alien belongs, as Finnish, Hebrew, etc.

Special attention should be paid to the proper designation of races and nationality on manifests, and the immigrant inspectors and registry clerks at the ports of [illegible] instructed to [illegible] the proper designation of races and peoples. Column 10 applies chiefly to natives of countries contiguous to the United States, and to natives of countries in Europe. Natives of countries in America, Asia, Africa, Australasia, and the islands of the seas will rarely require the use of column 10, as the country to which they belong will usually indicate sufficiently the race or people to which they belong. Natives of the United States, including Alaska, Hawaii, Porto Rico, and the Philippines, should be described as white, black (including mulatto), or Indian, according to the fact.

AFRICAN (BLACK).

African (black) refers to the Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this head.

ITALIAN (NORTH).

The people who are natives of that portion of Italy north of the basin of the River Po, in northern Italy, i. e., comprising the old Kingdom of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether coming from Italy, Switzerland, Austria, Hungary, or any other country, should be classed as Piedmontese. Most of this people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are natives of that portion of Italy south of the basin of the River Po, comprising the old Kingdoms of Tuscany, Papal States, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, whether coming from Italy [illegible].

Column [illegible].—The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that this column should show country of last permanent residence, and not country of birth, nationality, or race.

Aliens coming to the United States and not intending to remain in the United States, but to pass through in transit to Canada, Mexico, or the United States for country of last permanent residence should be described as "in transit."

Column [illegible].—The entry in column 11 should show the [illegible] to which each alien is going, as Chicago, Ill., Detroit, Mich., etc.

Column [illegible].—The entry in column 12 should show [illegible] possessed by each alien, as the case may be, and the amount of money in the possession of each alien. Where two or more aliens are members of the same family, the head of the family should not be divided among the several members thereof, but the total amount of money in the possession of the family should be stated in connection with the head of the family. The entry in column 12 should show [illegible] the United States, as Yes or No, as the case may be.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column — (age). — The return of age in column 5 should be expressed in years and months, the latter applying only to those under 1 year of age.

Column — (sex). — The entry in column 6 should be either M (male) or F (female).

Column — (married or single). — The entry in column 7 should be either M (married), S (single), Wd. (widow or widower), or D (divorced).

Column — (calling or occupation). — The entry in column 8 should describe as clearly as possible the occupation, trade, or profession of each alien at his arrival, as for example: Clerk, engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron polisher, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

Farmer. — Every person who operates a farm, either for himself or as a salaried superintendent or manager.

Farm laborer. — Any person who works on a farm for the man who operates it.

Second-class passengers should make this distinction in their manifests, and correction should be made if necessary by inspectors and registry clerks during the personal examination of aliens at arrival.

Aliens not intending to pass through and out of the United States should be recorded under heads of [illegible] intransit [illegible] but as subsequent entrants to the United States, and not intending to pass through it, should be classed as "United States" instead of [illegible].

Column — (can read and write). — Common sense subdivided and the entries therein should be either Yes (can read and write), No (can neither read nor write), or Yes, No (can read but not write).

Column — (nationality). — Column 9 should be answered by naming the country of which the immigrant last became a subject.

Column — (race or people). — The entry in column 10 should show the race or people of which each alien is a member.

Special attention should be paid to the distinction between race and nationality, as manifests are carefully revised by inspectors and registry clerks in the ports. For instance, [illegible] appearing on a manifest over the nationality column [illegible] opposite persons described [illegible] apparently [illegible] does not correspond [illegible] nationality. In cases where [illegible] Magyar, [illegible] should be given rather than the language of [illegible] Kingdom of [illegible] Hungary. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column [illegible].—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column [illegible].—The entry in column 4 should be either M (male) or F (female).

Column [illegible].—*Married or single.*—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D. (divorced).

Column [illegible].—*Calling or occupation.*—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, stove polisher, shoemaker, wood turner, etc., and not simply as engineer, polisher, mechanic, laborer, or other non-definite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who owns, hires, or rents a farm, either for himself or others.

A farm laborer is one who works on a farm, for the man who operates it.

Steamship companies should make the distinction between the manifests and corrections should be made by inspectors and immigrant clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under the head of occupation as "in transit." Those coming for a temporary sojourn in the United States, but not intending to pass through, in transit, should be classed as "tourists," under head of occupation.

Column [illegible].—*Can read and can not read.*—In this column 3 words should be used and the entries therein should be: "Can Yes," "Can not read and write," "Can No," "can neither read nor write," "Can Yes, Can not read but not write."

Column [illegible].—*Nationality.*—In this column should be inserted to name the country of which the alien is a citizen or subject.

Column [illegible].—*Race or people.*—The entry in this column should show the race or people to which each alien belongs, as given in the list of races or peoples on page following.

Special attention is called to the distinction between race and nationality, and immigration officers are especially required by inspectors and inspectors' assistants to see that the entries in this column are correctly made. Further, in case of persons coming from countries in which there are several races or peoples, the particular race or people to which each alien belongs should be shown, as for example: Persons coming from Austria-Hungary should be described as Bohemians, Croatians, Germans, Hebrews, Hungarians, Poles, Ruthenians (Russniaks), Slovaks, Slovenians, etc., and persons coming from Turkey in Europe should be described as Albanians, Armenians, Bulgarians, Greeks, Hebrews, Roumanians, Turks, etc. Persons coming from the British Provinces should be described as Canadians, English, Irish, Scotch, Welsh, etc., and persons coming from Mexico, Central America, South America, Cuba, and the West Indies should be described as Mexicans, Cubans, Spanish-Americans, West Indians, etc., according to the race or people to which they belong.

[illegible]

The [illegible] refers to the United States and Newfoundland.

[illegible]

[illegible] West Indies, except Cuba and Newfoundland.

[illegible]

[illegible] Central and South America, Mexico, and Cuba.

BAN (BLACK).

"African (black)" refers to all persons of African Negro blood whether coming from Cuba or other islands of the West Indies, Northern South America, Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classed under this heading.

BAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., comprising the provinces of Piedmont, Lombardy, Venetia and Emilia and their descendants, whether residing in Italy, Switzerland, America or elsewhere, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

BAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., comprising the provinces of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia, and their descendants, whether residing in Italy, Switzerland, America or elsewhere, should be classed as "Italian (south)."

Column [illegible].—*Last permanent residence.*—The entries in column 10 should show the country, and city or town, of each alien's last permanent residence. It is important for statistical purposes that these entries be made specifically and accurately, showing country of last permanent residence, and not merely country of emigration, province, or state.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as having the United States for country of last permanent residence.

Column [illegible].—*Final destination.*—The entry in column 11 should show definitely the place (city or town, if final destination is in the United States) to which each alien is destined.

[illegible] The entries in column [illegible] should show the name and complete address of the nearest relative or friend whom the alien has joined, or intends to join, in the country whence he came. The entry in column [illegible] should show the name, relationship, and complete address of the person to whom each alien in transit is destined.

[illegible] The entries in column [illegible] should show whether each alien is a prostitute.

[illegible] The entries in column [illegible] should show whether each alien is coming to the United States for any purpose or object other than those enumerated in the foregoing specific inquiries.

I, A. Wilhelmi, master of the S.S. Helle, from Bremen, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and oral examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, twenty-eight in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is an idiot, or insane person, or a pauper, or is likely to become a public charge, or is suffering from a loathsome or a dangerous contagious disease, or is a person who has been convicted of a felony or other crime or misdemeanor involving moral turpitude, or a polygamist, or an anarchist, or under promise or agreement, express or implied, to perform labor in the United States, or a prostitute, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Age).—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2 (Sex).—The entry in column 5 should be either M (male) or F (female).

Column 3 (Married or single).—The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

Column 4 (Calling or occupation).—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Cityborn engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 5 (Able to read and write).—Column 5 is subdivided and the entries therein should be either Yes or No. Yes can read and write. No. No can neither read nor write. Or Yes. No can read but not write.

Column 6 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7 (Race or people).—The entry in column 9 should show the race or people as given in the synopsis of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this respect. For instance, "France" appearing on a manifest does not necessarily mean "French" as race or people, and similarly "France" appearing on a manifest does not necessarily mean "France" in nationality. An alien who is a Jew, German, or Hungarian in race might properly come under the heading of United Kingdom, or any other country in connection with the remaining two columns could be specified.

JEWS.

The term "Jewish" refers to the Hebrew people and Negroes.

WEST INDIAN.

"West Indian" refers to the people of West Indies other than the Negroes.

CENTRAL AMERICAN.

"Central American" refers to the people of Central and South America and Mexico.

MAN (BLACK).

"African (black)" refers to the Negro whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

MAN (NORTH).

The people who are native to the valley of the River Po in northern Italy (i. e., comprising the departments of Lugaria, Piedmont, Lombardy, Venetia and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as Italian north. Most of these people speak a Gallic dialect of the Italian language.

MAN (SOUTH).

The people who are native to the section of Italy south of the bason of the River Po (i. e., comprising the departments of Leguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia) and their descendants, whether residing in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as Italian south.

Column 8 (Last permanent residence).—The entries in column 10 should show the last permanent residence. It is important, for statistical purposes, that steamship companies should show the last permanent residence, not merely country of last permanent residence, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as to their former residence in the United States, not country of last permanent residence abroad.

Column 9 (Final destination).—The entry in column 11 should show definitely the place, or city, of final destination.

[illegible] in this column as country of destination.

Columns 10 and 11 (Relatives).—The entries in columns 12 and 13 are to be made as follows:

Column 10.—The entry in column 12 should show whether the alien has a relative living in the United States, and if so, whether father, mother, husband, wife, brother, sister, son, or daughter, and the name of such relative.

Column 11.—The entry in column 13 should show the name in full of such relative in the United States, whether father or son, husband or wife, brother or sister, son or daughter, as stated in column 12. The object of these questions is to ascertain whether the alien is going to join a relative in the United States, and if so, whether he is supported by such relative or is dependent upon his own resources. The family should not be divided among the several States of the United States, and if any member of the family is going to another country than the United States, whether or not. Yes or No, in the United States, as stated in column 12, and the name in full of such relative, as stated in column 13. The object of these questions is to ascertain whether the alien is going to join a relative in the United States, and if so, whether he is supported by such relative or is dependent upon his own resources.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 2 (Age).—The return of age in column 2 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 3 (Sex).—The entry in column 3 should be either M (male) or F (female).

Column 4 (Married or single).—The entry in column 4 should be either M (married), S (single), W (widowed), or D (divorced).

Column 5 (Calling or occupation).—The entry in column 5 should describe as accurately as possible the occupation (trade or profession) of each alien on arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers* regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens, at arrivals.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 6 (Can read and write).—Column 6 is subdivided and the entries therein should be either Yes (Yes can read and write), Yes (Yes can read but not write), No (No can read but not write).

Column 7 (Nationality).—Column 7 should be construed to mean the country of which immigrant is a citizen or subject.

Column 8 (Race or people).—The entry in column 8 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and mistakes will be carefully revised by inspectors and registry clerks in this regard. For instance: Aliens appearing on a manifest should not be recorded simply as French, Irish, or people and similarly. People adjectives, as a rule, should not be used. Persons born in Ireland, Scotland, Wales, Germany, France, Hungary, Italy, Spain, Russia, Turkey, Greece, Portugal, Sweden, Norway, Denmark, Holland, Belgium, Switzerland, Australia, Canada, Mexico, Cuba, Porto Rico, Central and South America, Asia, Africa, and all other countries should be recorded according to their nationality. No abbreviations will be permitted. Persons born in the United States, but subjects of foreign countries temporarily residing here, should be recorded according to their nationality. Persons born in Canada, but of French, German, Irish, or other nationality, should be recorded as natives of their respective countries. Persons born in Mexico, but of Chinese, German, Spanish, or other nationality, should be recorded as natives of their respective countries. Persons born in Cuba, but of Spanish, German, or other nationality, should be recorded as natives of their respective countries. Persons born in Porto Rico, but of Spanish, German, or other nationality, should be recorded as natives of their respective countries. Persons born in Central and South America, but of Spanish, German, or other nationality, should be recorded as natives of their respective countries. Persons born in Asia, but of Chinese, German, or other nationality, should be recorded as natives of their respective countries. Persons born in Africa, but of German, French, or other nationality, should be recorded as natives of their respective countries. Persons born in Australia, but of German, French, or other nationality, should be recorded as natives of their respective countries. Persons born in Europe, but of German, French, or other nationality, should be recorded as natives of their respective countries.

AFRICAN (BLACK).

"African (black)" refers to all persons of African Negro, whether coming from Cuba or other islands in the West Indies, North or South America, Europe, or Africa. Any admixture of Negro blood should be classified under this heading.

ARMENIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., comprising the compartments of Piedmont, Lombardy, Venetia and Emelia and their descendants, whether resident in Italy, Switzerland, Austria, Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ARMENIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 9 (Last permanent residence).—The entries in column 10 should show the country, not city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, independent of country of temporary residence, nationality, or race.

Aliens who were formerly residents of the United States and are returning from a temporary visit abroad should be recorded on the manifests as United States for country of last permanent residence.

Column 10 (Final destination).—The entry in column 11 should show definitely the place or locality of final destination, [illegible] abroad, but this does not [illegible] destination.

Column 11 (Whether having friends or relatives paying passage, and whether in possession of $50 or more, and how much; if less than $50, how much; whether ticket is through or not to destination).—The entry in column 12 should be either Yes (ticket to destination) or No (ticket not to destination). The entry in column 13 should be either Yes or No. The entry in column 14 should show definitely whether the alien has a ticket through to destination, and if not, to what point. The entry in column 15 should show definitely whether the alien has paid for his passage, and if not, by whom the passage was paid, whether by himself, husband, father, brother, or other relative. The entry in column 16 should show definitely whether the alien has in his possession $50 or more, and if less than $50, how much. The entry in column 17 should show definitely whether the alien has in his possession $50 or more, and if less than $50, how much. The entry in column 18 should show definitely whether the alien has in his possession $50 or more, and if less than $50, how much. The entry in column 23 should show definitely whether the alien has in his possession $50 or more, and if less than $50, how much. The entry in column 24 should show definitely whether the alien has in his possession $50 or more, and if less than $50, how much. The entry in column 25 should show definitely whether the alien has in his possession $50 or more, and if less than $50, how much. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column One.—The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column Two.—The entry in column 5 should be either M. (male) or F. (female).

Column Three. Married or single.—The entry in column 6 should be either M. (married), S. (single), Wd. (widowed), or D. (divorced).

Column Four. Calling or occupation.—The entry in column 8 should describe as accurately as possible the occupation, trade, or profession of each alien, as actor, agent, baker, blacksmith, bricklayer, carpenter, clerk, cook, dressmaker, engineer, farmer, fireman, gardener, grocer, housekeeper, laborer, lawyer, locksmith, machinist, manufacturer, mason, merchant, miller, miner, musician, nurse, painter, peddler, physician, pilot, plasterer, plumber, porter, salesman, seamstress, servant, shoemaker, stonecutter, surgeon, tailor, tanner, tailoress, teacher, tinner, tinsmith, weaver, wheelwright, wife (if no occupation), or any other occupation, and not simply as laborer, polisher, or worker, unless absolutely no other occupation is followed.

A distinction should be made between persons who work at a trade and those who are employed in the unskilled labor of the same trade, as follows:

Carpenter, not laborer; cotton mill operative, not laborer; engineer, not fireman; iron worker, not laborer; machinist, not laborer; miner, not laborer; painter, not laborer; plumber, not laborer; stonecutter, not laborer; weaver, not laborer.

A distinction should be made between persons who work at a trade and those who are employed in the unskilled labor of the same trade, as follows:

Carpenter, not laborer; cotton mill operative, not laborer; engineer, not fireman; iron worker, not laborer; machinist, not laborer; miner, not laborer; painter, not laborer; plumber, not laborer; stonecutter, not laborer; weaver, not laborer.

Steamship companies should make this distinction on the manifests, and transportation officials should enforce it by inspectors and others acting during the actual embarkation of aliens.

Aliens proceeding in transit through the United States should be properly described, and the destination entered. Those coming only for a temporary visit to the United States, but not intending to pass through in transit, should be described as to their immediate destination.

[illegible] should show the name of the city, town, or village in the United States where the alien was last a resident. Where this is in the New York [illegible] or in Brooklyn, the street address should be given.

[illegible] should show the name of the country of birth. The name of the present government should not be used unless it is the same as the name by which the country was known when the alien left it. Austria-Hungary should be divided into Austria and Hungary; Turkey in Europe into Turkey, Bulgaria, Servia, Montenegro, Roumania, Greece, etc.; Russia in Europe into Russia, Finland, Poland, etc.; Turkey in Asia into Turkey, Armenia, Syria, Arabia, etc.

[illegible] should show the country to which the alien belongs, or of which he is a citizen or subject, as the case may be.

[illegible] should show the final destination of aliens not intending to remain permanently in the United States, and are returning to the countries whence they came. The entry in column 11 should show definitely the place to which each alien is destined, as far as known. If destined to the United States for a temporary visit, the entry should show the name of the city, town, or village in the United States to which destined. INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1 (Line). The return of ages in column 4 should be expressed in years or months, the latter only to the age of 1 year of age.

Column 2 (Sex). The entry in column 5 should be either M (male) or F (female).

Column 3 (Married or single). The entry in column 5 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4 (Calling or occupation). The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien at the time of arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmer* and *farm laborer*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make the listing from the manifests, and corrections should be made if necessary by inspectors and registry clerks during the personal examination of aliens, arrival.

Aliens intending to pass through and out of the United States should be recorded under heads of occupations as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as tourists, under head of occupation.

Column 7 (Can read and write). Column 7 is subdivided and the entries therein should be either Yes (Y) or No (N). Can neither read nor write, or Yes (Y) or No (N) in each of the words.

Column 8 (Nationality). Column 8 should be construed to mean the country of which the alien is a citizen or subject.

Column 9 (Race or people). The entry in column 9 should show the race or people to which each alien belongs, as enumerated.

Special attention should be paid to the distinction between race and nationality and entries should be carefully revised by inspectors and registry clerks in this regard. For instance, Finns, appearing on a manifest should not necessarily mean Finns in race or people, and therefore, French, appearing on a manifest does not necessarily mean Frenchmen in nationality. An alien who is born in Germany, of Hebrew extraction, should properly have entered the heading of United Kingdom, as many other countries [illegible] instructions to enter specially the exact

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 4—Age. The return of age in column 4 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5—Sex. The entry in column 5 should be either M (male) or F (female).

Column 6—Married or single. The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

Column 7—Calling or occupation. The entry in column 7 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply engineer, polisher, molder, turner, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of means shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens on arrival.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "in transit." Those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of occupation.

Column 8—Able to read and write. Column 8 is subdivided and the entries therein should be either Yes or No. Yes can read and write. Yes—No can neither read nor write. No—Can read but not write.

Column 9—Nationality. Column 9 should be construed to mean the country of which an alien claims to be a citizen or subject.

Column 10—Race or people. The entry in column 10 should show the race or people as given in the last column of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, Irishmen appear frequently as natives of Ireland, English, Scotch, Welsh, or Canadian, and Germans frequently as natives of Austria, Switzerland, or Germany. Persons of these races should be returned as Irish, English, Scotch, Welsh, German, etc., and not by the country in which they were born. Persons born in Ireland, Scotland, Wales, or Germany, who are of Irish, English, Scotch, Welsh, or German descent, should be returned as Irish, English, Scotch, Welsh, or German, as the case may be, and not as natives of Ireland, Scotland, Wales, or Germany. Persons born in the British Provinces of North America should be returned as Canadian, Acadian, Newfoundland, etc., as the case may be, and not as British, Scotch, Irish, etc., unless they are of Irish, Scotch, etc., descent, when they should be so returned. Persons born in Mexico, Central or South America, Cuba, or other countries, should be returned as Mexican, Central American, South American, Cuban, etc., as the case may be, and not as Spanish, unless they are of Spanish descent, when they should be so returned. Persons born in Bohemia, Austria, Hungary, Germany, Russia, Poland, Turkey, Greece, Italy, Spain, Portugal, Sweden, Norway, Denmark, Holland, Belgium, France, Switzerland, China, Japan, India, Africa, Australia, and other countries should be returned as Bohemian, Austrian, Hungarian, German, Russian, Polish, Turkish, Greek, Italian, Spanish, Portuguese, Swedish, Norwegian, Danish, Dutch, Belgian, French, Swiss, Chinese, Japanese, Hindu, African, Australian, and other nationalities, respectively, and not by the country to which they owe temporary allegiance. Distinctions as to race should be specially observed.

[illegible]

[illegible] refers to the Celtic people and Negroes.

[illegible]

[illegible] West Indies, [illegible] the West Indies other than Cuba and Negroes.

[illegible]

[illegible] Americans.

[illegible]

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ARMENIAN (SOUTH).

The people who are natives to the [illegible] in northern Italy and the compartments of Piedmont, Lombardy, Venetia, and Emelia and their descendants, whether residing in Italy, Switzerland, America, Hungary, or any other country, should be classed as "Italian, north." Most of these people speak a Gallic dialect of the Italian language.

ARMENIAN (SOUTH).

The people who are natives to that portion of Italy south of the basin of the River Po and the compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzes and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia and their descendants should be classed as "Italian, south."

Column 11—Last permanent residence. The entries in column 11 should show the country, and city or town of last permanent residence. It is important for statistical purposes that steamship companies should strictly observe the instructions to invariably show country of last permanent residence, and not country of nationality or race.

Aliens who have not a permanent residence in any country, other than the United States and are returning from a visit abroad, shall be recorded as from the United States for country of last permanent residence.

Column 12—Final destination. The entry in column 12 should show definitely the place, city or town of final destination in the United States, not intending to [illegible] such destination as contrasts by destination.

Column 13—Whether having a ticket through. The entry in column 13 should be [illegible] itself.

Column 14—Whether coming by himself or in family, and whether having money. The entry in column 14 should show [illegible] whose passage was paid by husband, father, brother, or other relative, [illegible] husband, father, brother, or other relative, [illegible] and if less, how much. The entry in column 14 should show whether each [illegible] or family, the exact amount of money [illegible] family should not be divided among the several [illegible]

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Columns 1 to 3. The names of each alien should be expressed in full, and initials will not be accepted. Surnames should be plainly distinguished from the given names.

Column 4. The entry in column 4 should be either M (male) or F (female).

Column 5. Married or single. The entry in column 5 should be either M (married), S (single), W (widower), or D (divorced).

Column 6. Calling or occupation. The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien at the time of arrival, as for example: Civil engineer, clerk, cook, carpenter, laborer, engineer, machinist, seamstress, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as "engineer, polisher, moulder, turner," or other indefinite designations.

A distinction should be made between a "farmer" and a "farm laborer," regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, whether he owns it or not.

A farm laborer is one who works on a farm for the native occupant of it.

Steamship companies should make their entries in the manifests as full and complete as possible. Such entries as "passenger," "cabin passenger," "steerage passenger," "clerk," or "waiter" are insufficient and unsatisfactory.

Aliens intending to pass through any part of the United States should be classified as "in transit" under head of destination. If transit through the United States but not intending to pass through, it should be classified as "in transit" under head of occupation.

Column 7. Able to read or not. Column 7 should be used to show the entries therein should be "Yes" or "No," and not "Y" or "N." No one can neither read nor write.

Column 8. Nationality. Column 8 should be construed to mean the country of which a person is a native or citizen.

Column 9. Race or people. The entry in column 9 should show the race or people to which each alien named thereon belongs.

Special attention should be paid to the distinction between the races and nationalities [illegible] Scotch, Irish, English, German, French, Italian, Spanish, Portuguese, Dutch, Flemish, Swedish, Norwegian, Danish, Russian, Polish, Finnish, Bohemian, Moravian, Slovak, Hungarian, Croatian, Dalmatian, Bosnian, Herzegovinian, Servian, Montenegrin, Greek, Roumanian, Syrian, Turkish, Armenian, Chinese, Japanese, Hindu, Korean, Mexican, Cuban, Porto Rican, West Indian, Scandinavian, Pacific Islander, East Indian, Arabian, African (black), and Negro.

AFRICAN (BLACK).

African (black) refers to the natives of Africa, Negroes from Cuba or other islands of the West Indies, Negroes from Central or South America whether coming from Cuba or other West Indian Islands or from Europe or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALY, NORTH.

The people who are native to that portion of Italy north of the River Po in northern Italy (i.e., comprising the provinces of Piedmont, Lombardy, Venetia, Liguria, Parma, Modena, and Emilia) and their descendants, whether born in Italy, Switzerland, America, or any other country, should be classed as Italian (north). Most of these people speak a Gallic dialect of the Italian language.

ITALY, SOUTH.

The people who are native to that portion of Italy south of the basin of the River Po (i.e., comprising the provinces of Tuscany, Umbria, the Marches, Latium, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia) and their descendants, whether born in Italy, America, or elsewhere, should be classed as Italian (south).

Column 10. Last permanent residence. The entries in column 10 should show the country of last permanent residence. It is important for statistical purposes that strangers coming to the United States for a temporary sojourn should be distinguished from persons coming to acquire a permanent residence. Care should be taken that the entry in column 10 should show country of last permanent residence, not country of temporary sojourn, nationality, or race.

Aliens having permanent residence in the United States and are returning from a temporary visit abroad should be described in column 10 as residents of the United States [illegible] country where last permanent residence was established.

Column 11. Final destination. The entry in column 11 should show definitely the place [illegible] intends to reside. [illegible] destinate by destination.

[illegible] The entry in column 11 should not be [illegible] State, but should show the name of the city or town [illegible] intends to reside or, if going to a farm, the name of the county and State where such farm is located. The same [illegible] should be given in case of [illegible] the case of [illegible] of persons shown [illegible] Money transmitted by the head of a family [illegible] should not be divided among the several [illegible] Persons [illegible]

[illegible] The entries in column 12 should show the country of birth of each alien named thereon. Where the birthplace is given as "England," "Scotland," or "Wales," the fact should be stated. Where the birthplace is given as "Austria," "Hungary," "Russia," or "Turkey," the entry should show the name of the province, state, or district in which the birthplace is situated, if known.

[illegible] The entries in column 13 should show whether each alien named thereon is going to join relatives or friends, and if so, whether they are in the United States, Mexico, Cuba, West Indies, Central America, South America, Europe, Asia, Africa, Australia, or Pacific Islands, and whether they are parents, grandparents, brothers, sisters, uncles, aunts, cousins, nephews, nieces, husband, wife, children, grandchildren, or other relatives, and the name and complete address of each relative or friend.

[illegible] The entries in column 14 should show whether each alien named thereon has paid his own passage or whether it was paid by other persons or by the government, and if by other persons or by the government, the name and complete address of the person or the department of the government by which the passage was paid.

[illegible] The entries in column 15 should show whether each alien named thereon has in his possession $50 in money or not, and if he has less than $50 in his possession, the amount that he has.

[illegible] The entries in column 16 should show whether each alien named thereon has been in the United States previously and if so, when and where.

[illegible] The entries in column 17 should show whether each alien named thereon has been in prison or in almshouse or asylum, or supported by charity, and if so, which.

[illegible] The entries in column 18 should show whether each alien named thereon is a polygamist, or practices polygamy, or believes in or advocates the overthrow by force or violence of the Government of the United States, or of all forms of law, or the assassination of public officers, or is an anarchist, or is coming to the United States in pursuance of any agreement to perform labor, skilled or unskilled, or is coming for any other purpose.

[illegible] The entries in column 19 should show whether each alien named thereon is a married woman, and if so, whether her husband is in the United States or has preceded her to the United States, and if so, where he is or was last known to be.

[illegible] The entries in column 20 should show whether each alien named thereon is under 16 years of age, and if so, whether he is going to the United States with father, mother, or other relatives, and if so, with whom he is going.

[illegible] The entries in column 21 should show whether each alien named thereon is over 60 years of age, and if so, whether he is going to the United States with children, grandchildren, or other relatives, and if so, with whom he is going.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1, Age.—The return of age in column 5 should be expressed in years, or months, the latter applying only to those under 1 year of age.

Column 2, Sex.—The entry in column 2 should be either M (male) or F (female).

Column 3, Married or single.—The entry in column 3 should be either M (married), S (single), Wd (widowed), or D (divorced).

Column 4, Calling or occupation.—The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron worker, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *farmer* and *farm laborer*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction in the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of such arrivals.

Aliens intending to pass through and out of the United States should be recorded under the head of occupations as "in transit." Those coming only for a temporary sojourn in the United States but not intending to pass through in transit should be classed as tourists, visitors, board of education, etc.

Column 5, Can read or write.—Column 5 is self-explanatory. The entries therein should be either Yes (or Y) or No (or N), and neither read nor write, Yes (or Y) should be entered only when the person can both read and write.

Column 6, Nationality.—Column 6 should be construed to mean the country to which each person belongs or owes allegiance, as a rule, and not necessarily the country from which he comes or in which he has resided.

Column 7, Race or people.—The entry in column 7 should show the race or people as given in the list on the left-hand side of each manifest sheet.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, Finns appear to the casual observer to be of the Mongolian race, whereas they belong to the Caucasian race. Again, Scotch, Welsh, English, Irish, and Canadians may all be of the Anglo-Saxon race, while a citizen of the United States may be of the Hebrew race. Greeks might be of the Slavonic race, whether they hail from Greece or Turkey in Europe or Turkey in Asia. Germans may be of the Hebrew race, and Russians may be of the Finnish race, and so on.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1, Age. The return of age in column 1 should be expressed in years or months, the latter appearing only in case under 1 year of age.

Column 2, Sex. The entry in column 2 should be either M, male, or F, female.

Column 3, Married or single. The entry in column 3 should be either M, married, S, single, Wd, widowed, or D, divorced.

Column 4, Calling or occupation. The entry in column 4 should describe as accurately as possible the occupation, trade, or profession of each alien, on arrival, as for example, Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron moulder, wood turner, etc., and not simply as engineer, polisher, moulder, turner, or other indefinite designations.

A distinction should be made between *laborers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens at ports.

Aliens intending to pass through and out of the United States should be recorded under head of occupation as "In transit"; those coming only for a temporary sojourn in the United States but not intending to pass through in transit should be classed as "Visitors" under head of occupation.

Column 5, Can read. Column 5 should be interpreted and the entries therein should be either Yes or No. Yes can read and write. No, No can neither read nor write. or Yes, No can read but not write.

Column 6, Nationality. Column 6 should be construed to mean the country in which immigrants are citizens or subjects.

Column 7, Race or people. The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and manifests returned by inspectors and registry clerks in this regard.

For instance, Persian, although a nationality, is not commonly known as a race or people, and includes Finns, although a nationality, does not necessarily mean France. [illegible] Americans. An alien who is a native, citizen, or subject of Great Britain or Ireland must be described as an Irish subject, a Scotch subject, or an English subject, according to the fact, and not merely as a subject of Great Britain, and Scotch, Irish, and English should be specially observed.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e. comprising the compartimenti of Piedmont, Lombardy, Venetia, and Emilia, and their descendants, whether living in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to the portion of Italy south of the basin of the River Po, i. e. compartimenti of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants, should be classed as "Italian (south)."

Column 8, Last permanent residence. The entries in column 8 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence, and not merely country of emperor, race, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as from the United States for country of last permanent residence.

Column 9, Final destination. The entry in column 9 should show definitely the place—town or city—of final destination.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

Column 1. (Age).—The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 2. Sex.—The entry in column 4 should be either M (male), or F (female).

Column 3. Married or single.—The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 4. Calling or occupation.—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien on arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other indefinite designation.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A *farmer* is one who operates a farm, either for himself or others.

A *farm laborer* is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

All intending to pass through and out of the United States should be recorded under head of "occupation as "in transit," those coming only for a temporary sojourn in the United States, but not intending to pass through in transit, should be classed as "tourists" under head of "occupation."

Column 5. Able to read and write.—Column 5 is subdivided and the entries therein should be either Yes. Yes can read and write. No. No can neither read nor write, or Yes. No can read but not write.

Column 6. Nationality.—Column 6 should be construed to mean the country of which immigrant is a citizen or subject.

Column 7. Race or people.—The entry in column 7 should show the race or people as given in list on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance: France appearing on a manifest does not necessarily mean French by race or people, nor Germany, French, appearing on a manifest does not necessarily mean France by nationality. So also words Irish, German, or Hebrew as race ought to be distinguished from the heading of United Kingdom or any other country, in like manner. Unless otherwise directed the following descriptions should be specially observed.

[illegible]

The term "Cuban" refers to the people of Cuba not Negroes.

[illegible]

"West Indian" refers to the people of the West Indies other than Cuba, not Negroes.

[illegible]

"African (black)" refers to the pure Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates an admixture of Negro blood should be classified under this heading.

[illegible]

The people who are native to the part of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emelia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

[illegible] (SOUTH).

The people who are native to the part of Italy south of the basin of the River Po, i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 10. Last permanent residence.—The entries in column 10 should show the country (preferably or form of last permanent residence. It is important for statistical purposes that strictly comparable data be secured, i. e., show country of last permanent residence independent of country of temporary sojourn, nationality, or race.

Aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded on the manifest as United States for country of last permanent residence.

Column 11. Final destination.—The entry in column 11 should show definitely the place (city or town) of final destination.

[illegible]

Column 13. Whether ever before in the United States.—The entry in column 13 should be either Yes or No. Yes. Yes. No. No.

Column 14. Whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address.—The entry in column 14 should show definitely the name, relationship, and complete address of the relative or friend to whom the alien is going, as for example, John Smith, husband, 1234 Main street, Philadelphia, Pa. The entry in column 14 should not be confined to the mere statement that the alien is going to a relative or friend, and if going to a city, the street address should be given, if possible.

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR No. 43.

SPECIAL INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

The information returned on the manifest (Forms 1500, 1500 A, and 1500 B (new numbers 599, 599 A, and 599 B)), so far as it relates to alien arrivals (including those in transit and steerage), should be made in accordance with the following classifications. The number of the column or [illegible] as manifested is given in these special instructions and is followed, in parentheses, in all cases up to and including column 16, by a descriptive title indicating briefly the subject to which it relates.

Column 3 (Age).—The entries of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex).—The entry in column 4 should be either M (male), or F (female).

Column 5 (Married or single).—The entry in column 5 should be either M (married), S (single), W (widowed), or D (divorced).

Column 6 (Calling or occupation).—The entry in column 6 should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood carver, etc., and not simply as engineer, polisher, molder, carver, or other indefinite designations.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write).—Column 7 is subdivided and the entries therein should be either Yes—Yes (can read and write). No—No (can neither read nor write), or Yes—No (can read but not write).

Column 8 (Nationality).—Column 8 should be construed to mean the country of which immigrant is a citizen or subject and not country of last permanent residence.

Column 9 (Race or people).—The entry in column 9 should show the race or people as given in liability to service side of alien manifest.

Special attention should be paid to the distinction between *nationality* and *race or people*, and manifests should be carefully revised by inspectors and registry clerks in this regard. For instance, "Finnish" as meaning race does not necessarily mean "Russian" by nationality, and similarly "Scotch" as meaning race does not necessarily mean "British" by nationality. So a Syrian is a Turk, Armenian, or Hebrew by race and should properly come under the heading of Hebrew if Armenian or any other country by nationality. In this connection the following observations should be especially observed:

[illegible]

The term "Hebrew" refers to the Oriental people (not Negroes).

[illegible]

"West Indian (race)" refers to the [illegible]

"Spanish-American" refers to the people of Central and South American of Spanish descent.

[illegible]

"African (black)" refers to the black races, whether coming from Cuba or other islands of the West Indies, North or South America, Europe or Africa. Any alien whose appearance indicates an admixture of negro blood should be classified under this heading.

[illegible]

The people who are native to the basin of the River Po in northern Italy (i. e., compartimenta of Piedmont, Lombardy, Liguria, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these [illegible] speak a Gothic dialect of the Italian language.

[illegible] (south).

The people who are native to the [illegible] south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, Umbria, Marches, Latium, Abruzzi, Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants, should be classed as "Italian (south)."

Column 10 (Last residence).—The entry in column 10 should show the country, and city or town of last permanent residence, as distinguished from previous entry, or born.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of [illegible]

Column 12 (Whether having a ticket to such final destination).—The entry in column 12 should be either Yes (ticket) or No (no ticket).

Column 13 (By whom was passage paid).—The entry in column 13 should show definitely by whom passage was paid, if self, husband, father, mother, or other relative, friend, steamship company, etc.

Column 14 (Money in possession of the alien or group (not less than $30)).—The entry in column 14 should give in each case [illegible] or [illegible] the exact amount of money shown.

Money brought by the head of a family [illegible] not be divided among the several members of the family.

Column 15 (Whether ever before in the United States, and if so, when and where).—The entries in column 15 should show [illegible] or Yes or No in the United States before, and Yes (for first or previous [illegible]

Column 16 (Whether going to join a relative or friend, and if so, what relative or friend, and his name and complete address).—The entry in column 16 should be as specific as possible, and should show [illegible] or friend, and his name and complete address, including [illegible]

Column 17 (Whether going to join a relative or friend in any specific place in the United States, and if so, what place).—The entry in column 17 should be as specific as possible, and should show [illegible] or friend in the United States, and the name and complete address of such relative or friend.

Column 18 (Whether in possession of $50 and if not, how much).—The entry in column 18 should show [illegible] or No (no money), and if the former, the exact amount of money shown.

Column 19 (Whether ever in prison or almshouse or supported by charitable organization; if so, what and why).—The entry in column 19 should show [illegible] or No (not in prison, almshouse, or supported by charitable organization), and if the former, the cause.

Column 20 (Whether a polygamist).—The entry in column 20 should be either Yes or No.

Column 21 (Whether coming under contract or agreement to perform labor in the United States, and if so, what kind of labor).—The entry in column 21 should be as specific as possible, and should show [illegible] or No (no contract or agreement), and if the former, the kind of labor.

Column 22 (Whether an anarchist).—The entry in column 22 should be either Yes or No.

Column 23 (Whether coming for any purpose or object other than those named).—The entry in column 23 should be either Yes or No, and if the former, the purpose or object.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or others.

A farm laborer is one who works on a farm for the man who *operates* it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspector and registry clerks during the personal examination of alien arrivals.

Column 10 (Last residence).—The entry in column 10 should show the *country*, and *city or town* of last permanent residence, instead of the province, city, or town.

Column 11 (Final destination).—The entry in column 11 should show definitely the place (city or town) of final destination.

In this connection the following distinctions should be specially observed:

EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR No. 43.

SPECIAL INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

The information returned on the manifest [Forms 1500, 1500 A and 1500 B, new numbers 500, 500 A, and 500 B], so far as it relates to all persons including those in transit and tourists, should be made in accordance with the following classifications. The number of the column on the manifest is given in these special instructions and is followed, in parentheses, in all cases up to and including column 16, by a descriptive title indicating briefly the subject to which it relates.

Column 3 (Age). The return of age in column 3 should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (Sex). The entry in column 4 should be either M (male) or F (female).

Column 5 (Married or single). The entry in column 5 should be either M (married), S (single), Wd. (widowed), or D (divorced).

Column 6 (Calling or occupation). The entry in column 6 should describe as accurately as possible the occupation of each person of over fifteen years of age, as, for example, civil engineer, stationary engineer, mining engineer, mechanical engineer, machinist, shoemaker, cabinetmaker, tailor, seamstress, etc., and not simply as engineer, mechanic, tailor, tailoress, or other indefinite designation.

A distinction should be made between *farmers* and *farm laborers*, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either his own or that of others.

A farm laborer is one who works on a farm for wages, the boss who operates it.

Steamship companies should make the above distinction in the manifests and corrections should be made, if necessary, by the inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (Able to read and write). Column 7 should be ruled and the entries therein should be either Yes or No. Yes can read and write, No—No, cannot either read or write, or Yes, No can read but not write.

Column 8 (Nationality). Column 8 should be construed to mean the country of which the immigrant is a citizen or subject and not country of last permanent residence.

Column 9 (Race or people). The entry in column 9 should show the race or people as given at foot on reverse side of alien manifest.

Special attention should be paid to the distinction between race and nationality and statements should be carefully revised by inspectors and registry clerks at this regard. For instance, "France" appearing on a manifest does not necessarily mean "French" by race or people, and similarly "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is a Teuton, or Hebrew by race may be properly come under the heading of United Kingdom or any other country by nationality. In this connection the following descriptions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people and Negroes.

WEST INDIAN.

"West Indian" refers to the people of the West Indies, except Cuban and Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro whether native to Cuba or the islands of the West Indies, North or South America, Europe or elsewhere. Any alien whose appearance indicates an admixture of negro blood should be classified under this head.

ITALIAN, North.

The people who are native to the territory of the Republic of Italy, comprising the provinces of Piedmont, Lombardy, Venetia and Liguria, and the Italian-speaking people residing in Tyrol, Switzerland, Austria-Hungary, France, and elsewhere, should be known as "Italian, north." Many of the people from the Provinces of Trentino, Istria, Dalmatia, and Fiume are of Slavic origin and should be classed as "Slavic."

ITALIAN, South.

The people who are native to that portion of Italy south of the northern boundaries of the compartimenti of Lazio, Tuscany, Marches, Umbria, Latium, Abruzzi, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, should be classed as "Italian, south."

Column 10 (Last residence). EXTRACT FROM DEPARTMENT OF COMMERCE AND LABOR CIRCULAR No. 43.

SPECIAL INSTRUCTIONS FOR FILLING ALIEN MANIFESTS.

The information required on the manifest (Forms 1500, 1500 A, and 1500 B, new numbers 500, 500 A, and 500 B) refers particularly to all arrivals, including those in transit and tourists, should be made in accordance with the following classifications. The number of the column in the manifest is given in the special instructions and is followed, in parentheses, by all cases to and including column 16, by a descriptive title indicating briefly the subject to which it relates.

Column 4 (age). The information as to age in column 4 should be expressed in years or months, the latter applying to infants under 1 year of age.

Column 5 (sex). The entry in column 5 should be either M (male) or F (female).

Column 6 (married or single). The entry in column 6 should be either M (married), S (single), W (widowed), or D (divorced).

Column 7 (calling or occupation). The entry in column 7 should describe as accurately as possible the occupation in trade or profession of each alien on arrival, as for example: "civil engineer," "stationary engineer," "mining engineer," "oil-mill engineer," "steel-rail roller," "moldmaker," "wool farmer," "coal and iron supply as engineer," "painter," "mason," or other trade into which he emigrates.

A distinction should be made between *servants* and *farm laborers*, regardless of the amount of money shown, as follows:

Servant is one who operates a private household for another or others.

Farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make the distinctions in the manifests and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of aliens on arrivals.

Column 8 (can read and write). Column 8 is subdivided and the entries therein should be Yes, Yes, or Yes, No, according to the ability of the alien to read and write, or Yes, No, or No, No, if he can neither read nor write.

Column 9 (nationality). The entry in column 9 should show the country of which the alien is a citizen or subject and not country of last permanent residence.

Column 10 (race or people). The entry in column 10 should show the race or people as given in the list of races or peoples of alien immigrants.

Special attention should be paid to the distinction between race and nationality and manifests should not be accepted by inspectors and registry clerks in this regard. For instance, "French" appearing on a manifest does not necessarily mean "French" by race or people, and neither does "French" appearing on a manifest does not necessarily mean "France" by nationality. An alien who is Jew, German, or Hebrew by race might properly come under the heading of United Kingdom or any other country by nationality. In this connection the following distinctions should be specially observed:

CUBAN.

The term "Cuban" refers to the Cuban people of Negroes.

WEST INDIAN.

West Indian refers to the people of the West Indies other than Cuba, not Negroes.

SPANISH-AMERICAN.

"Spanish-American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, North or South America, Europe, or Africa. Any alien whose appearance indicates mixture of negro blood should be classified under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy, i. e., compartments of Piedmont, Liguria, Lombardy, Venezia, and Emilia, or their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Many of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po, i. e., compartments of Lucca, Tuscany, Marches, Umbria, Latium, Abruzzo, Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia, and their descendants should be classed as "Italian (south)."

Column 11 (last residence). The entry in column 11 should show the *country and city or town* of that person's actual residence, instead of the province, city, or town.

Column 12 (final destination). The entry in column 12 should show definitely the place (city or town or locality) intended.

Column 13 (whether going to join relative or friend, and if so, what relative or friend, and name and complete address of such relative or friend). The entry in column 13 should show definitely by whom passage was paid, as if husband, father, brother, or other relative, friend, steamship company, etc.

Column 14 (whether in possession of $50 and if less than $50, how much). The entry in column 14 should give in every case the actual or family, the exact amount of money shown.

Money brought in the head of a family should not be divided among the several members of the family.

Column 15 (whether ever before in the United States, and if so, when and where). The entries in column 15 should show whether Yes or No in the United States before, and if so, the year or period and the city or town, as 1894 N. Philadelphia.

Column 16 (whether a prepaid or a debt ticket, or whether coming in part prepaid and in part debt). The entry in column 16 should show whether a prepaid or debt ticket, and if so, what relative or friend paid or contracted to pay for it.

Column 17. The answers to questions in this and subsequent columns are subject to revision by any inspection officer in the examination of aliens.
